HUNTINGTON BEACH

Cauldron

The Many Facets Of Our 75th Year

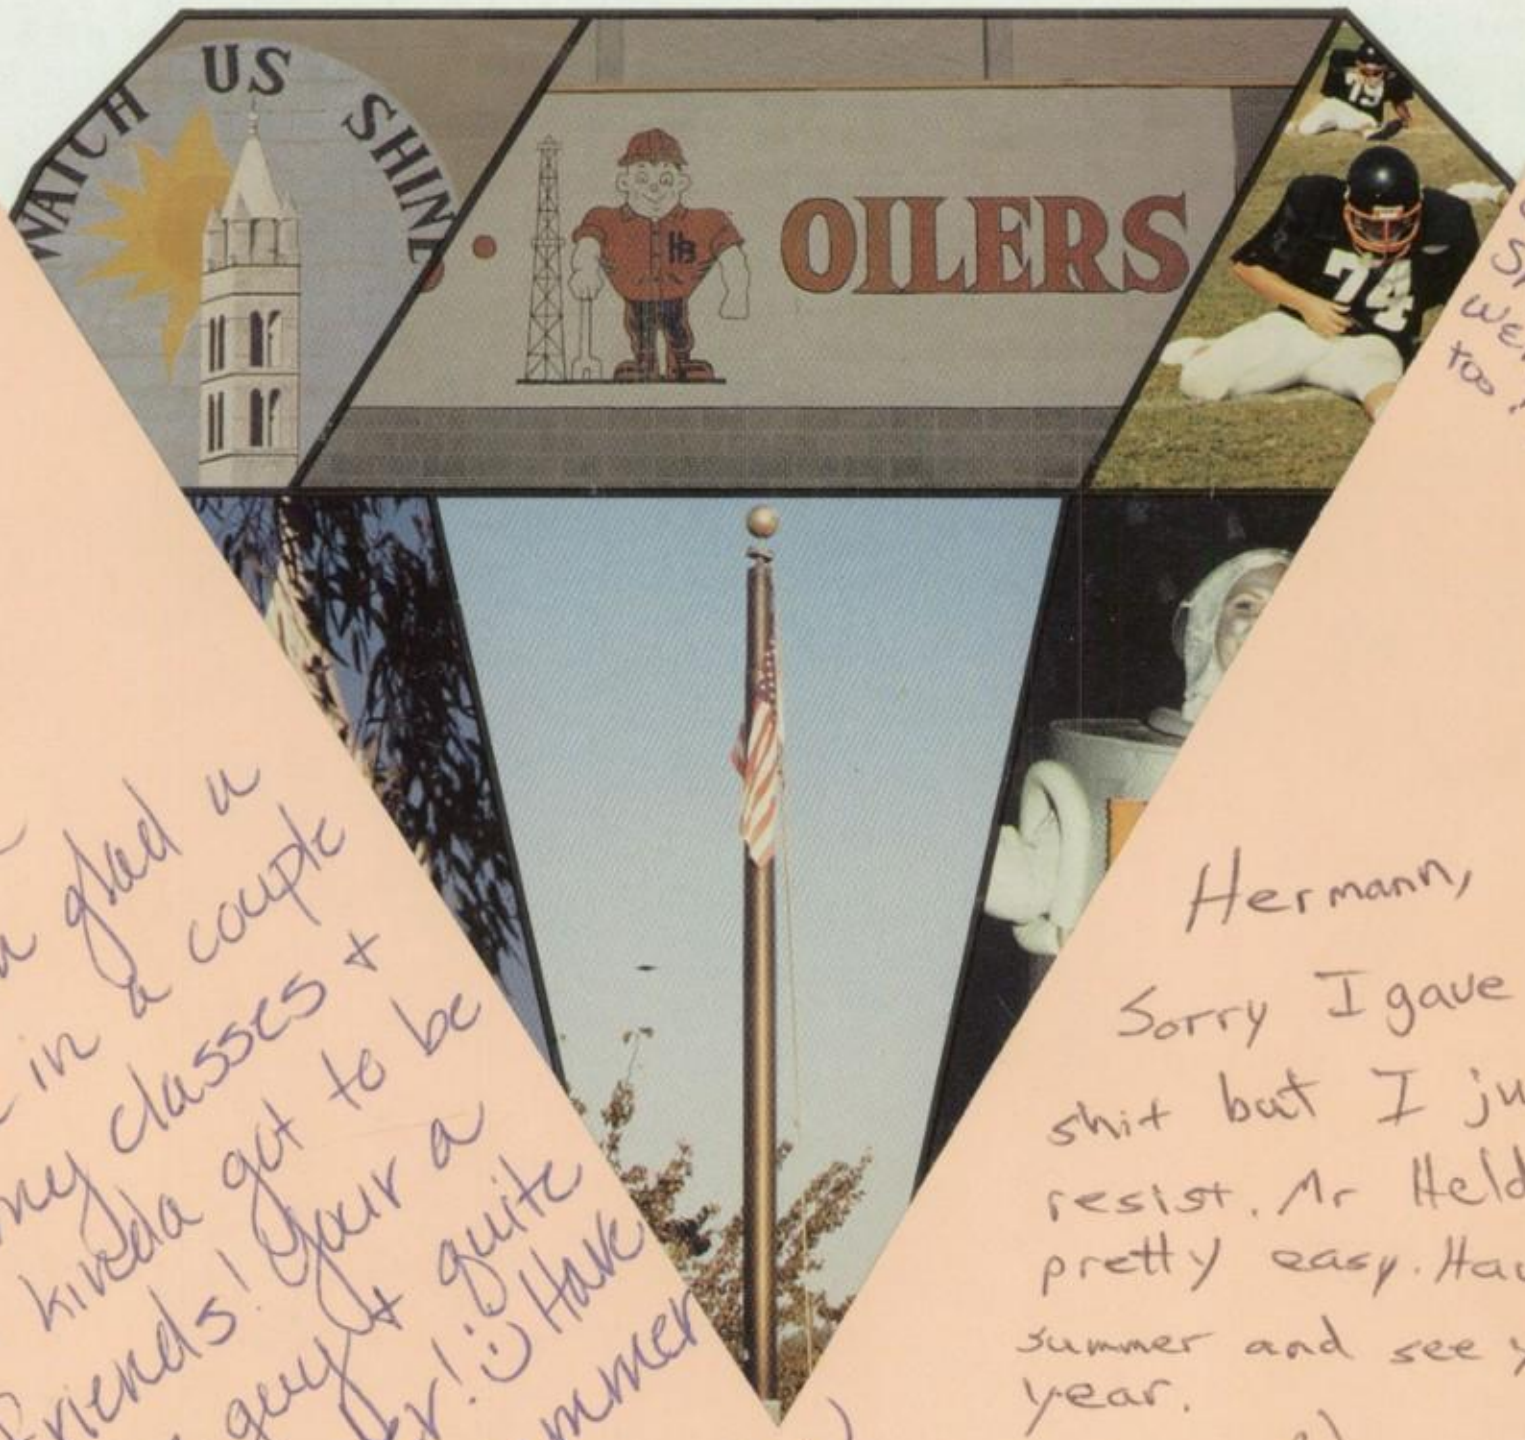
Mike,
hey cutie -
I loved aiding
with you in the
office, and joking
around. You're a
very special person,
and understand a lot
of girl's problems.
Have a nice summer -
Love always (^.^)
Kelli (^)

Mike,
its been really fun having
you in 3rd period. You
are really nice. I hope
you have fun during the
summer and maybe I
will see you next year. To
bad about you sister.

Friends,
Traci
Valoff

Herman!
Have a great Summer
and it was cool having
you in ~~second~~ third period.
Paul
Wright

Mike, It's been
real & It's been
fun. But it
hasn't been real
fun. Hope just
well till 87'
graduation. Have
a wilder summer
See ya,
Heidie
87'



Love ♡ Tina ☮ ✝

Hi Pain,
So whats up ! Have gotten a date With Lara yet? She wierd but oh well your strange too ! Have a good one.
Jay

Mike ~
I'm glad u we're in a couple of my classes + we kinda got to be friends! Your a nice guy & quite the styler! :) Have a great summer
Love
Leah Lawton

Hermann,
Sorry I gave you so much shit but I just couldn't resist. Mr Helds class was pretty easy. Have a great summer and see you next year.
Dan Brummett

Mike.
See you in the surf!
Jeff Jones

The Huntington Beach High School student body has many brilliant facets. Though the facets are different colors, shapes, and sizes, they blend together to form something as strong and intricate as an exquisitely cut diamond. The music, styles, attitudes of the 80's, sports, organizations, and the clubs are just a few of our unique facets.

The durable and everlasting diamonds are like the many students that have attended H.B.H.S. The ambition, the pride, and the striving for success that they have given these past 75 years will continue contributing to the ***next*** *75 years.*

On 75 Wonderful Years

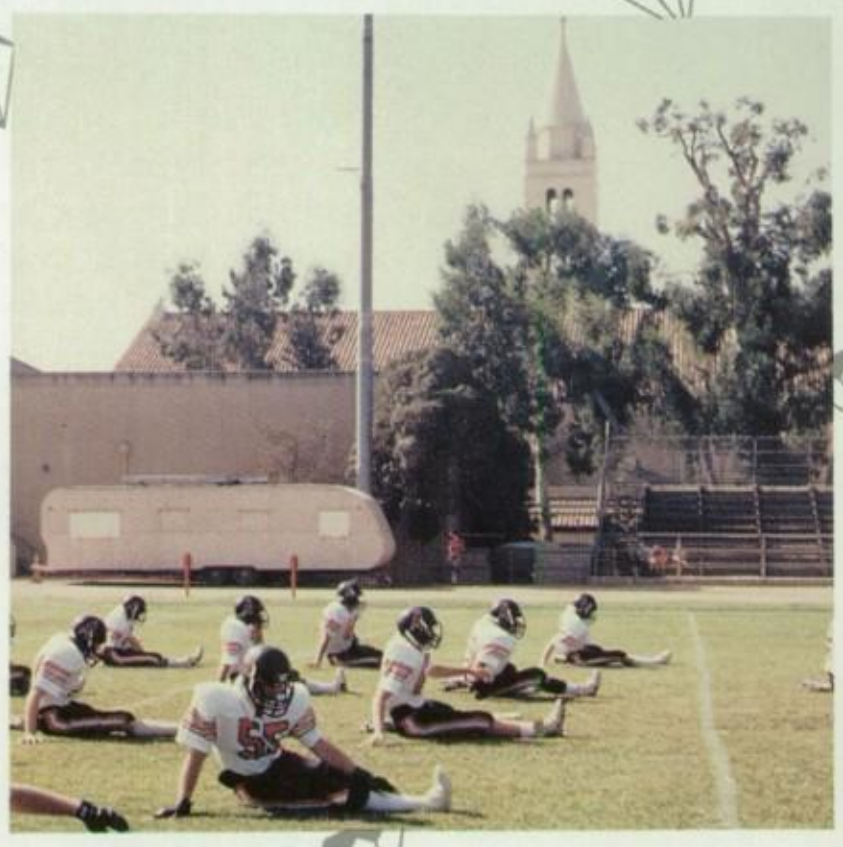
(Opposite page) Kevin Marlin and Eric Lorenzen discussing afternoon plans. (Middle, bottom) June Yusi (better known as J-ello Junior), Randy Parsons, and Dwight Velarde popping at lunch in the quad. (Top) Stefani Gretel resting after a strenuious day of school! (Bottom) When 4th period is over H.B.H.S. students crowd the lunch lines like hungry tigers!!

Traditions We Follow . . .

One facet of Huntington Beach High School is our unusual school colors- ***Orange*** *and* ***Black.*** *Why do we have these strange colors, you ask? Possibly because they symbolize the city of Huntington Beach and the citys' history. We live in Orange County and California is popular for a delicious citrus fruit of that color.* ***Orange*** *is also the main color of our Pacific sunsets. Huntington became the wealthy town it is today when oil was first drilled here in 1920.* ***Black*** *is the color of the liquid which brought money and people to this area.*

When strangers see our colors their first impression is "Ooh, yuck, it looks like Halloween"!

After they see OILER pride they understand. Oilers thrive on ***Orange*** *and* ***Black.*** ***Orange*** *is bright; it jolts you awake on Monday mornings; it's refreshing; it's alive!* ***Black*** *is mysterious; exciting, like our futures; and it's traditional, like a romantic photograph. This is also the year that "good guys wear Black". When Oilers wear* ***Orange*** *and* ***Black*** *people know we're not ordinary, we are stupendous, we stand out! Thus,* ***Orange*** *and* ***Black*** *seem only natural to represent the proud Huntington Beach Oilers!*



(Opposite page, top left) Natalie Oslin talking with friends, on Club Day, about the different clubs on campus. (Middle, left) Practicing every day gets the Varsity football team in shape for upcoming games. (Left, bottom) Mike Kelly and John Gregory think Huntington High is awesome! (Middle, bottom) Keri Enriquez, the Commissioner of Activities, and Jeff Scott introducing the boat rowing contest on Columbus Day.

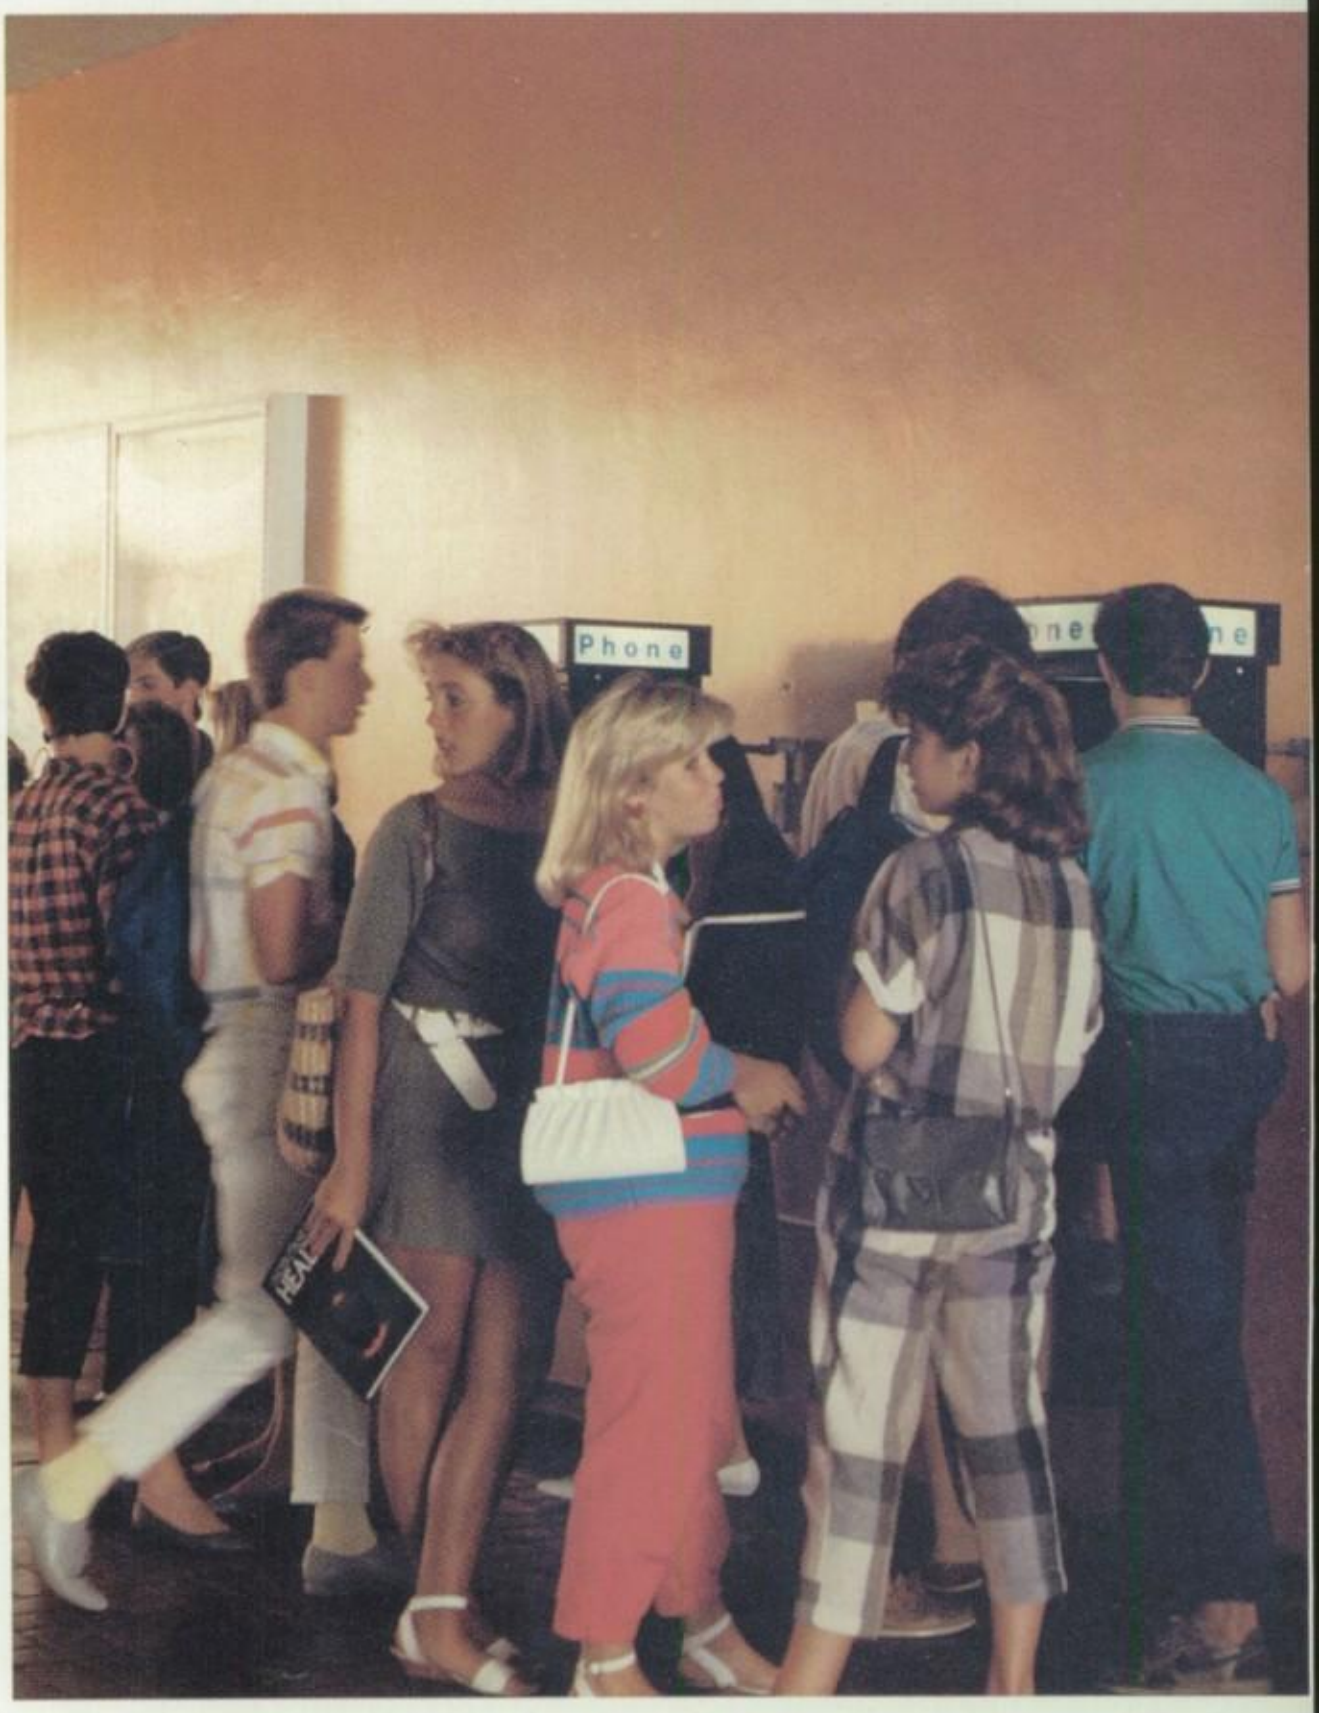
School Days We Treasure . . .

Making Friends

The first day of school is a very important one, especially for seniors. To seniors, the first day of school marks the end of a part of their lives. They start to wonder what life after high school holds for them.

For everyone else, it marks the first day of a new school year. Students can see old friends and make new ones. It is also nice to see teachers you have had, and also meeting new ones.

However, the first day of school can be very exciting for freshmen. When high school is brand new, it is very hard to know what to expect. New friends, and happy experiences are what everybody should expect.



(Upper Right) These freshmen are curious what high school life will be like. (Left) The phones were busy after the first day of school. (Opposite page, upper left) Just one more kiss before class. (lower left) Kara shows Rhonda how much she cares. (upper right) Erin and Stacy make weekend arrangements. (lower right) Sandy, Vanessia, Patty, and Kelly know they can lean on each other.

That Last Forever

Throughout our lives, we will meet new people. Some may become good friends and others will simply be acquaintences and fond memories. The friendships we created in high school shall become the most important relationships for the rest of our lives.

Making friends, consists of hard work, truth, and honesty. Things which come to us only after hard work. When we put out an honest effort, we in turn receive a valuable prize. A true friend.

Sharing Our Lives

Passing time consists of seven minutes of free time on Huntington Beach High School campus. Students are free to socialize in the commons, or go to their lockers to get their lunch they can't wait to eat.

Students are however, required to be on time to their next class. That's where the new tardy policy comes into effect. Three tardies, and you can get a hour of detention. It's definitely not worth it.

Passing time is very important to those of us who like to catch up on all the latest goss:p. Important school events are also discussed at this time. Teachers, and Administrators don't understand that it takes longer than seven minutes to get all of this important business done.

(upper left) Theresa's friends sharing lunch. (upper right) John and Michelle discuss an upcoming test during break. (lower right) Students rush through commons during passing time. (opposite page top) Eddy, Colin, and Kyle enjoy Olympic activities. (left) Deanne is carrying supplies for a month while in Montana. (lower right) Laura gets ready to ascend on her skies at Lake San Antonio.

With Each Other

Our world holds so much for curious people. Summer vacations are a good chance to expand our horizons and reach for serious goals. One place Oilers visited this summer was of course the games of the 23rd Olympiad, which were held in Los Angeles. Others went to Palm Springs, Hawaii, or a student tour of Europe.

Traveling and seeing the world are two very good ways to expand our knowledge. When we are young, our ability to learn is agile. This is the best time to investigate the future, and understand the past.

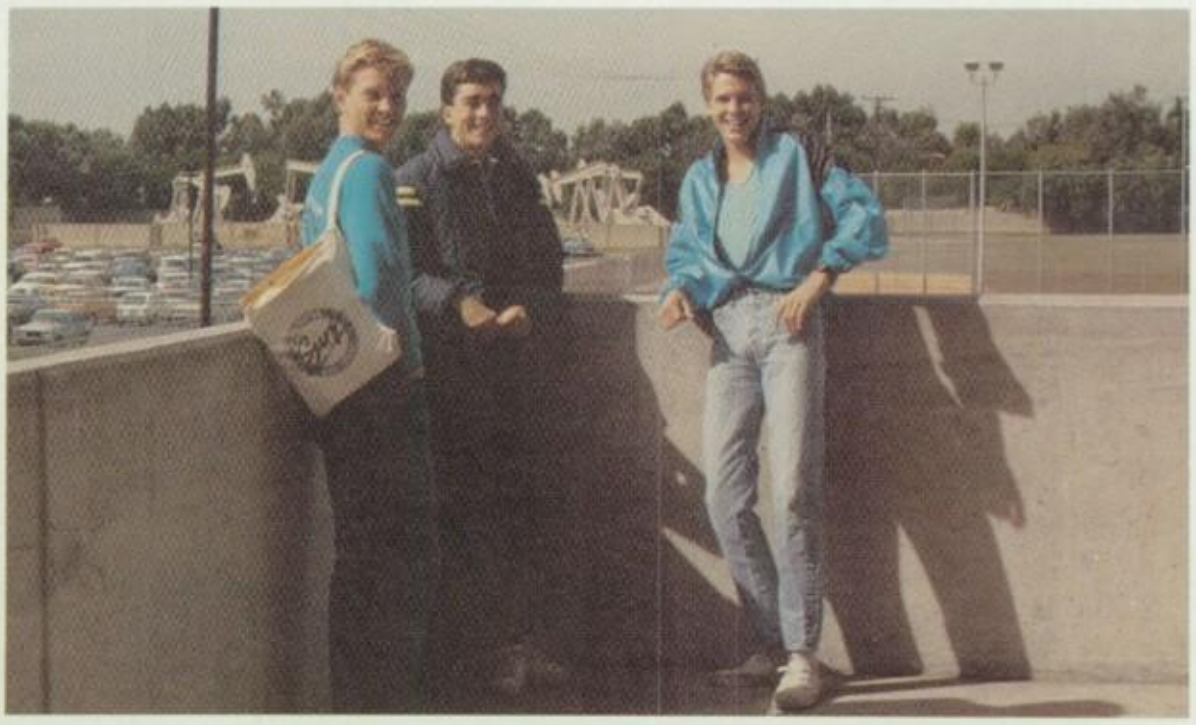
Spending Our Time

"Yeah, it's Friday, the best night of the week. T.G.I.F."! You could probably hear that or something like that on every school campus at the end of each week; Huntington included. Friday mornings were usually spent deciding what to do that night. Everyone wanted to make plans with their friends for Friday night. H.B.H.S. has always had so many different students; each has had their various activities they've enjoyed doing after school was out.

The movies were a popular place to go on Friday nights (they still are). For some the movies were "their" hangout. Maybe after the movie everyone would head over to a local party. (There was always someone having one.) Sometimes Friday meant a special date with that "special someone"! Old World was a gathering place for those who liked to dance. There were also crowds at Studio K and Circle City getting in step. Cruising down P.C.H. with a group of friends was something most of us enjoyed doing on Friday nights.

The weekends were well worth waiting for. When Monday arrived no one minded, too much, because that gave us five days to plan our attack on the next Friday night!

Together . . .



(Opposite page) Having some fun, the second load of the Seal Beach crew. (Middle) Randy Folker, Jeff Lamperts, Jeff Scott, and Andres Luzio, showing off their fine form. (Top) A kiss for being such a sweetie. Tracy Jago and Brian Candall. (Right) Waiting for class to start, Seth Wolford, Curtis Fowler, and Kevin Schneelock.

The Senior class has always been a high point at H.B.H.S. Back in 1910, the Senior class had only five girls and one boy. They easily represented the upperclassmen with a sophisticated and responsible image. They were the role models of the other students. Today though the number in the Senior class is in the hundreds. They are still sophisticated and responsible but also very unique in each of their own individual ways. The Senior class has remained the most "adult" of the student body.

Making Prints

Mike Fleck is an eighteen year old senior at H.B. He and his partner, Chris Wakula, also a senior, silk screen for record stores, bowling clubs, and baseball teams. Mike runs his business out of his garage. He hopes to earn enough from silk-screening to buy a warehouse.

Mike earns about three-hundred dollars a week toward his goal. He got interested in his hobby in his junior year when he was taking Don Messerschmidt's print-making class. He started out using just water-based paints; now it's only industrial ink. Silk-screening isn't his only career goal. His hopes are of becoming a skipper, a commercial diver or a photographer.

Setting Styles

In an all-out search for a very bizzare, totally unique, ultimately different person, you'll never guess who I stumbled upon. It was none other than the flourescent Devo man himself, Mike Dull. You'll find a whole new meaning to the word strange when you meet Mike. Talk about weird. I asked him about the way he dresses.

"Tell me Mike," I said, "what would you say you dress like? A mod, a new-ro, a preppy maybe?"

"A nothing," he said, "everybody seems to classify you by the way you dress. Everything is so trendy. Well I've decided to break out of that silly habit, and make my own fashion."

Well what can you say to that? Not much I thought. Maybe you're different, I don't know. I wanted to know what his favorite group was. I was almost afraid to ask, but I did. He said he likes Devo. Everything about this guy is totally off-the-wall. But none the less, he's a really cool guy.

Caring for cats and dogs seems fairly easy, but what about peacocks, or even a goat? Rex Ricks knows all about tending peacocks. His exotic pets collection is unlike any other in Southern California. With a goat, beehives, chickens, fish, cats, and 2 peacocks he keeps real busy. The peacocks, Penny & Persey, used to eat grain and sometimes insects, but they recently ran away. Maybe he will find them next time he runs a marathon.

Spinning Tunes

If you really dig music and record collecting, then you have something in common with John Capocciama. John's been seriously collecting records for 3 years. He has over 1,977 singles and albums. All are original copies. His collection includes 1,200 punk, 50's vocal groups, and 150 David Bowie. The first record John bought was Diamond Dogs. The most expensive is a unreleased Bowie single from Amsterdam, Holland. John's all time favorite song is "Whose Loving You" off the first Smokey Robinson album.

Helping Others

At one time or another, we have all thought about donating our time to a charity. Susan Sandquist doesn't just think about donating her time, she does. For the last four years Susan has been a member of the Assisteens which is part of the Assisteens League of Long Beach. Among its many rewarding activities, the league has donated $1,000 to the teen center in Long Beach Memorial Hospital. The league has also had parties for convalescent homes, children's hospitals, and day care centers. For two years Susan has been the treasurer.

Pulling Ahead

Daniel Erber, with future aspirations of becoming a United States Marine, enjoys weekend activities such as repelling, both free and Australian type. Hiking the hills of the nearby national forests with full pack and gear, setting up both pyrotechnic and illuminations booby traps, working with tear gas and the M-18 smoke granades, communication with the PRC-10 radios, and both day and night live weapon fire exercises.

Daniel is part of a small elite group known only as the 5th Reconnaissance squad, located in Southern California. Its members include from six to fifteen persons all between the ages of sixteen and twenty-one.

Eating a nutritious breakfast is an important part of staying healthy. Albert Camacho starts his day with a bowl of Fruit Loops and Pepsi. "One day I was bored, I put the two together and it tasted good." As he dined in the hallway outside his AP English class, and finished his Calculus homework, he insisted, "It doesn't rot my teeth!" Obviously, the effects can't be all bad, especially for Albert who has done very well in school.

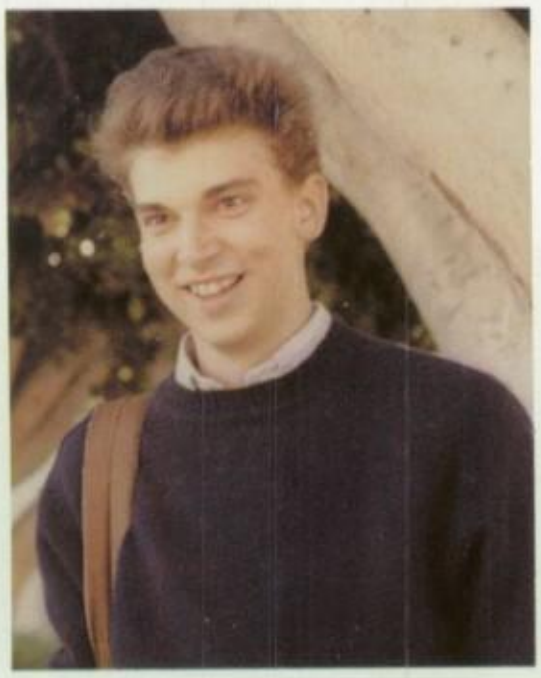
Making A Profit



Alan Dunavan refinishes furniture. His craft is an old art taught to him by his mother. Refinishing a cabinet for Dr. Chlebicki and donating time in demonstrations at the Newland House Museum are some of Alan's accomplishments. Though he doesn't make a lot of money, Alan profits by developing his skill and serving the community.

Building Our Dreams

Building this miniature house has been 17 year old Kelly Rogers' hobby for the past 3 years. This 3 story Victorian small-scale house was purchased as a kit in the beginning, but she has been refining and designing it as she constructs it. Kelly's masterpiece has many special features, for example: a tower, wood shingling, and bay windows. Kelly's dollhouse will be treasured for years to come.

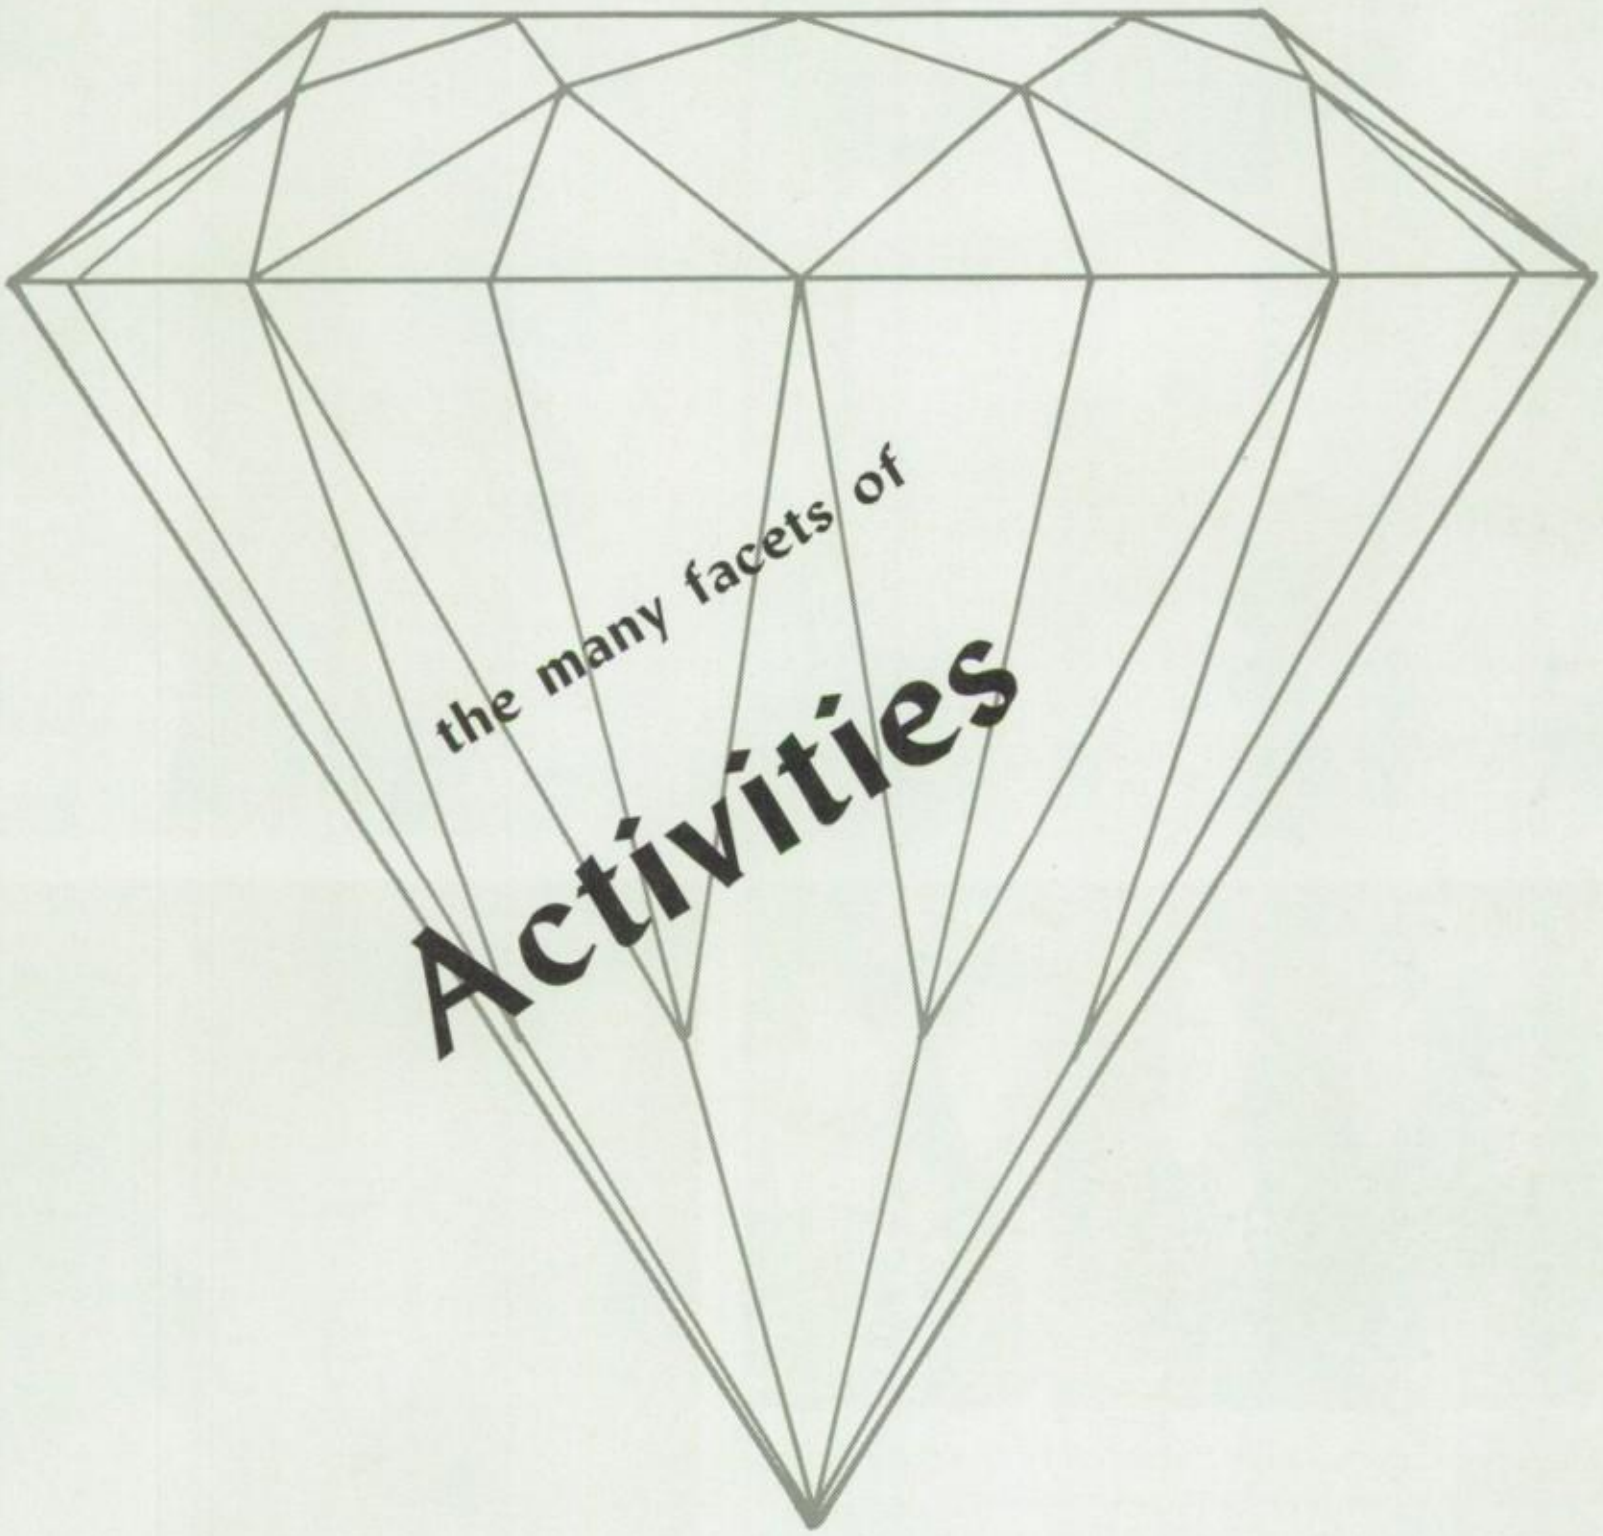
Sixteen year old, Tina Lane finds America quite different from her homeland, Hemi Hempstead, which is miles from London. She says here in America, people are much friendlier, and she likes the attention her English accent gets her. She came to California just for vacation but her cousin Waren talked her into staying to go to school. So she got a Student Visa. American schools vary from England schools. Instead of beginning at 5 years of age, they begin at 2 and end at 16 years of age. She finds it hard to adjust here at H.B.

Adjusting To Changes

The activities have changed tremendously since 1910. Back then they had a commencement address, a picnic-basket social, and a banquet honoring the Seniors which was given by the Juniors. Today you have Homecoming, Sadie Hawkins, Valentines, Prom, and numerous class activities. Plays such as this years "Exit the Body" and last years "Oklahoma" show contrast to 1910's "Mr. Bob" and "The Teaser". A trip to Balboa and Rocky Point was done by the Sophomores and the Freshmen with a beach party afterwards. An annual Halloween party was thrown by the Sophomores where readings and classical music was played and enjoyed by the students. Today, the dances are full of socializing, scamming, and dancing to New Wave dance music.



the many facets of
Activities

And The Winner Is. . .

(Clockwise, above picture) Queen Evelyn Gill and her court, Princess Jean Evans, Kristy White, Kim Scane, Laura Mithoff. Injured players Randy Hatch and Franco Pagnalelli watch from the sidelines. The true spirit of Homecoming as shown by the pepster's poster. Tall Flags prepare to perform during halftime. Twirler Sheilah Strickland shows her pride. Queen Evelyn hears the great news. Marching band marches to the sideline for another great performance.

Homecoming Halftime

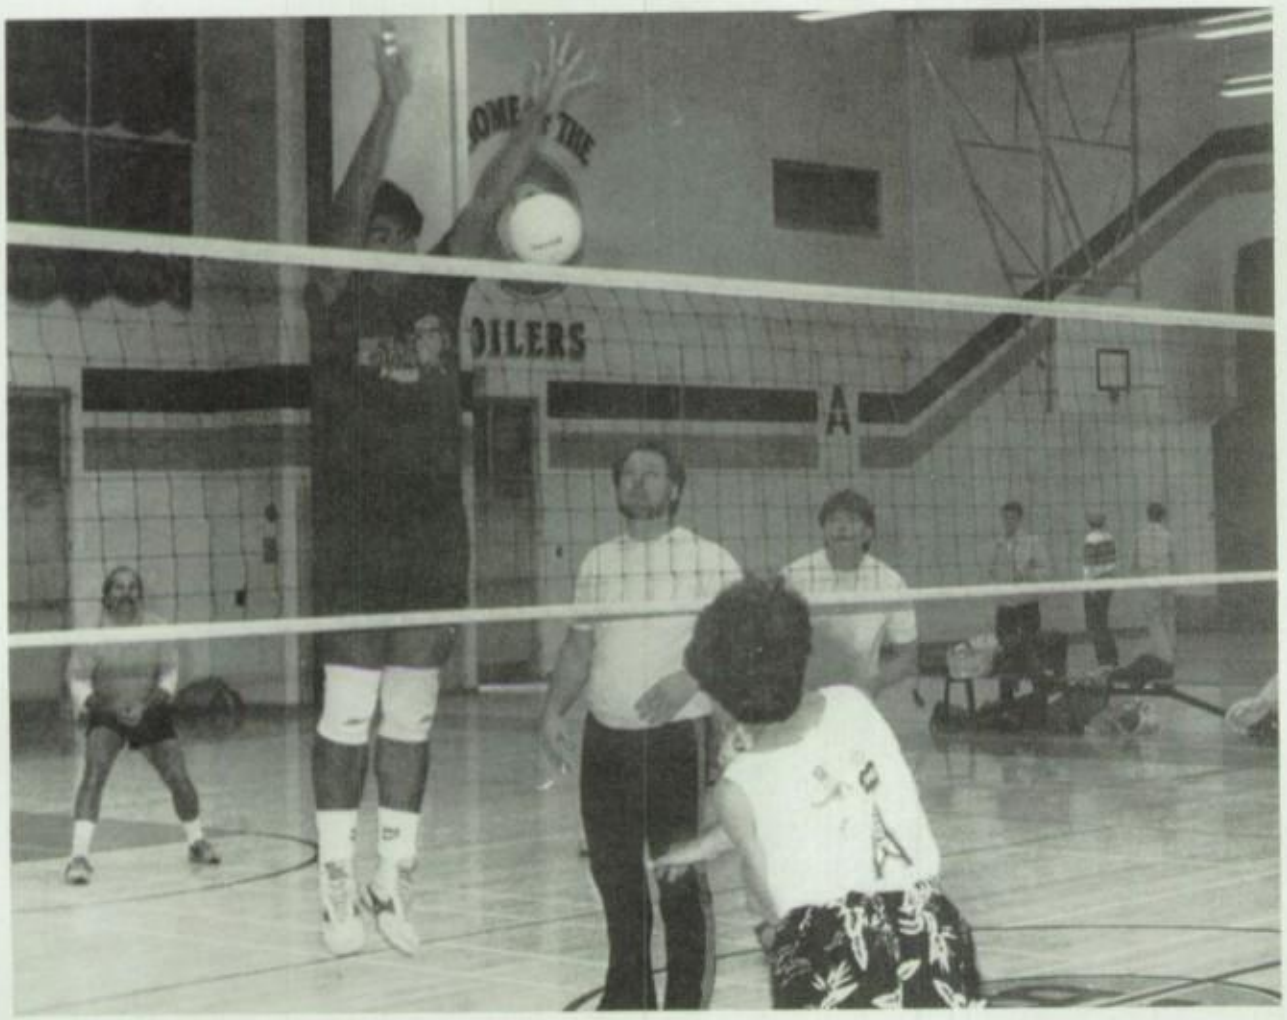
Homecoming . . . perhaps the biggest event during the football season. This year's theme was Mardi Gras, and everyone got in the spirit to participate.

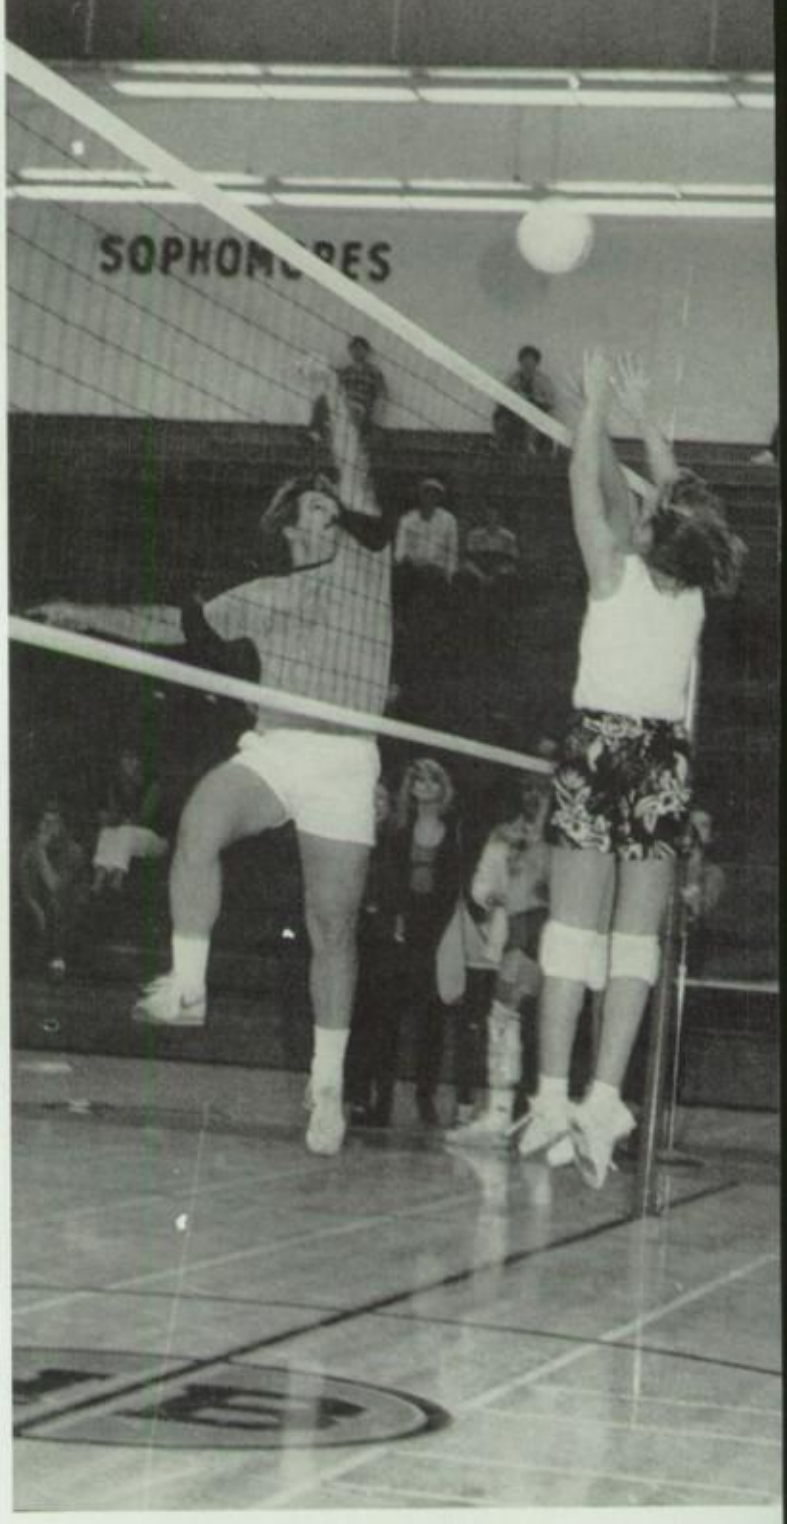
As soon as the second quarter ended, the festivities began. The excitement grew as the marching band, tall flags, and drill team paraded around the track followed by the cheerleaders, and each class' float. Then came the float carrying all five finalists on to the field.

The red carpet was rolled out and the audience watched in awe as the princesses made their way to the platform. The audience was at the edge of their seats as the announcer slowly said, "And the winner is . . . Evelyn Gill"! The crowd went wild as Evelyn's name was lit up in fireworks. Last year's queen, Delynda Woods, crowned Queen Evelyn, and roses were presented to Princess Jean, Princess Kristy, Princess Kim, and Princess Laura.

It was truly an exciting night. One that will hold fond memories for all that participated.

Having A Ball





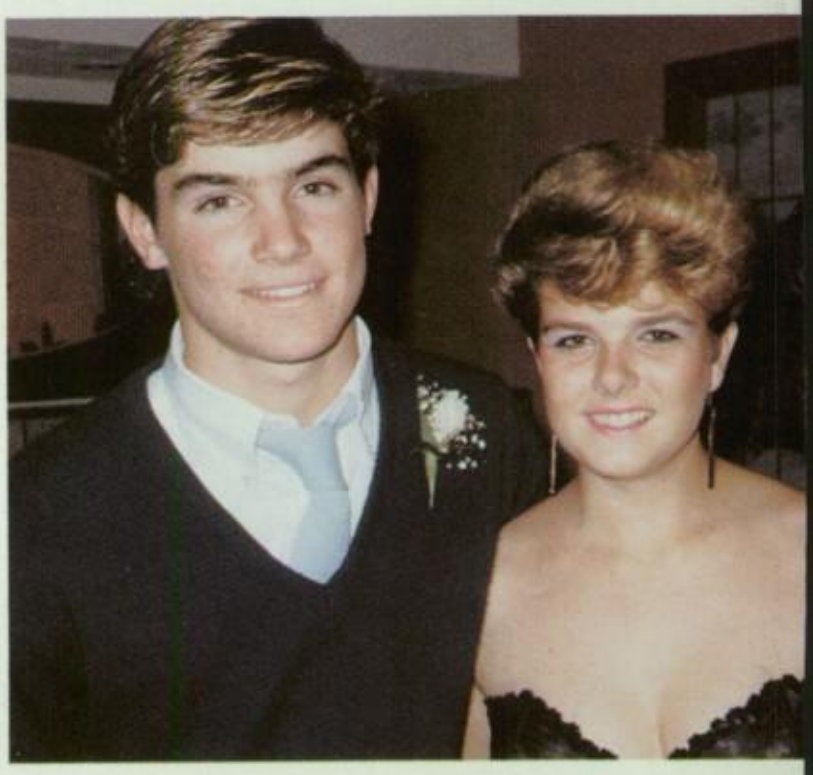
(This page, top) Anxiously waiting to score (Left) sasquach slam dunks for another point (Right) A spectacular spike by Mr. Dodd (Opposite page, top) Mr. Seckington practices break dancing during the game (Left) Psyching up for the comeback in the third round (Middle) Ping-pong adicts, participating in the tournament at lunch (Bottom) Going for the winning point.

Volleyball Marathon & Ping Pong Tournament

Friends, a new club on campus, became a very active and involved part of Huntington Beach High School. This year a volleyball marathon was held in the gym, and was sponsored by Friends. This marathon involved a lot of people. Some teachers here on campus had committed to playing volleyball for 24 hours against anyone to help in a good cause. Friends was holding this event to raise money for a speaker against drug abuse, David Toma. Who played against these fearless teachers? Well, our own Varsity Volleyball team played. They were losing at first, but made a remarkable comeback after the third round. A few police officers from across the street had challenged the teachers also. Tired teachers willfully kept steady competition.

Another campus event that took place this year was the ping-pong tournament which was held at lunch. Many students came to demonstrate their talents in the sport. It was a lot of fun and helped keep the school spirit alive.

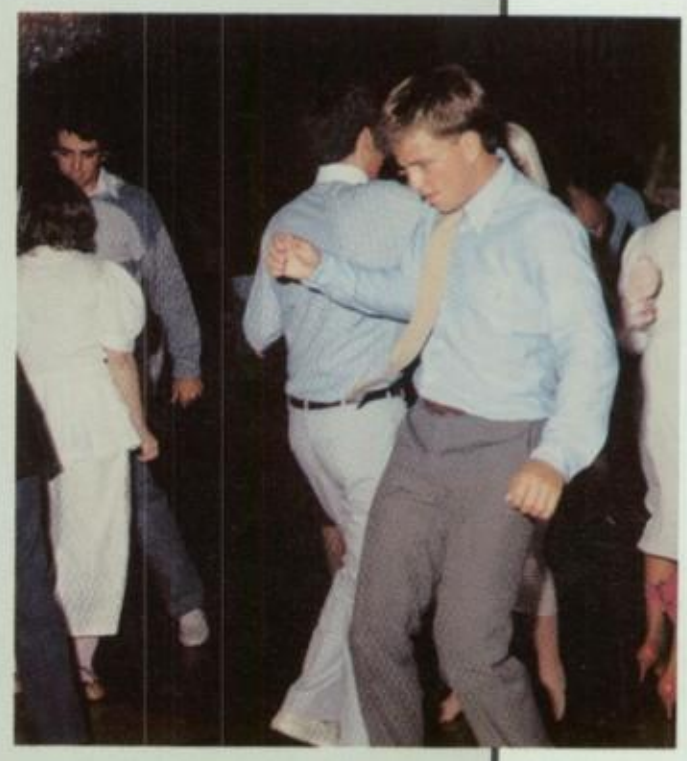
A Mardi Gras Celebration



(Middle right) Jennie and Ian on their way out to the homecoming dance. (Top right) Kurt, Russel, and Eric asks whats next. (Above) Kumar and Karin kickback at the homecoming dance. (Bottom right) Tammy, Bert, Cathy, Ken, Lisa, Tom, Randy, Wendy, Tami, Mark, Yvonne, Jeff, Kyle, and Nicole.

Homecoming

Our 1984 Homecoming was a terrific success. It was a beautiful night and there seemed to be something in the air. The band Onyx did a good job keeping everyone on the dance floor. That is . . . after a few slow dances to get everyone on the floor. It was at the spacious Anaheim Sheraton. With the theme "Go Dry Not High," everyone seemed to be in great spirits about the whole thing. A good 200 people showed up and it turned out to be a real fun evening.



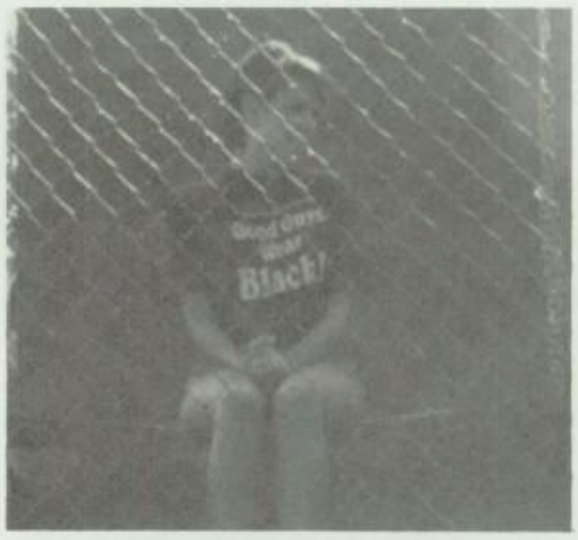
(Top right) Corey, go stag?? (Bottom right) Dancing puts Nicole into a good mood. (Above) Onyx rocks like the stones.

Class Competitions

Bunches of people gather in the quad at lunch to participate or watch the ever popular CLASS COMPETITIONS. This year we had the root beer guzzling, pie throwing, and cherry-jello eating competitions to name a few. Oilers assembled at least two times a month to see events such as these. We watched students representing the freshman, sophomore, juniors and the MIGHTY seniors battle it out. Due to the fun we had participating in the Oilers class competitions the Oiler Spirit remained high through out the year.

Seniors Come Ahead

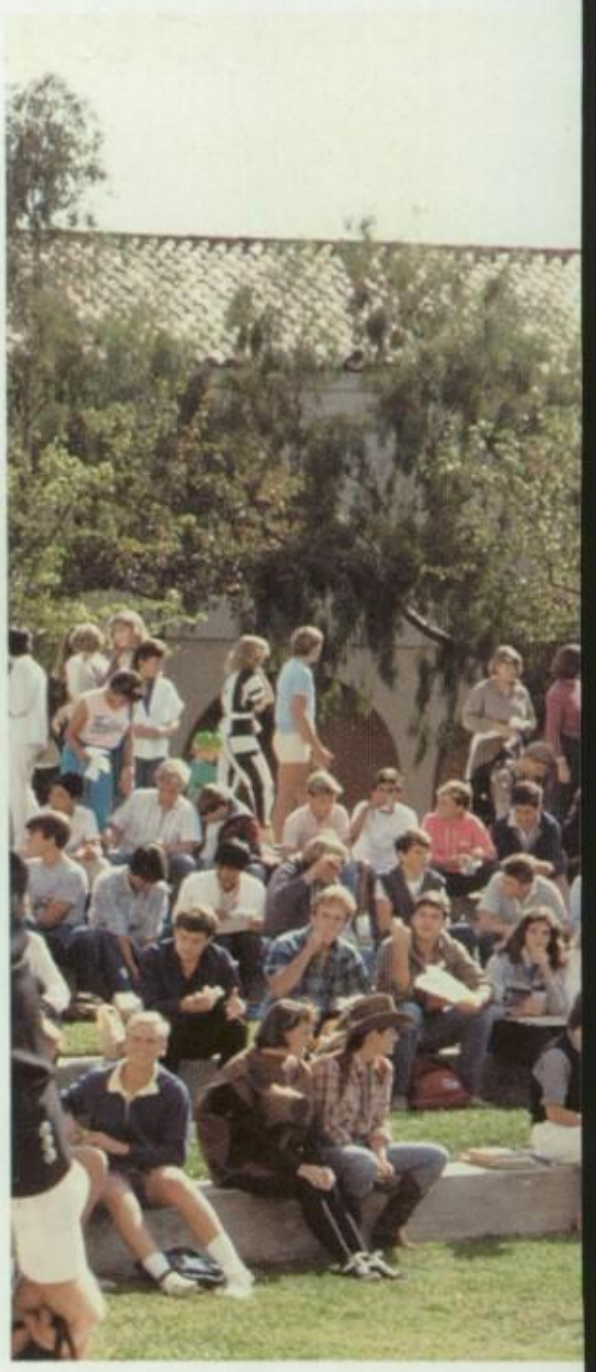
(Inset) Bobby Silber anxious to row across to America and win the race for the juniors. (Top middle) friends wondering if they should make fools of themselves. (Bottom left) Keri Enriquez planned these exciting events. (Left) Ben, Rodney, and Tayler watch the competitions and eat lunch on the hill. (Bottom middle) Keely Cassidy rowing hard for the seniors. (Below) Linda Evans about to be dunked.



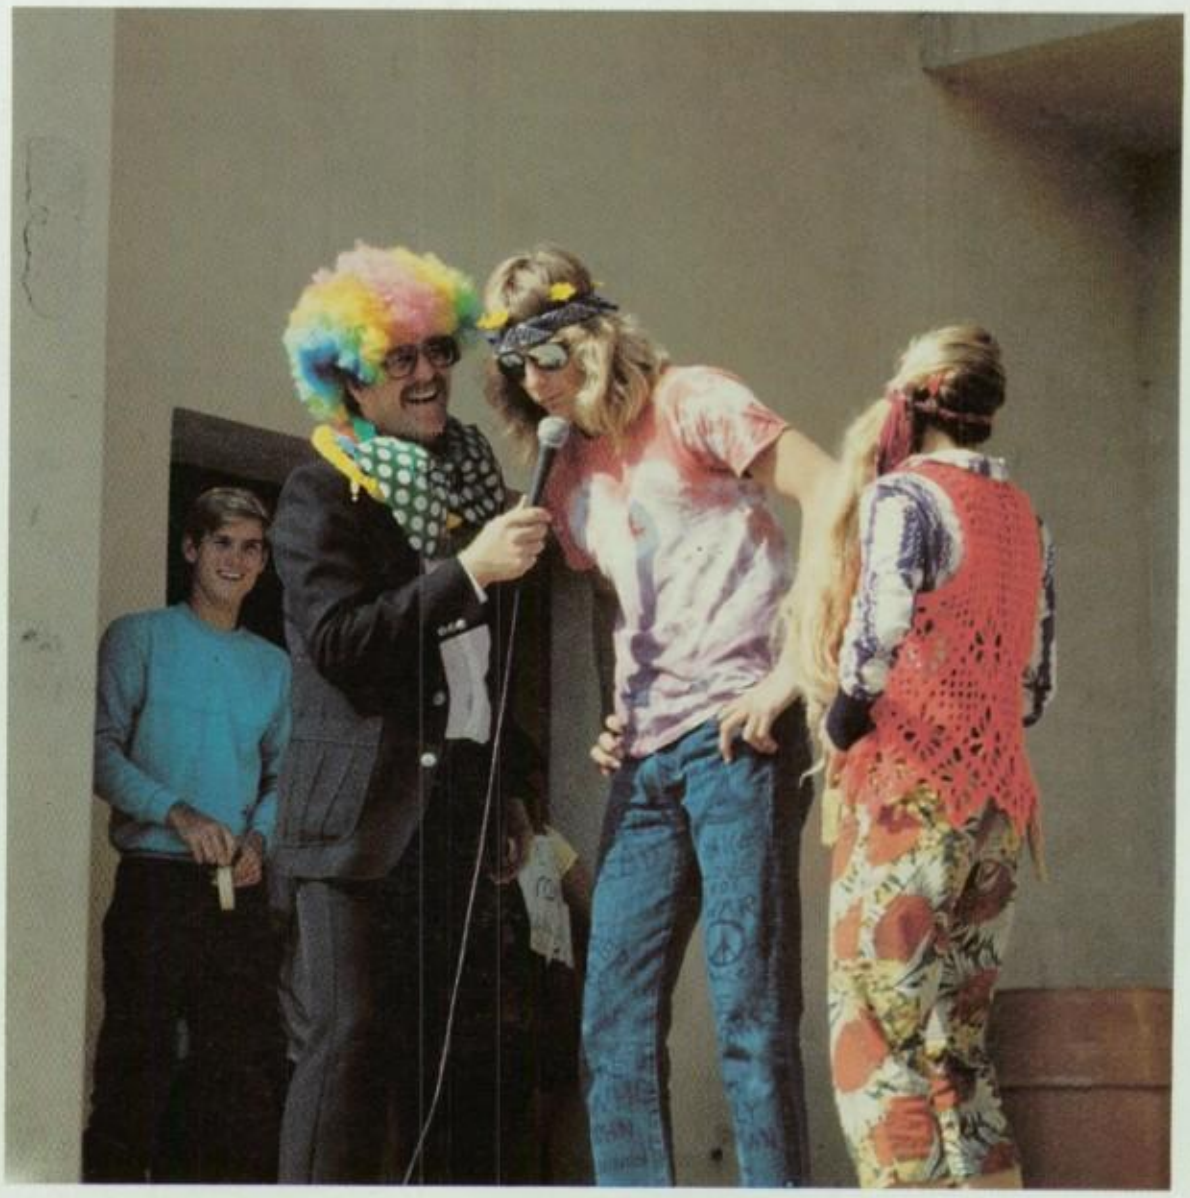
Oilers Dress It Up

Halloween

This year the students showed us their Halloween and school spirit by appearing in their creative and original costumes. As many joined in on the costume contest celebration, we saw who was really creative and original. Our winners were chosen from the many catagories in the contest. There were many in all the groups, and all were good. But only the best and most popular were chosen. Not only was the contest enjoyed by the spectators, but it was also enjoyed by all the other contestants. As we noticed that some were simple, but very funny and cute. Some seemed complicated, and were. But as we noticed that the Oilers did participate, we had a very good turnout.



Above left: Jenny Clark and Rich Crafton help celebrate the old Halloween tradition. Bottom right: The staff joins into the costume contest. Above center: Overwhelmed Oilers watching the contest. Bottom center: Mike Fleck explaining his generic costume. Top left: Kurt Meyer proves that it is "not what, but what not." Bottom left: Lisa Smith comes up with a popular and tasty costume.



HALLOWEEN
COSTUME

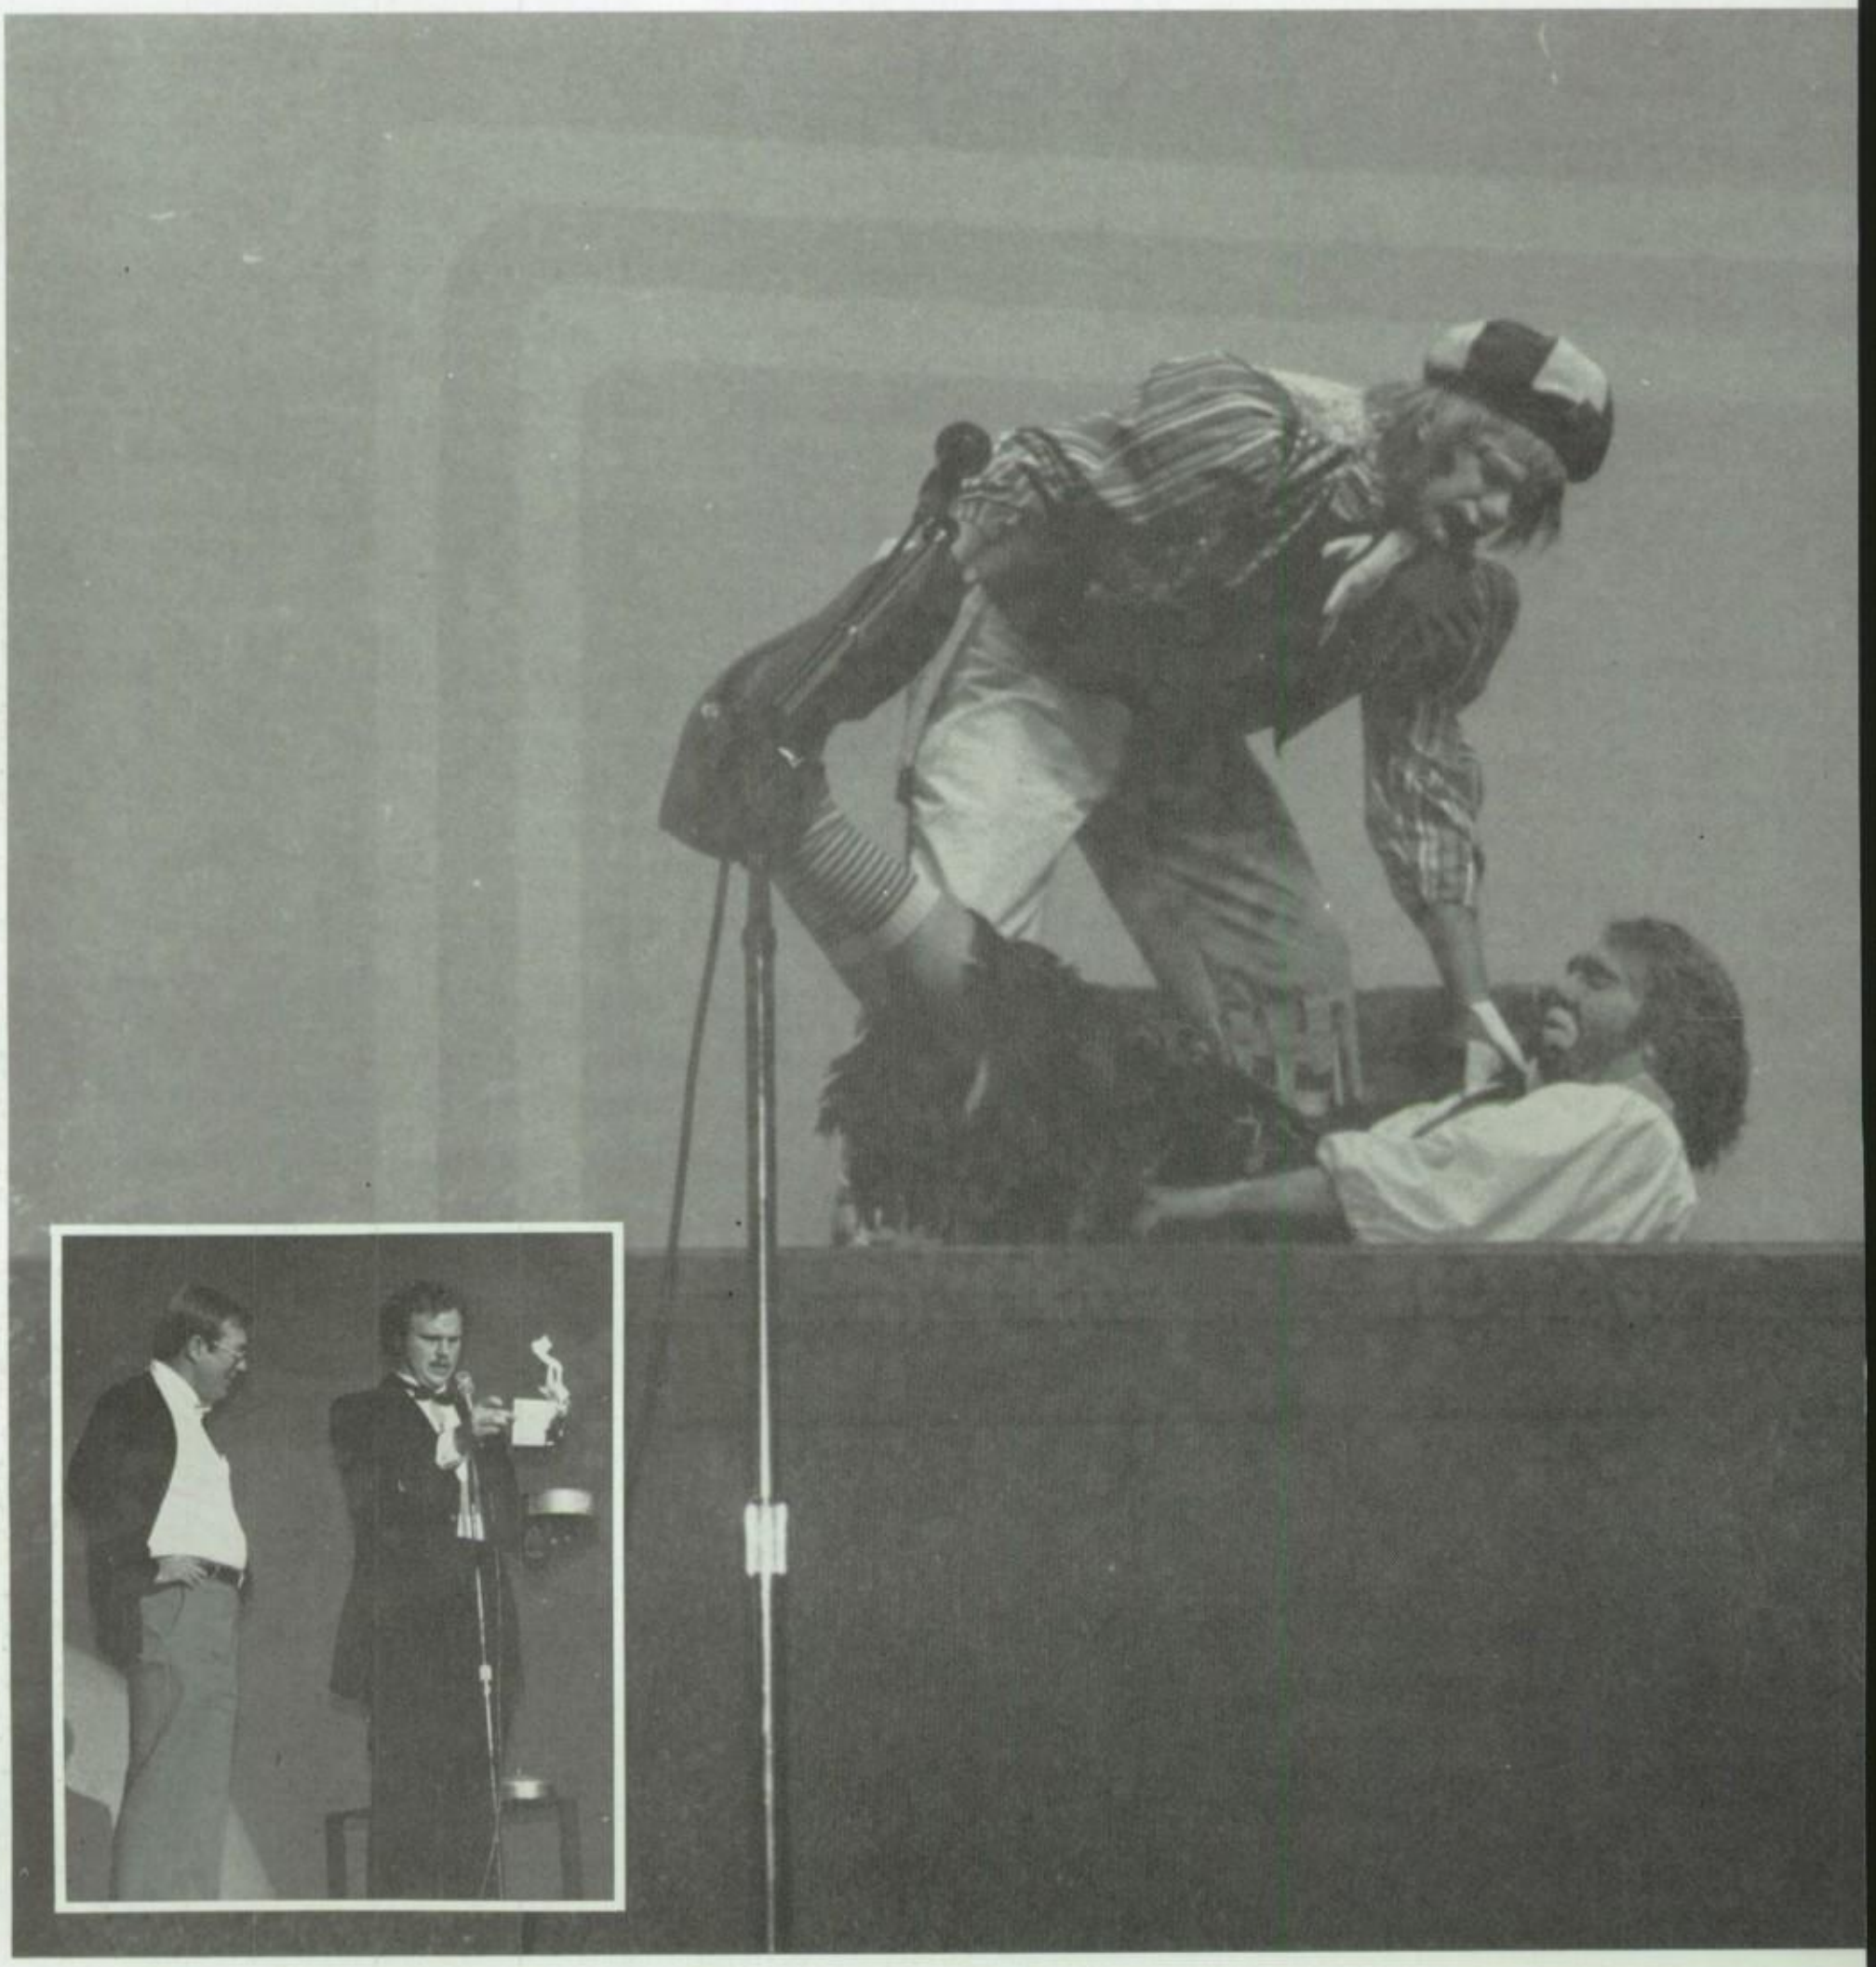
Out Of The Closet

Exit The Body

There's a body in the closet!!" Crane Hammond (Monique Quinn) and Kate Bixley (Jenny Clark) went on a pleasant trip to the country. What started out as a vacation ended up a murder mystery and a search for hidden jewels. The first "body" was not really dead — Crane's very good friend Lillian Seymour (Shannon Cornick) decided to play a joke on her so she hid her husband (Rich Crafton) in the closet. Meanwhile, Vernon Cookley (Daniel Lunceford) had arrived and inquired about the identity of the "body". Lillian, still playing her joke, said it was Crane's husband when in reality Crane's husband (Chris Jackson) was on a business trip. Sound confusing? Well, on the nights of November 15, 16, and 17, 1984, a delighted audience watched in amusement as the "body" ran from house to house and many others crept about trying to find the hidden jewels. Other outstanding members of the cast were: Stacia Hadley as Jenny, Jessica Norie as Helen O'Toole, Kyle Merck as Randolph, and Kurt Luttecke as Philip Smith. The cast was advised by Ron Albertson and student directed by Andrea McDougall. "Exit the Body" was a genuine success as Huntington's first Masque and Hammer major presentation of the 1984-1985 year.

(Opposite page, top left) Kyle Merck creeps on upon an unsuspecting Stacia Hadley. (Top right) Rich Crafton seems to be hanging by a thread . . . (Bottom) Jenny Clark discovers a "dead" body. (This page, top) Weaving a web of disillusionment, Jessica Norie explains some strange occurances. (Right) Dan Lunceford knows what's going on, doesn't he? (Above) Monique Quinn exclaims in surprise as she stumbles upon the unexpected.

Not Just Clowning Around



(This page, Top) Charlie and Skippy clowning around (Bottom) Mr. Tizzard anxiously awaits the conclusion of "The burning $5 bill" magic trick, performed by magician, Foo Ling You (Opposite page, top left) Juggler, Rick Colmon, demonstrating a complete sense of balance. (bottom right) World class break dancers in the peak of their performance. (top right) fourteen year old singing star, Brooke performed for some good entertainment (Bottom left) Dr. Chlebicki, with guts enough to let volunteers try and cut her in half . . . with a rope!

Entertainment Extravaganza

This year something really spectacular happened. A new club was formed on campus to help with the drug abuse amongst H.B.H.S. students. This club, known as Friends, held a show for two nights to raise money for this program. The money they raised was to help pay for a special speaker, David Toma, to speak against drug abuse . . . The Entertainment Extravaganza was held on both February fourteenth and fifteenth, and a variety of shows were there. Amongst these attractions were world class break dancers, a pro-juggler, a magician, clowns, and our own Harmonaires performed. It was truely a spectacular event!

= A Doce-Doe And Away We Go

(This Page-Upper Left): The groups all here. (Middle Left): Mike and Jennifer Dancing to the Doce-Doe. (Lower Left) Tessi, Jennifer, Brenda, Jill, and Nikki all standing behind their dates waiting to get their pictures taken. (Middle) Sharon loves to eat rats for dinner. (Opposite Page Upper Left) Kim and her date are discussing if they should go Dance. (Upper Right) Brad and Corey getting their picture taken. (Lower Right) Colleen finally ties the knot!

Sadie Hawkins

It was time again for the girls to grab a guy for the annual Sadie Hawkins dance! Our gym looked like a barn straight out of the old west. There were square dancers, cowboys, and hicks doing dances ranging from the traditional square dance to the old Virginia Reel. The marriage booth was a big success with the couples lining up all night to tie the knot. The ever-popular kissing both was there too. Everybody got into the spirit of the evening and everyone had a great time.

Night Life

After struggling to stay awake for an entire week of school I think we deserve a full weekend of excitement. There are a lot of local hangouts, places most of us have been to. For instance, the Westminster Mall, a great place to go even if you don't have much money. Then there's many dance places such as Circle City, Cloud 9, The Concert Factory, The Lighthouse, and of course Old World. This is also a good year for concerts. There was U2's concert, Depeche Mode, General Public, Bruce Springsteen, Undercover, The Life-Savors, Wham, and so many more.

Speaking of concerts, surely you've heard of the Golden Bear, Huntington Beach's own legend. This old but historic night club is a major stepping stone for beginning bands. Many well known bands started out there, like The Untouchables, Elvis Costello, Circle Jerks, even the Stones have played there. What else is going on? Well, there's always a party somewhere, and there's always someone who knows where the 'happnin' spot is. All you have to do is ask. We have so many beautiful resources, we should learn to take advantage of them. Our school is even one of our city's beautiful historic landmarks.

With the weather as nice as it is-with warm California nights- it's kind of nice to use some of the things around us that doesn't cost an arm and a leg. For relieving tension from a long tedious week of classes there's nothing better than a walk on the beach, or down the pier. Listening to the waves and looking out into the dark sky, seeing nothing but the moon and the stars is the best cure I know for mellowing out after a night of partying.

We lead such interesting lives, and we really know how to paint the town!

A Golden Dream

(Clockwise) Tricia Masangkay and Carl Lewis entering the gym. Mr. Stillwagon, Brad Lewis, Ms. Hedge and Coach Pascoe. John Hanavan and Viki Abajian. Tiffany Miller, Robin Eyerly, Christina Vold, Vici Abajian, Teri Wildman, Renate Zacher, Beth Loughran, Sandy Rivera. Carl Lewis and Vici Abajian. "I'm So Excited".

Queen Of Courts

This years Queen of Courts game was played on February 8, 1985. The performances were by: Tall Flags, Drill Team, and The Band.

This years special guest was Brad Lewis. Brad was a gold medalist for double sculls (rowing), and National Champion in single sculls, in the 1984 Summer Olympics. He started rowing in high school, attending Corona Del Mar. Brad Lewis is 30 years old and single, and being enveyed by many people, young and old.

Brad crowned the Queen herself, Vicki Abajian, senior nominees were Teri Wildman, Renate Zacher, Elizabeth Loughran, and Sandra Rivera, also Christina Vold-junior, Robin Eyerly-sophomore, and Tiffeney Miller-freshmen.

The Only One

(Above) The singer of Scandal wails out another romantic song. (Right) The 1985 Valentine Queen Cheryl Dieda and King Casey Satterthwaite. (Top center) "Mr. Joe Cool" Brien Darling romances his favorite girl Jennifer Sunwall. (Inset) Jenny Clark and Rick Crafton arrive on time as Ed Eberhardt helps Stacia Hadly out of the limosine. (Lower center) Todd Beals, Pricilla Barnes, Kurt Cunningham and Heather Cuny all work up their appetites for the delicious buffet dinner. (Far corner) An intimate moment shared together by Andrea McDougal and Kyle Merck.

Valentines Dance

The Only One" by Lionel Richie was our theme for the Valentines Dance which was held at the Costa Mesa Country Club on February 10, 1985. Many couples that had attended the Buffet Dinner/Dance were entertained by the super sounds of the band "Scandal". This year as every year our league club had sponsored the dance by collecting money for the March of Dimes against birth defects. Due to this collection over $1,400 had been raised with special thanks to the crowned king and queen. Mr. Casey Satterthwaite whom had collected $500 and Miss. Cheryl Dieda whom also collected $400. Special thanks also to the other 6 princes and princess; Mike Rodriguez, Mechelle Almos (seniors), Franko Paganelli (junior), Kent Wiese, Alissa Smith (sophomore) and Sharon Kasser (freshman).

10251 Yorktown Avenue
Huntington Beach, CA 92646

Dear Ms. Reinhart:

The Orange County Urban League would like to recognize and commend the "Doors to a New Generation" Club for sponsoring the march in honor of Dr. Martin Luther King, Jr.

Yours is the generation that Dr. King prayed, marched and died for. As long as young persons, like those in "Doors .....", remember him, the "Dream" will not die.

Sincerely,

Joyce Owens-Smith

Choir, Ham On Rye, Doors To A New Generation

There are many talented people who are involved in the many activities that infest our campus. The many different types of talents range from acting to singing. We have Ham on Ryes, Holiday concerts, and our first peace march was held this year.

Ham on Ryes are one act plays performed every Wednesday during lunch. The students direct, act, and produce these plays. All of these plays are pure, genuine, thought provoking entertainment.

On January 14, 1985 our "Doors for a New Generation" club did their first peace march. They marched to Goldenwest College from Huntington High. They carried with them signs depicting their feelings of love and equality.

The Holiday Concert was on Dec. 19, 1984. There was a great turnout for this schools talented singers. The sweet voices of our peers are directed by Mr. Greg Ellis.

Elementary, My Dear Watson

"Hound Of The Baskervilles"

The curse of Baskerville Hall struck H.B.H.S. on February 28, 1985 through March 2, 1985.

"The Hound of the Baskervilles", a play adapted from the novel of the same name with Sherlock Holmes by Sir Arthur Conan Doyle, is set in the feudal nobility era in England. The wealthy family that is affected by the curse puts an end to the devilish chaos. Lady Agatha Mortimer (Jenny Clark), Watson (Ken Donavan), Perkins (Monique Quinn), the maid from the village, and Sir Henry Baskerville (Rich Crafton) all live in Baskerville Hall. Mr. Barrymore (Ed Eberhardt) and Mrs. Barrymore (Terri Downey) live in as hired help.

The story revolves around the curse on Baskerville Hall and the Hound that is prophesied to murder Sir Henry — for he is to be slaughtered the same way his uncle recently was. Sherlock Holmes (Randy Worden) is called in and investigates to find the evil culprit. At first, it seems Laura Lyons (Stacia Hadley) is found to be the culprit, but it is proven otherwise.

While all this is going on, Sir Henry is involved in a deep romance with a village girl named Kathy Stapleton (Andrea McDougall). She, in fact, is Married to what seems to be her brother Jack (Kyle Merck). They both turn about and trick Sir Henry in the end. Even though Sir Henry survives the incidents, the cast certainly builds suspense and excitement in the hearts of its audience.

All in all, the play is a highly enjoyable event. The set, lighting, sound, and costuming, and make-up achieved a superbly stylish and dramatic effect. Making it all possible, the stage crew consisted of Randy Worden (light design), Thomas Jones (set crew head), Shawna Bryant (stage manager), Kurt Luttecke (assistant student director), Colin Davis, Adriane Didson, Shraddha Swaroop, Wendy Eilard, Kasty Smith, Marie Gulmatico, Jennifer Cotter, and of course the (advisor Ron Albertson).

(Opposite page, far left) Barrymore, played by Ed Eberhardt, and Watson, played by Kenneth Donavan, debate upon the unfolding events. (Center) Perkins, portrayed by Monique Quinn, appears baffled by the mysterious haunting of the curse of the Baskervilles. (Bottom) Sir Henry Baskerville, alias Rich Crafton, and Kathy Stapleton, or Andrea McDougall) pursue a secret burning romance. (This page, left) Sir Henry Baskerville and Jack Stapleton, played by Kyle Marck, become engaged in a violent, heated argument. (Bottom left) Sherlock Holmes, portrayed by Randy Worden, probingly investigates into the case of the hound. (Below) Kathy Stapleton and Sir Henry listen intently to Watson.

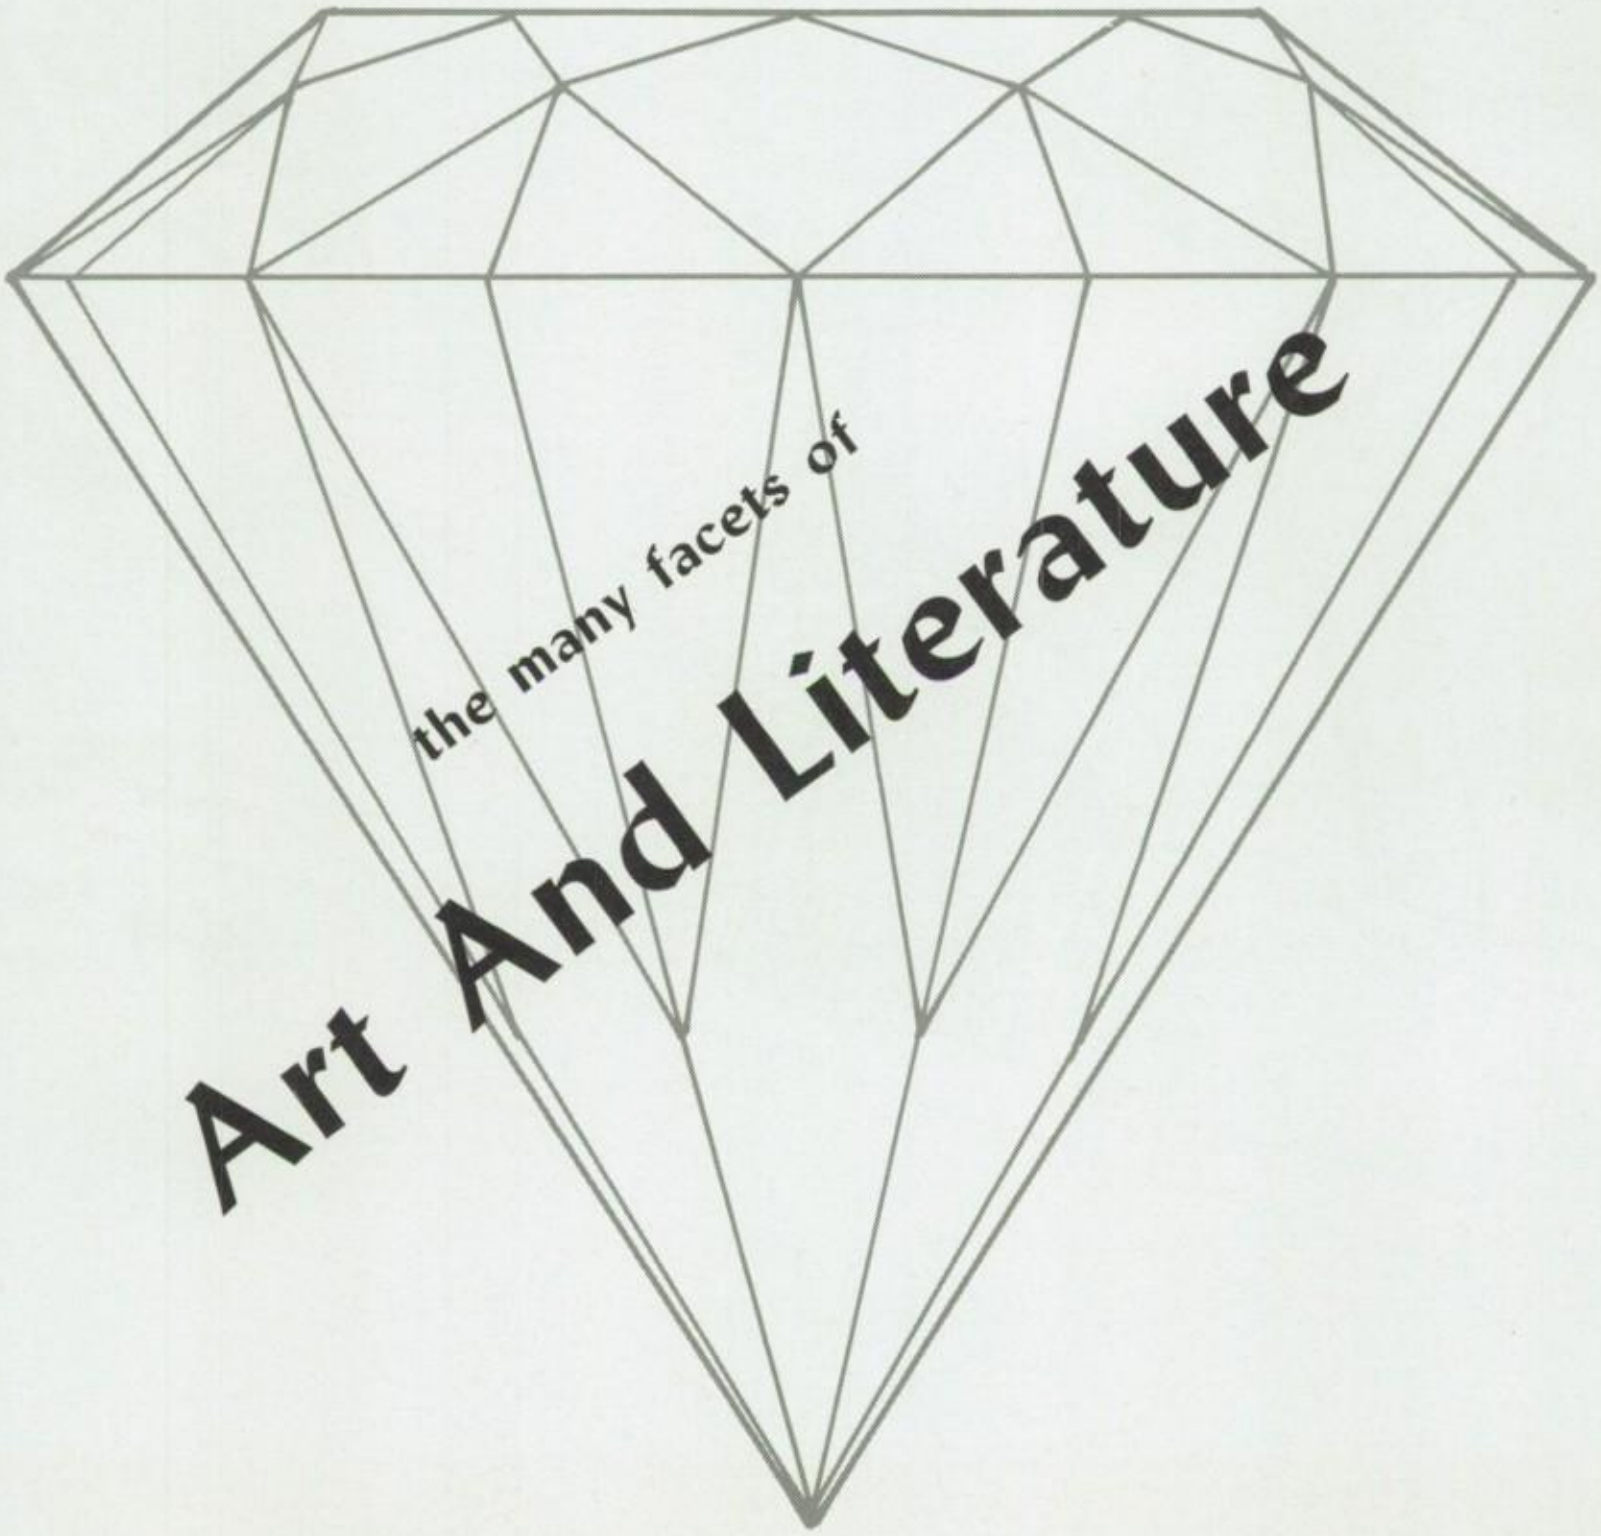
School Spirit Does It Right

(This page above) Girls, Girls, Girls! (upper left) would you please sit down! (Bottom Center) Which way will Cindy fall! (Opposite page Top center) Mr. Morehouse telling another one of his so-called jokes! (Far right) Tamara Volpi flaggin into action at the homecoming assembly. (Bottom right) Lori leading them all in the splits!

Assemblies

Throughout the 84-85 schoolyear, there were many assemblies. Many students liked them because that meant an extended lunch, but others liked to see their friends out on the basketball courts jumping up and down, or hitting themselves in the head with a tall flag. Still others liked to see a certain faculty member, who calls himself Captain Clean-Up, stand out in front and entertain the student body of Huntington Beach High School. No matter why they came, most students got caught up on the latest gossip and saw the latest couples.

Helen Nutt was a noted poet at Huntington in 1910. The Art section consisted of witty jokes called "Joshes", skillful writing as well as drawing and music. Today, our new section, "Art Adventures", emphasizes student talent in drawing, music, writing, and photography. The intellectual writing of 1910 has changed drastically to the new art of today, still photography. The Student at H.B. continues to explore art as a means of self-expression and creativity.



the many facets of
Art And Literature

A Couple at the Beach: *"It's done with pen and watercolor. I saw the picture in a KROQ magazine ad and it reminded me of a scene you could see any day on the beach. I like to draw people and design fashions. Art class is fine tuning."*
— Robbin Caprio

A Heart: *"I wrote it about my old boyfriend. My sister and I were just messing around with some words and they turned into a poem. I hardly ever write."*
— Valarey Taff

Hands: *"These are my hands but not my nails. They are my dream nails. It was my first time drawing hands. When your head is creative it makes your hands work and you can do a lot of art."*
— Shannon Hess

A Heart

A heart is not a playing thing
A heart is not a toy
if you want it broken
give it to a boy.

Boys have to play with things
to see just how they run
but when it comes to kissing
They do it just for fun.

Boys never give their hearts away
They take girls for a fool
They wait 'till you give yours away
and then they play it cool.

Don't ever fall in love my friend
you'll find it doesn't pay
it causes broken hearts my friend
it happens everyday.

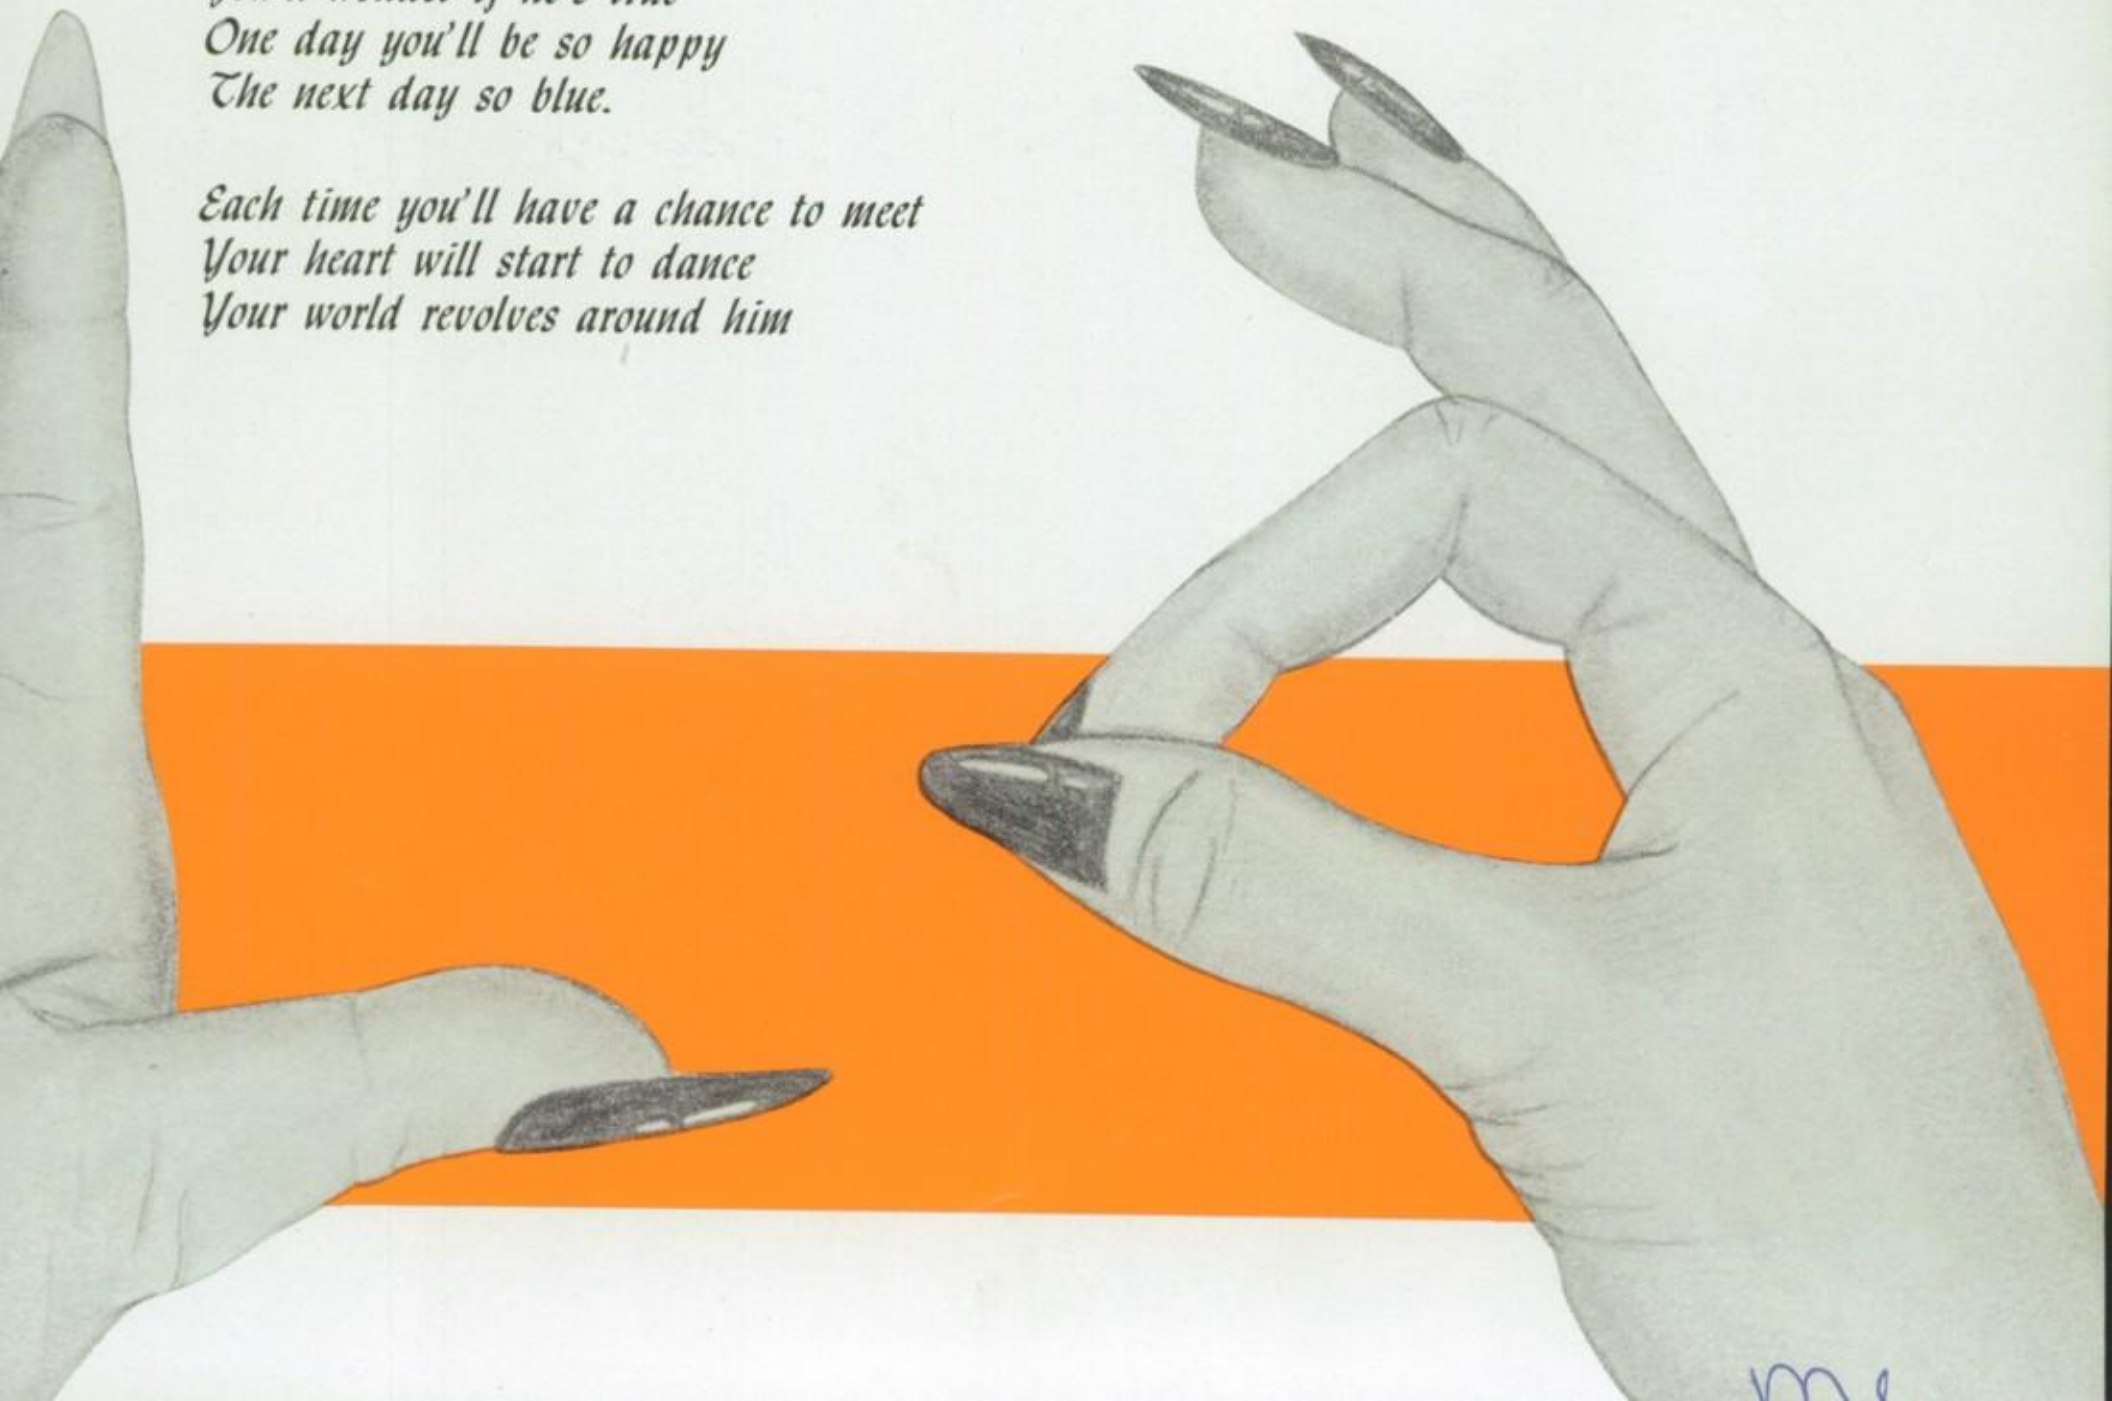
You'll wonder where he is at night
You'll wonder if he's true
One day you'll be so happy
The next day so blue.

Each time you'll have a chance to meet
Your heart will start to dance
Your world revolves around him
There's nothing like romance.

But when it stops you don't know why
You worry day and night
You'll see my friend you're losing him
it never works out right.

Love is fine but it hurts so much
The price you pay is high
If I had a choice between love and death
I think I'd rather die.

So when I say don't fall in love
You'll be hurt before its through
You see my friend I ought to know
I fell in love with you.



A Mirror

There is a mirror in my room
Less like a mirror than a tomb,
There are so many ghosts that pass
Across the surface of the glass.

When in the morning I arise
With circles round my tired eyes
Seeking the glass to brush my hair,
My mother's mother meets me there.

If in the middle of the day
I happen to go by that way,
I see a smile I used to know
My mother, twenty years ago.

A Mirror: *"It was a poetry assignment for Mr. Wood's English class. While I was sitting in my room I saw my mirror and just started rhyming things." — Helga Redl*

How Did He Do That?: *Pat Estes took this picture of himself reflected in a hubcap. Then he developed and printed it in the dark room of photo class here at HBHS.*

David Bowie: *"It was a pen & ink assignment for Art 1. First, I sketched it in pencil from a picture I saw in* **Bowie Pix.** *I don't consider myself a Bowie fanatic, but I like his ideas and music." — Dawn Tipka*

Leaves

Rain . . .
wets the streets . . .
washes clean . . .
silver sparkles . . .
tears . . .
my emotions echo
in the falling rain . . .
sounding hollow . . . lonely.

Clouds . . .
cover stars . . .
calm the days . . .
colors them gray . . .
dampens emotions
as you snuggle closer . . .
to the fire . . .

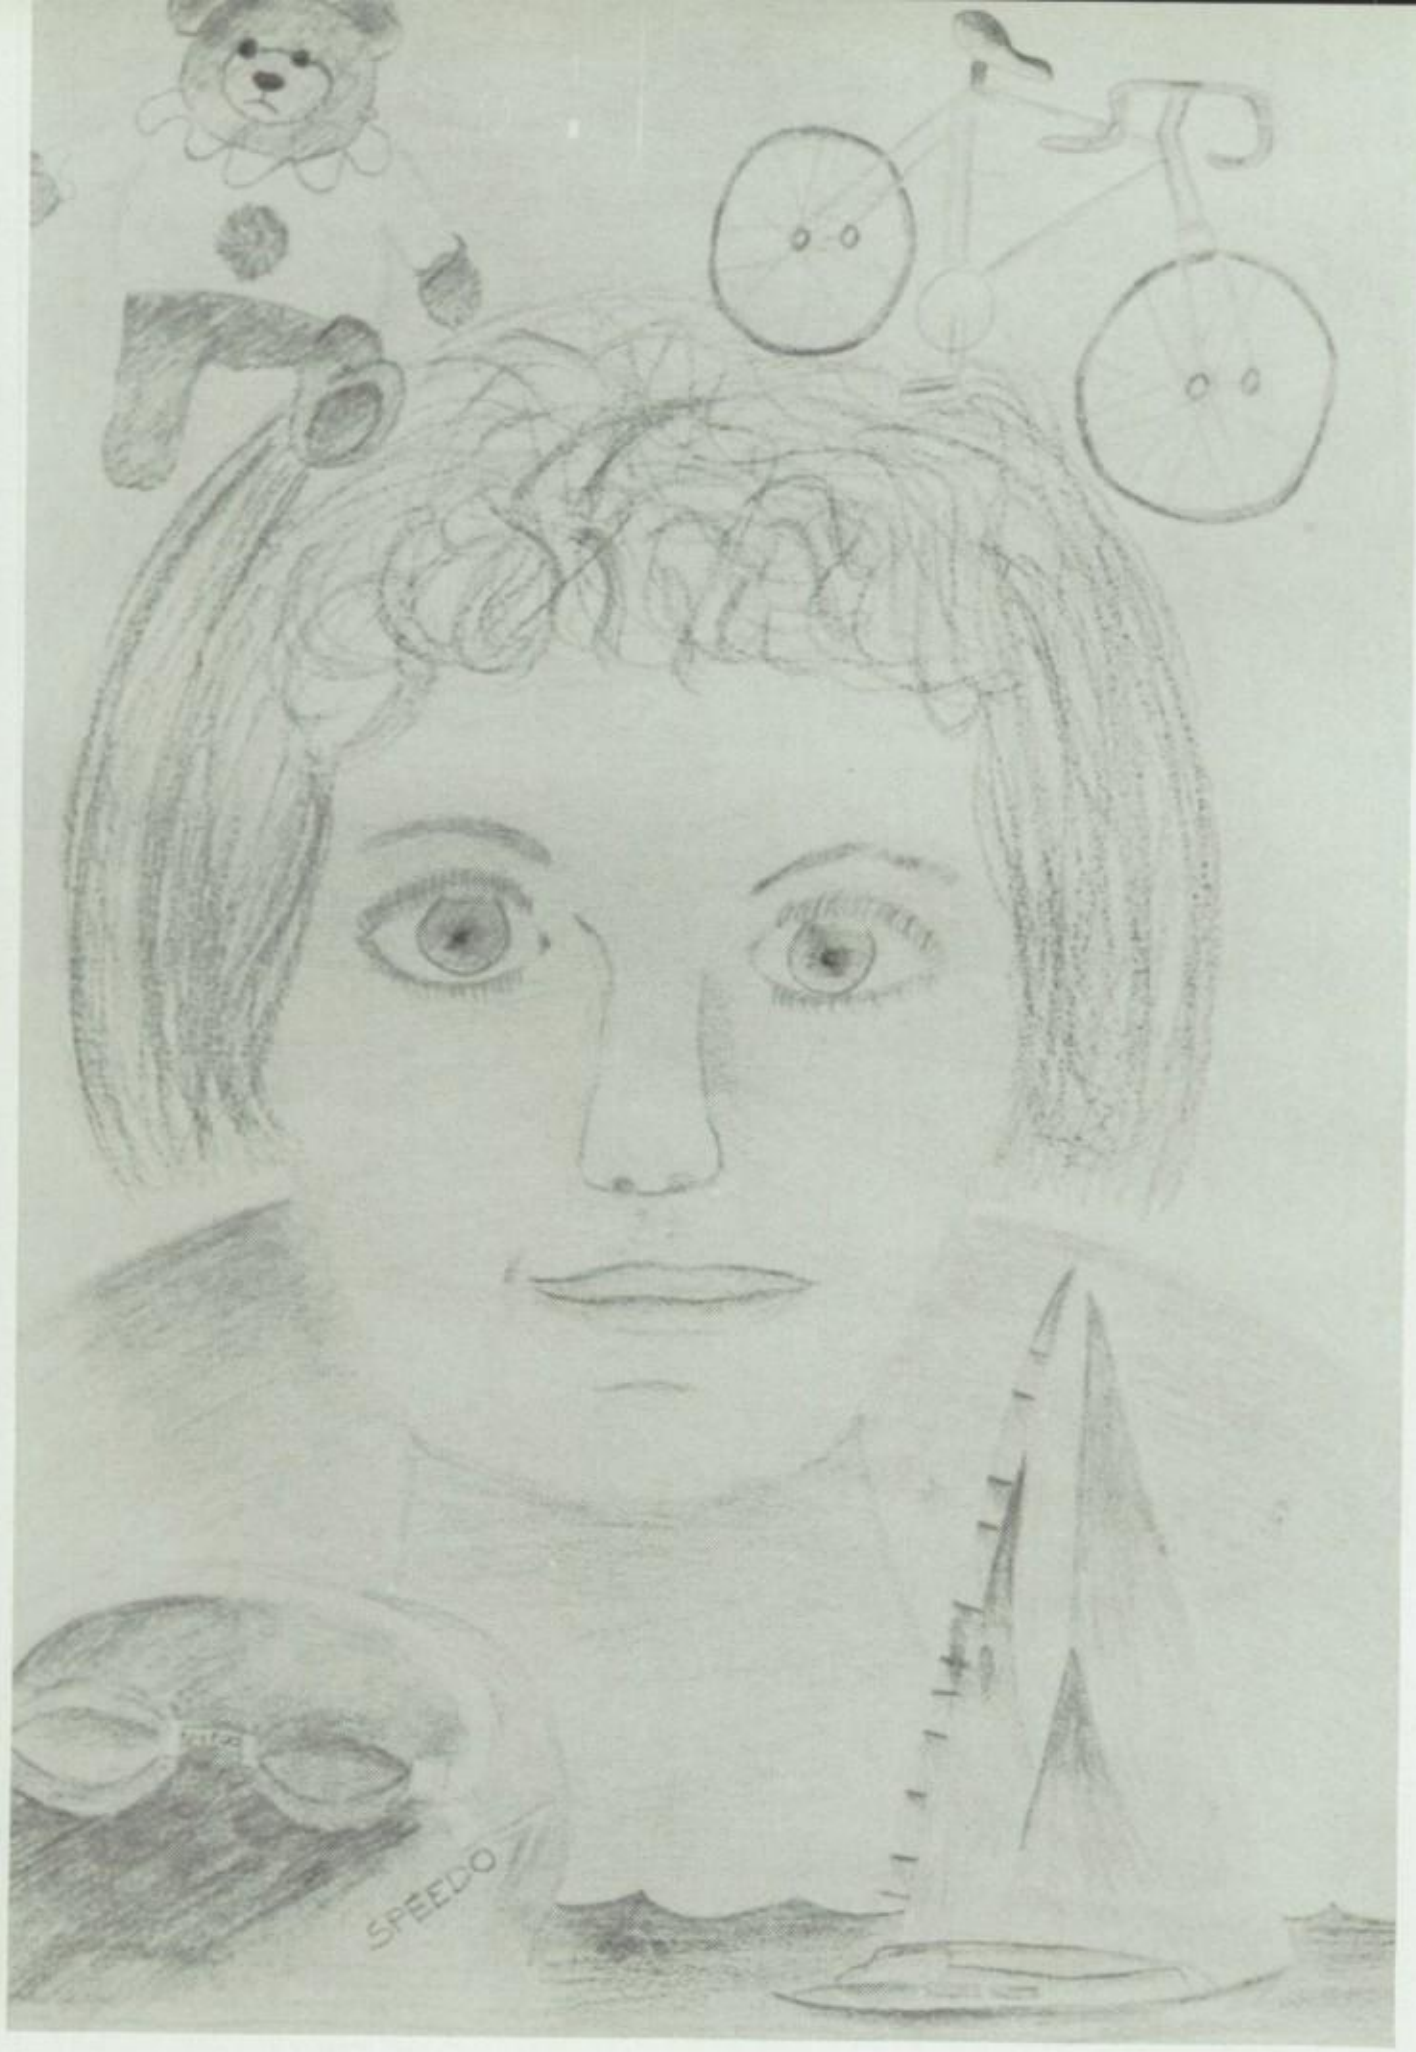
Wind . . .
buffets the clouds away . . .
swishes leaves,
through the streets . . .
among people's feet
who trample them
thoughtlessly . . .
in their hurry to get away . . .

Leaves: *"It was a rainy day. I write all the time. About anything and everything. Whatever inspires me. It's not hard. I just keep thinking and one day I come up with something I have to put on paper." —Tami Sugimoto*

Owl In A Tree: *One October afternoon, an owl was spotted in the quad. Mr. Morehouse, often called "Hooter" because he is crazy about owls, grabbed his camera and took this picture.*

Self Portrait: *"For Art class we had to draw our own face and four things we like. I enjoy biking, sailing, swimming and teddy bears. I also like drawing. Everyone should try art."*
— Julie Witkowski

Rescue Me: *"I was inspired to write by a Jamaican fisherman who told me, 'There is no wealth but life.' This poem is to a close friend who knows."*
— Tiffini Larren



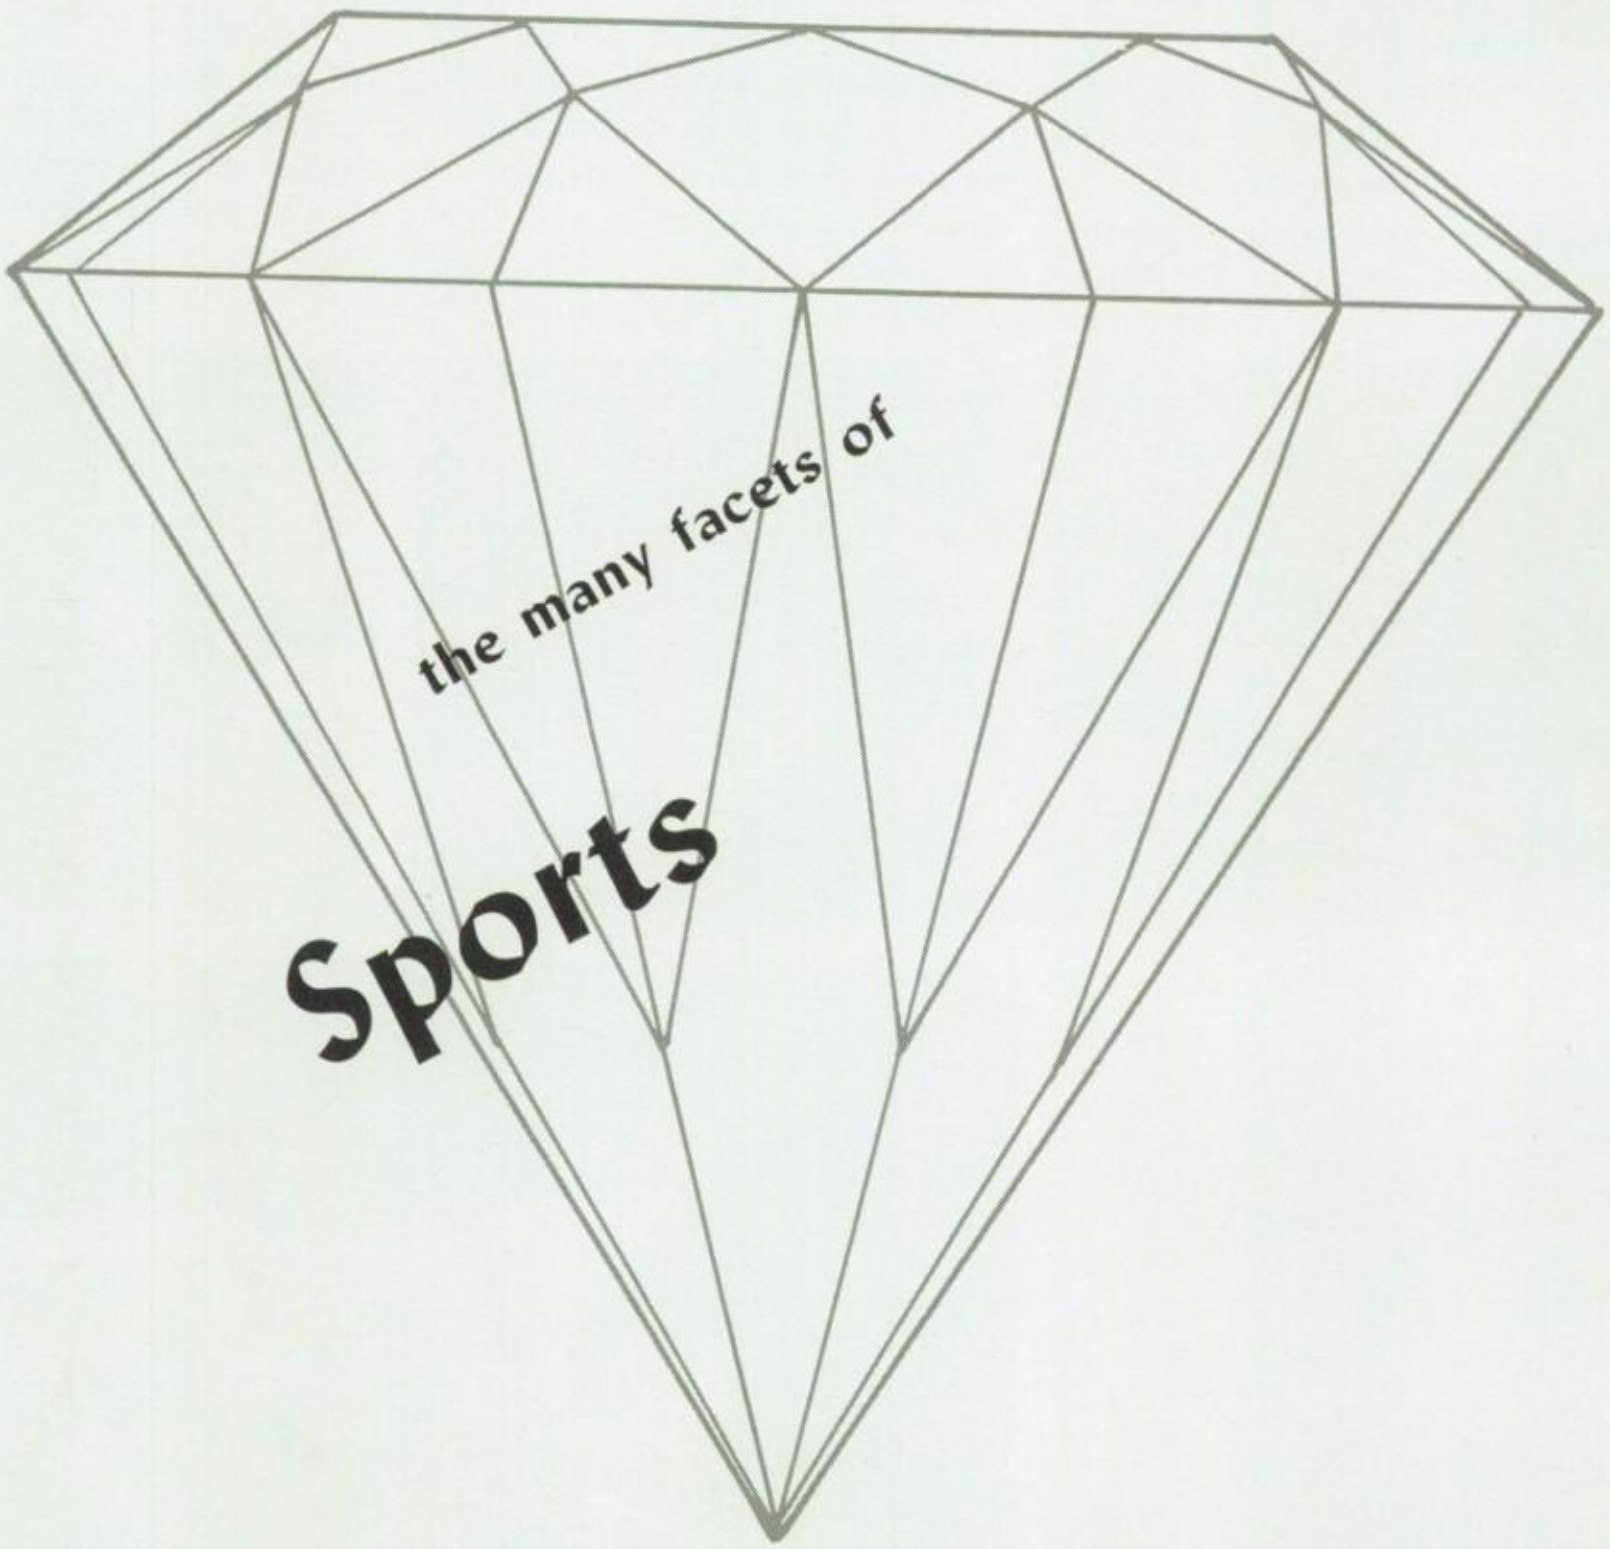
Rescue Me

Maybe . . . someday . . .
we'll be together . . .
I will conquer your mind,
I wonder what I'll find . . .
do you even love me?
give me a clue . . .
these little mind games are killing me . . .

Your love . . .
is an elusive dream . . .
do dreams ever come true?
last night I wished upon a star,
hoping to capture your heart . . .

When I see you . . .
my heart flutters like a captured bird . . .
trying to be free . . .
only you have the key . . .
rescue me??

Tennis, golf, football, basketball, track, La Crosse, cricket, polo, hockey, archery, croquet, fencing, boxing, and baseball were all popular in 1910. However, only basketball was a sport where we competed against other schools. Our competition was hard-we even played U.S.C.-but the basketball team, which consisted of eight players, took the Championships of Orange County. Today a wide variety of sports are found at Huntington. Surfing, in the spotlight, hadn't even been popular until the 40's and 50's. Our outstanding gymnastics of the 60's and 70's was the best in the southland. Today the H.B. sports program continues to be a success. This success will, of course, continue to years from now.



the many facets of
Sports

Varsity Football

Powerful Potential

This years Varsity Football team was plagued with injuries and faced stiff competition in a disappointing season. Injuries, though, were the most important factor. It was a common sight on campus, this year, to see Oiler football players on crutches and in casts during the season.

The season was not entirely full of disappointments though. The BIG games of the year were: the shut out victory over Damien, the defeat of a strong Westminester team, and the tie of Newport Harbour, who was one of the top ranked teams in the county. Many players turned in outstanding performances during the season. Randy Hatch for instance, whos great play at linebacker led the defense. Scott Elliots rushing and Darrin Tomasick's rushing and kicking paced the offense. Other excellent players were Russ Morgan, Ed Lydioff, Nick Katz, and Robert until he sustained an injury.

Many of the players on this years team were juniors. In fact 3 of the 4 players that made the All League team were juniors. There is no doubt that this years gave it their all but injuries and mental mistakes led to a tough season. With many returning players next years team looks to be excellent.

Surfing 1984-1985

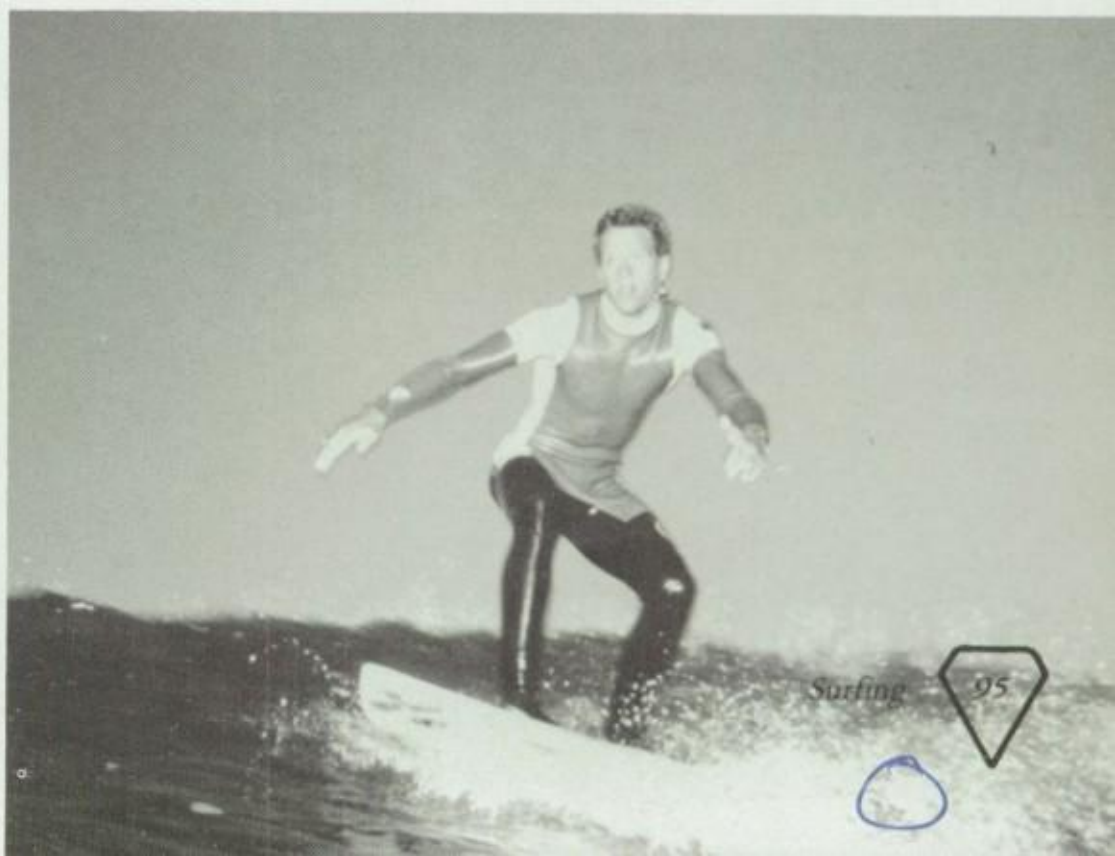
National Champions

This years surfing team was once again ranked number one. Who has the ability to wake up every day during summer before 5:00 A.M. simply because of a tropical storm? The dedicated surf team members would be a good guess. H.B. has had its surf team ranked number one in the nation and of course topping the Sunset League. No comparison can be drawn to these dazzling tamers of the California coast. To be part of the surf team, you must take the class and then go through a series of three contests to see who is the best. He or she will then go and represent H.B. at contests held in different parts of California from Santa Cruz to San Diego.

In a heat, you have 15 minutes to catch a minimum of four waves, and a maximum of ten. Each wave is judged on a scale from one to ten, which is determined by the most radical maneuver on the biggest wave, closest to the curl. Most of the surfers like trips to spots like Oceanside, Tressels, and Newport.

The surf team is lead by Coach Chuck Allen. The team meets in the mornings and often ventures to the pier to practice. Some of the notable surfers on this years team are Mike Shoemuller, Shawn Ingrim, Roger Korsiak, and Lloyd Tyce. The surfing program at Huntington has and will remain the best in the nation.

(Back Row) Coach Chuck Allen, Bri Guglielmana, Shawn Ingrim, Lloyd Tic Mike Schillmoeller, Kirk Tice, Gr Ryan, Dick Flemming. (Middle Ro Craig Tovatt, David Kallal, Roger Ko siak, Joey Hawkins, and Chris Dietch (Front Row) Michelle Bray, So Townsend, Jason Warren, Bobby Loc hart, Brian Lindsey, Colby Outlaw, M Lindsey, Justin Palmer, Phoebe Anab and Amy Nicol.



Boys' Cross Country

Excellent '84 Season For Boys' C.C.

This years boys' Cross Country had a tremendous season. Boys varsity ranked 2nd in League after losing by only 10 points to Fountain Valley. The J.V. ranked well, while the Frosh-Soph teams went undefeated. The team also was successful at this years invitational at Mt. SAC, taking first place. Steve Thomas and Karl Post (Capt.) were assets to the team, while most improved was Randy Work. Sophomore sensation, John Soto, was undefeated and was League champion and League Player of the Year. Coach Wood concluded saying, "We had a very good year." Mr. Wood should know because he is in his 21st year of coaching Boys' Cross Country. The program has been a tremendous success throughout the years.

GIRLS CROSS COUNTRY

THE GIRLS GAVE IT THEIR BEST RUN

The Girls Cross Country Team can't wait until next season, with such returners as Lisa Torrez and Julia Bond. They both are Juniors and looking forward to next season. The Girls Cross Country team consists of two teams; Varsity and Junior Varsity. Both teams are coached by Virginia Gruwell. Mrs. Gruwell is in her second year as Cross Country coach. Coach Gruwell did an excellent job in encouraging these girls, she set heavy schedules for them to follow. Even with few wins, the girls really did great. Outstanding runners this year were Lisa Torrez, Julia Bond, Melony Bond, and Sharon Mayhew. There was so much commitment and dedication in these girls as well as some excellent talent. They have really set a good example for next years team. Most of the girls will be returning for next year. Lisa Torrez was voted most valuable player, Julia Bond was awarded team captain, and Lisa Smith was awarded most improved.

WATER POLO

OPTIMISTIC SEASON

Huntington Beach water polo participated in a challenging season with an optimistic outlook. With an enthusiastic defense team, Oilers provided a good game for any opponent! Combined with good sportsmenship and a positive attitude, Coach Dennis Litrell lead an excellent team. This season turned out to be a year of building up. Future squads are sure to improve.

Varsity consisted of six returning players this season. Most valuable player was a very deserving Dave Miller. Jeff Scott earned most improved player. Hard work and effort earned them these awards. However, all twelve varsity players participated, and contributed to this years team. Together, varsity water polo played an outstanding season.

Junior Varsity played side by side with the varsity team. For the J.V. squad some outstanding players were most valuable Richard Bohorfoush, and Andrew Sugimoto who received the coaches award. Rick Distaso, also an outstanding player received most improved. This squad showed much improvement over the season, and will most likely bring Huntington Beach to victory next season.

Our Freshmen and Sophomore team also participated in a competitive season. The team consisted of twenty-one players who will give Huntington Beach water polo an edge over the competition in upcoming seasons. A few players you should look for in upcoming seasons are, Mark Hirsh who was Frosh/Sophs most valueable player, and Eric Kaufman who received the coaches award. Darryl Hanger, also an upcoming potential, earned most improved player.

(This page, Right) Rick Distaso waits for a pass, guarding a player from Cypress High School. (Center) Jeff Scott blocks a possible goal successfully. (Opposite Page, Right) With Intense determination, Brian Sciacca passes for a goal. (Left) Jeff Scott watches the ball pass just outside his goal. (Center) Coach Litrell discusses strategy with the varsity team, during a tournament.

Swish!!! . . . I Wish!!

This year's boys basketball team had a good season under the coaching of Roy Miller. Their final game results were 9-13. This year's honor of best team member goes to Anthony Howard, who held such titles as highest scorer, most blocked shots, and most free throws. Anthony was also named most valuable player of Huntington for all Sunset League by the Daily Pilot. When asked if anything exciting had happened this year, Darrin Snow replied, "The highlight of this year was when we beat Edison." The team suffered two losses this year, Joel Miller and Greg Mills due to a knee injury and a drop out. Much team effort went into this year's team and all the work paid off with results of a great season.

Strong Season For Sophs And Freds

This year the Sophomore and Freshmen teams both had strong seasons. The Sophomore team coached by Gary Reboin, finished with a 17-7 record and third place in the Sunset League. Top players on the sophomore team include: first team all-league player Kevin Brazzel. Kevin led the team scoring, rebounds, and blocked shots. Also contributing greatly was second team all-league player Dean Cunningham, Jeff Flory, and Rod Marx.

The Freshmen also had a strong season finishing in second place with a 13-14 record. The team, coached by Greg Steinhause, was led by guard Rich Hughes and forward John Apostle. Hughes, a first team all-league pick, led the team in scoring with his outstanding shooting. All league second team player John Apostle led the team in rebounds and assists. Other top players included forwards Brandon Lott, Dominic Alverez, and Greg Ryan.

Girls Basketball

The girls' basketball teams consist of varsity and junior varsity. The varsity team is coached by Joanne Kellogg and Lem Utu. The coach for junior varsity is Cathy Cordova aissted by Lisa Connolly. All coaches have set high goals for the girls. In pre-season, the varsity placed second in the Garden Grove tournament and placed fourth in the Cypress tournament. Even though the team did not make it into the C.I.F. playoffs this year, the girls played some outstanding games. Coaches Kellogg and Utu feel that the experience of six returning lettermen along with some promising junior varsity players will make the Oilers strong contenders in the Sunset League next year.

The junior varsity clinched the Sunset League title this year. Coach Cordova said that the key to the girls' success was not strictly on the court, but on the bench as well. It was the desire, attitude, support, and comradeship, shared by each, regardless of how much one played, that distinguished them amongst the best.

(Top row left to right) Coach Kellogg, Yvonne Holladay, Nancy Lund, Stefanie Pemper, Wendy Becker, Kelly Murray, Lem Utu, Shawna Armstrong, Tammy Keller, Allyson Hartman, Ida Vallez, Marcia Krcelic.

Girls' Soccer Kick

Winning Goals

Working together made this years Girls' Varsity and Junior Varsity teams much stronger. The girls played with enthusiasm and great effort. With the combination of the longball pass and being coached by Mr. Zacher, this years team played very well. Many of the talented Oilers contributing to this years team were Cathi Hays at center forward,Cathy Liddell at fullback, Julia Horton at right fullback, and Renate Zacher as sweeper. All of these girls and the rest of the team helped them on to a winning season. The same can be said for the Junior Varsity team. They had a very strong defense and with top players such as Sheri Mann and Kim Porter they are expected to have a very good team next year. Congratulations to both teams for a very successful season.

Right On Top

Wrestling is known as the science in which you are trying to out maneuver your opponent with strategic moves of speed and accuracy. That is what Mr. Rice tells his 44 wrestlers, which make up Huntington's squad. In this particular sport, it is believed that every boy should play. The team is comprised of 23 freshmen, 10 sophomores, 5 juniors, and 6 seniors. With a current 8 wins 10 losses, Coach Rice predicts a rebuilding season.

Weight control, and conditioning, as well as learning the moves, is the purpose of their daily strenuous practices. From 2:00-5:30, everyday, Coach Rice demonstrates moves as well as instruct various maneuvers. The freshmen are encouraged to work the hardest. As they provide strength to future squads.

In 13 different weight divisions ranging from 98 pounds, to 245 pounds. Each member fits into a category, and must compete within his own range. Each wrestler begins the season with a particular weight goal in mind. It is this goal that makes wrestling one of the more demanding sports.

A stronger wrestler will learn to react to things rather than to think about it. That is what Coach Rice and assistant Coach Richard Alvarez have told their teams in the past, also to those to come in the future. Stronger, and more powerful teams are predicted, and with potential wrestlers like senior Ken Beck 18 wins and 3 losses. Junior Eric Budwig 1 wins 1 loss, and freshmen Doobie Escobedo 18 wins 1 tie, our squad is among the best in the league, as we finishes second!

(This page, top) Chris Hake has another easy win. (center dominant) Edision sure knows how to use their heads. (Opposite page, upper right) Jim Dunagan takes wrestling seriously. (Opposite page, upper left) Eric Budwig "The Skull Crusher."

Girls Volleyball

All Hands, No Feet

Volleyball is one of Huntington Beach High's most popular sports for girls. 116 girls tried-out for the famous, not to mention fun, californian sport. However, only 45 talented athletes were chosen to make the frosh-soph, J.V. and Varsity teams.

The obsticals that faced this years Varsity team were great! The young team was faced with tough opposition from Edison, Marina, and Fountain Valley.

Boys Volleyball

Scooping Low, Jumping High, The Volleyball Team Is Not Shy!

This year, Huntington Beach volleyball, has set and achieved new goals for its eam. Rather than pocessing the atti-ude of win, or die, Coach Ciarelli ncourages them to strive for other oals such as learning more about he sport, as well as themselves. Coach Ciarelli believes learning to ose, as well as learning to win is mportant.

This year's squad works hard, and as learned alot," says coach Ciarelli. Also, "A good sense of humor," is something this year's team posesses. Most of the men on this team have started volleyball since their high school years. Unlike other sports, which are started much earlier, volleyball requires a variety of skills.

Varsity volleyball has practices from two to four everyday, except game days. Their practice time is spent returning serves from the coach. As he serves them, he points out their strengths, and weaknesses. With such communication, a strong bond can be created between coach and player.

A few of the strong players this year were Tom Rubbly, John Capociama, and Bob Bolen. Their strength, and endurance is due to their long hours of practice and capability. Huntington Beach volleyball can be considered a tough competitor to any team.

Girl's Field Hockey

League Champs!

Field Hockey sounds very unusual, but it is a fun sport. It is not unusually popular like football or basketball but it has its share of devoted fans. Here at Huntington Beach High School, we have an extremely dedicated field hockey team coached by Lydia Reiney.

This year, the field hockey team completed a task that no other athletic team has done. They won the Sunset League in their sport with a win over Newport Harbor High School. Unfortunately, field hockey is no longer a CIF sport, but if it was, our talented Oilers had a great chance to be state champs.

Lori Fox completed her last season as the team leader with ten goals. Sharon Normandin was also a big asset to the Oiler's championship as she scored six goals and Keely Cassidy made six assists. Other Oiler girls who played a big role in the team's success were goalie Keri Enriquez and new team members Julia Bond and Dee Dee Pagnanelli.

(Kneeling left to right) Laura Alvarez, Keri Enriquez, Jennifer Janas, Julia Bond; (Sitting left to right) Tricia Masangkay, Karalyn Quinn, Thea Thorkkdson, Keely Cassidy, Sharon Mayhew, Sandy Stafford; (Standing left to right) Tracy MacDonald (coach), Sharon Normandin, Kelly Satterthwaite, Dede Pagnanelli, Woendi Lindersmith, Lori Fox, Lydia Reaney (coach); (Not shown) Toni Lee and Vici Abajaian.

Varsity Results:

League record
8 wins
0 losses
2 ties
First place in Santa Ana Valley Tournament
Tied 2-2 in the first round of play-offs but lost in strokes

(Bottom left) Keely prepares to steal the ball as she defends the goal. (Below) Lori Fox dodges an opponent on her way to score another goal.

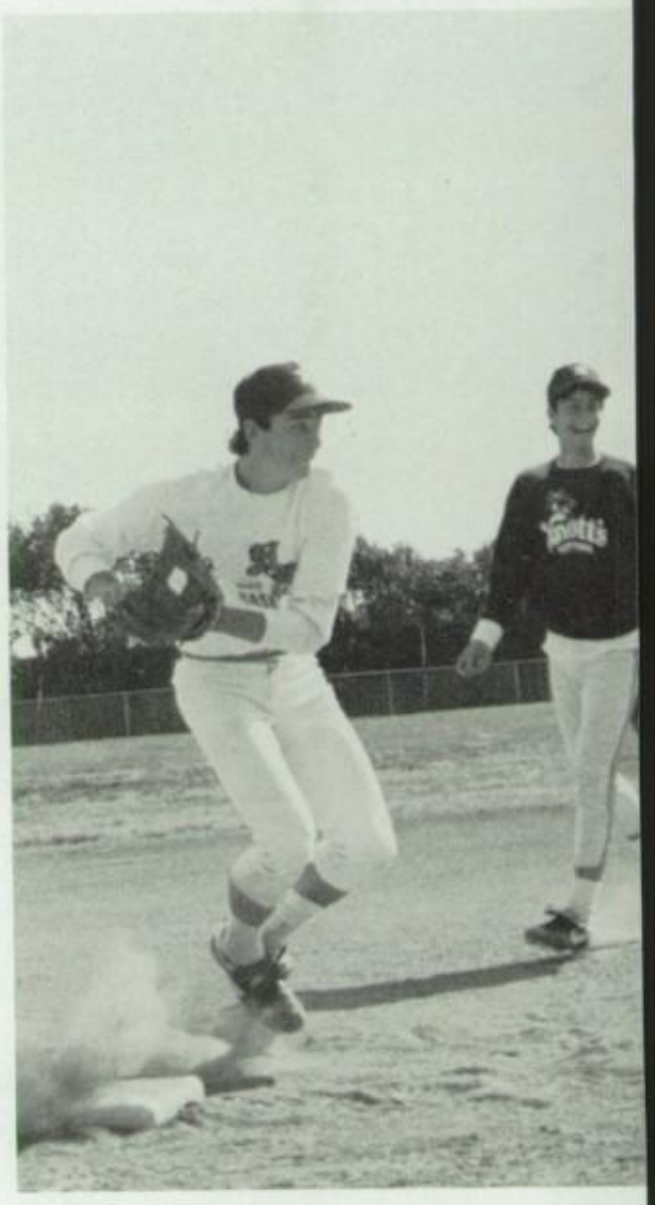
Swingin' Season Proves Successful

Boys' Baseball

Mike Dood began his fourth year as the Oilers' coach. Twice they went to CIF 4-A playoffs, once with a portion of the Sunset League title, under his guidance. Coach Dodd is a Product of Long Beach State with professional experience in the Minnesota Twins and the San Francisco Giants chain.

Boys' Baseball had a productive season in 1985. With the leadership of the coaches, and with junior Rick Eusey and senior Stan Anderson at short and second. Cary Pont is a unlimited player with the positions of pitcher, first base, and outfielder. Dave Grace was a strong third.

New leadership is sure to come from the juniors Jeff Haack, Jim Dedrick, Coley McClendon, and Greg Chizek.



Varsity: *(Top Row) Coach Pete Mitchel, Ed Lidyoff, Jeff Haack, Ed Bridges, Dave Grace, Mark Rasmussen, Doug Euper, and Coach Mike Dodd. Girls' Swimming

Keeping It Afloat

The 1984-1985 aquatic team showed fantastic potential in strength and team work. The spirit of the 27 swimmers all had the enthusiasm and drive to make it to the C.I.F. championships with the encouragement of their head coach Ms. Murphy. The team displayed pure dedication to their sport, working out approximately seven hours a week. These girls practiced long and hard before and after school hours. There were different heats they competed in: Breaststroke, Backstroke, and also the Butterfly.

The dive team has also put their Oiler pride and hopes of being #1 team into each of the competitions. Each diver is required to do one dive from the compulsory list and then several optional dives to obtain the highest score possible.

Boys Swimming

Life In The Fast Lane

Consisting of two strong teams, Huntington Beach, Boy's swimming is a competitive, and very demanding sport. In swimming, timing and accuracy are very important. Varsity, and Junior varsity both have daily rigorous workouts. The purpose of these workouts is to provide a swimmer with the time it takes to become a strong swimmer, with the ability to compete in several league events.

Swim meets, and League events are an important factor in high school sports, such as this, because it allows students from all over to compete, and swim against other students, who have also been training. As in all sports, practice gives an athlete the edge over his opponent in that his speed, and endurance will enable him to out swim his opponent, and take the win in that category. Since swimming is one of the harder sports to judge, the final winner is the one with the best time. This is the reason for such precise timeing techniques.

Huntington's squad is made up of strong swimmers, such as Randy Folker, and Keith Bugeda. Swimming is a sport which entails individual effort. Each swimmer competes against his own time, and he himself is his stiffist competitor.

This page *(top) Brian Scicca takes a breath of air. (Center) Mark Kamei doing the frog stroke.* **Opposite page** *(Top left) Coach Luttrell observes his teams. GIRLS TENNIS GAVE IT THEIR BEST SWING!

This years girls tennis team gave it their all this season, but were defeated in the end. They put in many hours of long-hard practice and had a positive attitude throughout the entire season. The Varsity team this year had many good players, and the Junior Varsity team was great this year, winning most of their games. The teams most competitive schools were Edison and Marina, but they gave it their all and did their best.

The Varsity MVP'S of 1984 for singles were Amy Nicol, and for doubles Jyothi Alturi and Cindy Mills. The Junior Varsity MVP'S of 1984 for singles was Michelle Diep and for doubles Dawn Martinex and Carrie Turill. This years coaches awards were given to Varsity players, Tricia Masangkay and Tammy Nakamura.

Huntington Beach High Schools tennis team is loosing many talented players this year, but they are also looking forward to the upcoming talent of many young players to come. They hope to have a strong team next year and possibly make it all the way to C.I.F. It will take a lot of dedication and hours of practice, but they hope to win for the pride of Huntington Beach High School.

Boys Tennis

Across The Court

This year the Varsity Tennis team had one outstanding four year letterman return, Chris Ganz; Others that returned are Peter Kelley, Ron Burglund, and Curtis Fowler. The singles were led by the dazzling performance of Chris Ganz and Peter Kelly. The stunning doubles were led by Ron Burglund and Jason Buell. Jason came up from the J.V. team as a sophomore and has shown great success on the Varsity team. This years team was a power-house along with the J.V. team.

(Top left) Peter Kelley, Brian Crandall, Curtis Fowler, Kevin Quinn, Jeff Chang, Coach Getty (Left Bottom) John Deip, Jason Buell, Tony Armond, Ziki Romano. (Not pictured) Chris Ganz and Ron Burglund.

Golfers Stroke For The Top

nce again this year H.B.H.S. has an excellent Golf team. Out of 30 players who tried ut only 10 made the team and 6 play n matches. The team is comprised of nany talented returning Lettermen nd three Freshmen. The top players n the team include: senior Mike Taylor, sophomore Kent Wiese, and Junior Arik gamm. All three of these players have outstanding games and should lead the team. At the time of this yearbook's printing the team was 4-2 in pre-season. Coach Seckington feels that for the team to succeed this the 5 and 6 golfers must play well. This years team has a realistic chance of winning the Sunset League title, with their stiffest competition coming from Fountain Valley, and the team should qualify for the C.I.F. playoffs.

ch Seckinton, Brian Koslosky, Ben Thompson, Devon Fulton, Bret Brumett, Rich Tovat, Baugh, Mike Taylor, Kent Wiese.

Boys' Track

Always One Step Ahead

The 1984-85 Boys' Track Team was a fantastic team. They won almost every meet. These guys were always coming together and working as a team to make them one of the best track teams of the year. All the guys are terrific runners. Coach Carter Lewis was a great inspiration to the teams. All the guys have great futures on the H.B.H.S. Track Team. We know that for the track seasons to come the Huntington Beach High School Track Teams will always stay one step ahead of the rest.

Catch Me If You Can!

This years girls track team was coached by Gina Gruwell. Coach Gruwell had a positive outlook for the team all season. The girls performed well in various events. They dropped their times excessively, and jumped higher than last years team.

The team had a lot of new, young, and dedicated talent. Their best new-talent was Melanie Gold, Jenny Acosta, and Lisa Smith. They were always hitting the tape first in their events. Returners were Julia Bond and Trisha Masankago.

ach Gruwell, Laura Alvarez, Susie Silber, Laura Jackle, Sharon Normindin, Trisha Masankago, ia Bond, Melanie Gold, Jenny Acosta, Hope Barnes, Tami Hohnson, Janet Maricich, Lisa ith, Kim Cornell, Molly Bennett, Nancy Neumeister, Miwa Arai, Michelle Palacios, Melonie nd, Sharon Meyhew, Debbie Wood.

(Left) Debbie Wood making a great jump for the Oilers. (Top) The girls taking a practice run.

Girls' Softball

Hitting It Off

The 1984-1985 girls softball team is off to a great start in their careers of softball. Both levels of H.B.H.S. girls softball, Varsity and J.V., have a spirit of enthusiasm.

Our Varsity team practiced daily from 1:45 to 4:45. The coach advisor was Coach Goldstein. The girls don't look at each other as individual talents but think of themselves as an entire team. Their effort together make the goal they strive for.

Our J.V. team was led by Cathy Cordova. The girls put in long hours practicing from 6 period to 5:00. Though the practice is long and hard, the girls enjoyed it. These girls say that the teamwork this year is the best!

Both of the coaches attributed to the healthy, spirited atmosphere. They help the players strengthen thier weaker points. The most important thing is that they get the players involved in themselves and the entire athletic sport of softball.

Varsity: (Back row) Angela Martin, Kim Owen, Kris Albert, Kathy Fogg, Kelly Murry, Allyson Hartman (Front row) Erin Fekjar, Heide Panis, Maria Rosada, Cathy Rice, Stephanie Swingle.

J.V.: (Back row) Jennifer Lundquist, Michelle McComb, Ca Strombitski, Stefanie Pemper, Tami Chide, Jennifer Martin, Tara Y (Front row) Kierston Guida, Annie Mazzone, Kim McCracken, Ela Dammerow, Krysten Dole, Laura Joseph.

(Upper left) Kim Owen and Kris Albert display their sisterly affection. (Upper right) Softball coach Frank Goldstein. (Left) Kim McCracken, Kierston Guida, and Stefanie Pemper stretch out before a game.

Jyothi and Greg playing in top form. Emilie Lam, playing in a game against Westminster.

Top row) Stephen Work, Greg Mills, Kevin Schneeloch, Justin Vaughan. (Second row) Phong Nguyen, Tom ringer, Collin Crownover. (Third row) Viminh Huynh, Meldra Rini, Robin Anderson, Joe McMillen, Eric Nessl, Dan apier. (Fourth row) Ann Luong, Khanh Le, Michelle Diep, Huong Ho, Leslie Inch, Arlene Toy, Cindy La Soya, Cari bale. (Fifth row) Chi Ho, Jyothi Atluri, Emilie Lam, Michelle Scione, Kristina Williams, Theresa Nessl, Frances mmings.

Badminton

Flying High

Badminton is not a game just for the birds, it had become apopular sport on the Huntington Beach campus this year. We also saw the largest group of students try out for the team. Strong in competition and league play they have spent many long hours after school practicing. With returning players Jyothi Atluri, Emilie Lam, Greg Mills, and Kevin Schneeloch. Ms. Gill (coach), suspects that with upcoming players as Collin Crownover, Huong Ho, and Viminh Huynh that the future looks very bright for Huntington Beach Badminton.

The Juniors have risen high at Huntington. Their ideas, thoughts and actions will leave an impression on the populace. We are the next in line for the highest rank of the student body. They enjoy time in their high school life because "adult responsibilities" lay just a year away. Expand your high school life; cherish and create memories because soon you will be in an adult world. Your junior year is a fantastic one. There are no major responsibilities and you are near the top. The last year at Huntington is close at hand, so have a blast, but try not to waste it either.

Hey Mikey!
Whaes up Guy!
We've had our Brawls
But your'cool See you
at the Beach!
Mike courtney
960-5619 to party!

Student Rep's

The junior student representatives led an active junior class for a memorable 1984-1985 school year. The productive leaders proved their sincere interest in their class by sponsoring numerous events such as fundraisers and dances. Their energetic involvement with student government was certainly a bit plus for the entire student body. The spirited junior class council included (from left to right in picture) Jill Stephens, treasurer; Lisa Rives, vice-president; Kathy Heckman, secretary; Sharon Normandin, representative; and (not pictured) Carin Bennet, president.

Éclat

One extremely active and talented student on our campus this year was Amy Thornton. Among her many activities, she was involved in Marching Band and Wind Ensemble playing the flute, while also playing baritone saxaphone in her second year of jazz Ensemble. Along with being an active member in M.U.N. and League, she at the same time served as Vice President on the Band Council.

In Amy's free time, she enjoys reading and playing basketball, and tries to go skiing whenever possible.

After graduation, Amy plans on attending U.C.L.A. where she wishes to further her studies in Political Science. But whatever she chooses to do, you can be sure that she will be a definate success.

Chris Carter, Kyle Davis, and Mike Giarraffa relax to the right. Chris has lived in Huntington Beach for seventeen years. His favorite spot has remained the H.B. pier. After High school, Chris plans to go to O.C.C. and eventually go to either U.S.C. or S.D.S.U. and become a flight attendant. Some of his afterschool activities are water and snow skiing, surfing, and partying. He is currently in the Ski Club at H.B.

Kyle Davis is a twin (his brother's name is Colin) and has lived in H.B. for only five years. Before that he lived throughout the United States and the countries of England and Germany. He enjoys the company of close friends and after high school he plans to go to U.C.L.A., U.C. Berkeley, or the Air Force Academy. He would then like to become a jet pilot and return to live in England or the Continent. He loves to travel and being with people. Kyle hopes to become a success and world renowned, then marry some beautiful Southern woman.

Mike Giarraffa has lived in Huntington Beach for sixteen years. Having grown up here he loves the weather, the beach, and the girls the most. He plans to go to college at S.D.S.U. and then become either a cruise director or a cop. He likes to surf, snow-ski, dance, and play the drums in a band. Mike is a popular socialite and spends most of his spare time flirting.

Trendy

He is 5 10", blonde hair, and blue eyes. Wade Snow is also a model for a professional hairdresser. Wade stays up on the latest styles and tends and if its in, he is wearing it. Wade has lived in H.B. for only nine years and before that he lived in Seal Beach. He loves the waves and the overall beach scene and when he gets out of high school he plans to go to college at S.C.R.I.P.S. the college of marine biology. He scuba dives and models during much of his free time. Since Wade has been somewhat successful at modeling, he hopes to make it as a professional model after college. Someday you may find Wade modeling the lastest fashions in various magazines.

Burgeon

Burgeon means to grow strong, and Franco Pagnenelli is perhaps one of Huntington's strongest students, both in academics and athletics. He enjoys football, weight lifting, and track events of shot-put and discus. Franco is a member of the CSF club for retaining a high GPA and works for the city in his spare time. Having lived in HB for fourteen years, he loves the beach, warm weather, cute girls and the friendly environment. When he gets out of high school, Franco plans to attend USC and hopes to be a football success or major in electrical engineering.

Leading the way for our award-winning marching band, junior Sheilah Strickland shines as Huntington's majorette. She has been twirling batons for fourteen years and through her dedication has earned over 5,800 trophies. Recently, Sheilah traveled to the Senior Grand National Championships at Las Vegas and the International Hawaii Tournament Championships and dazzled the judges with her confident style. She enjoys spending some of her spare time skate-boarding and teaching baton twirling. Sheilah has become Huntington's first and foremost majorette and gratified her audiences with her bright smiles and diverse talents.

Extra Spirit

Randy Hatch is perhaps one of the most athletic boys on this campus. He has become notable for his efforts in Huntingtron Beach High School's football program. His strong personality has shown through by his extra spirit and dedication. Randy has played football for years and feels that the program at Huntington is a very successful one. He has been a team captain both his Sophomore and Junior years. Randy hopes to go to B.Y.U. after high school and then have a successful marriage and a good job.

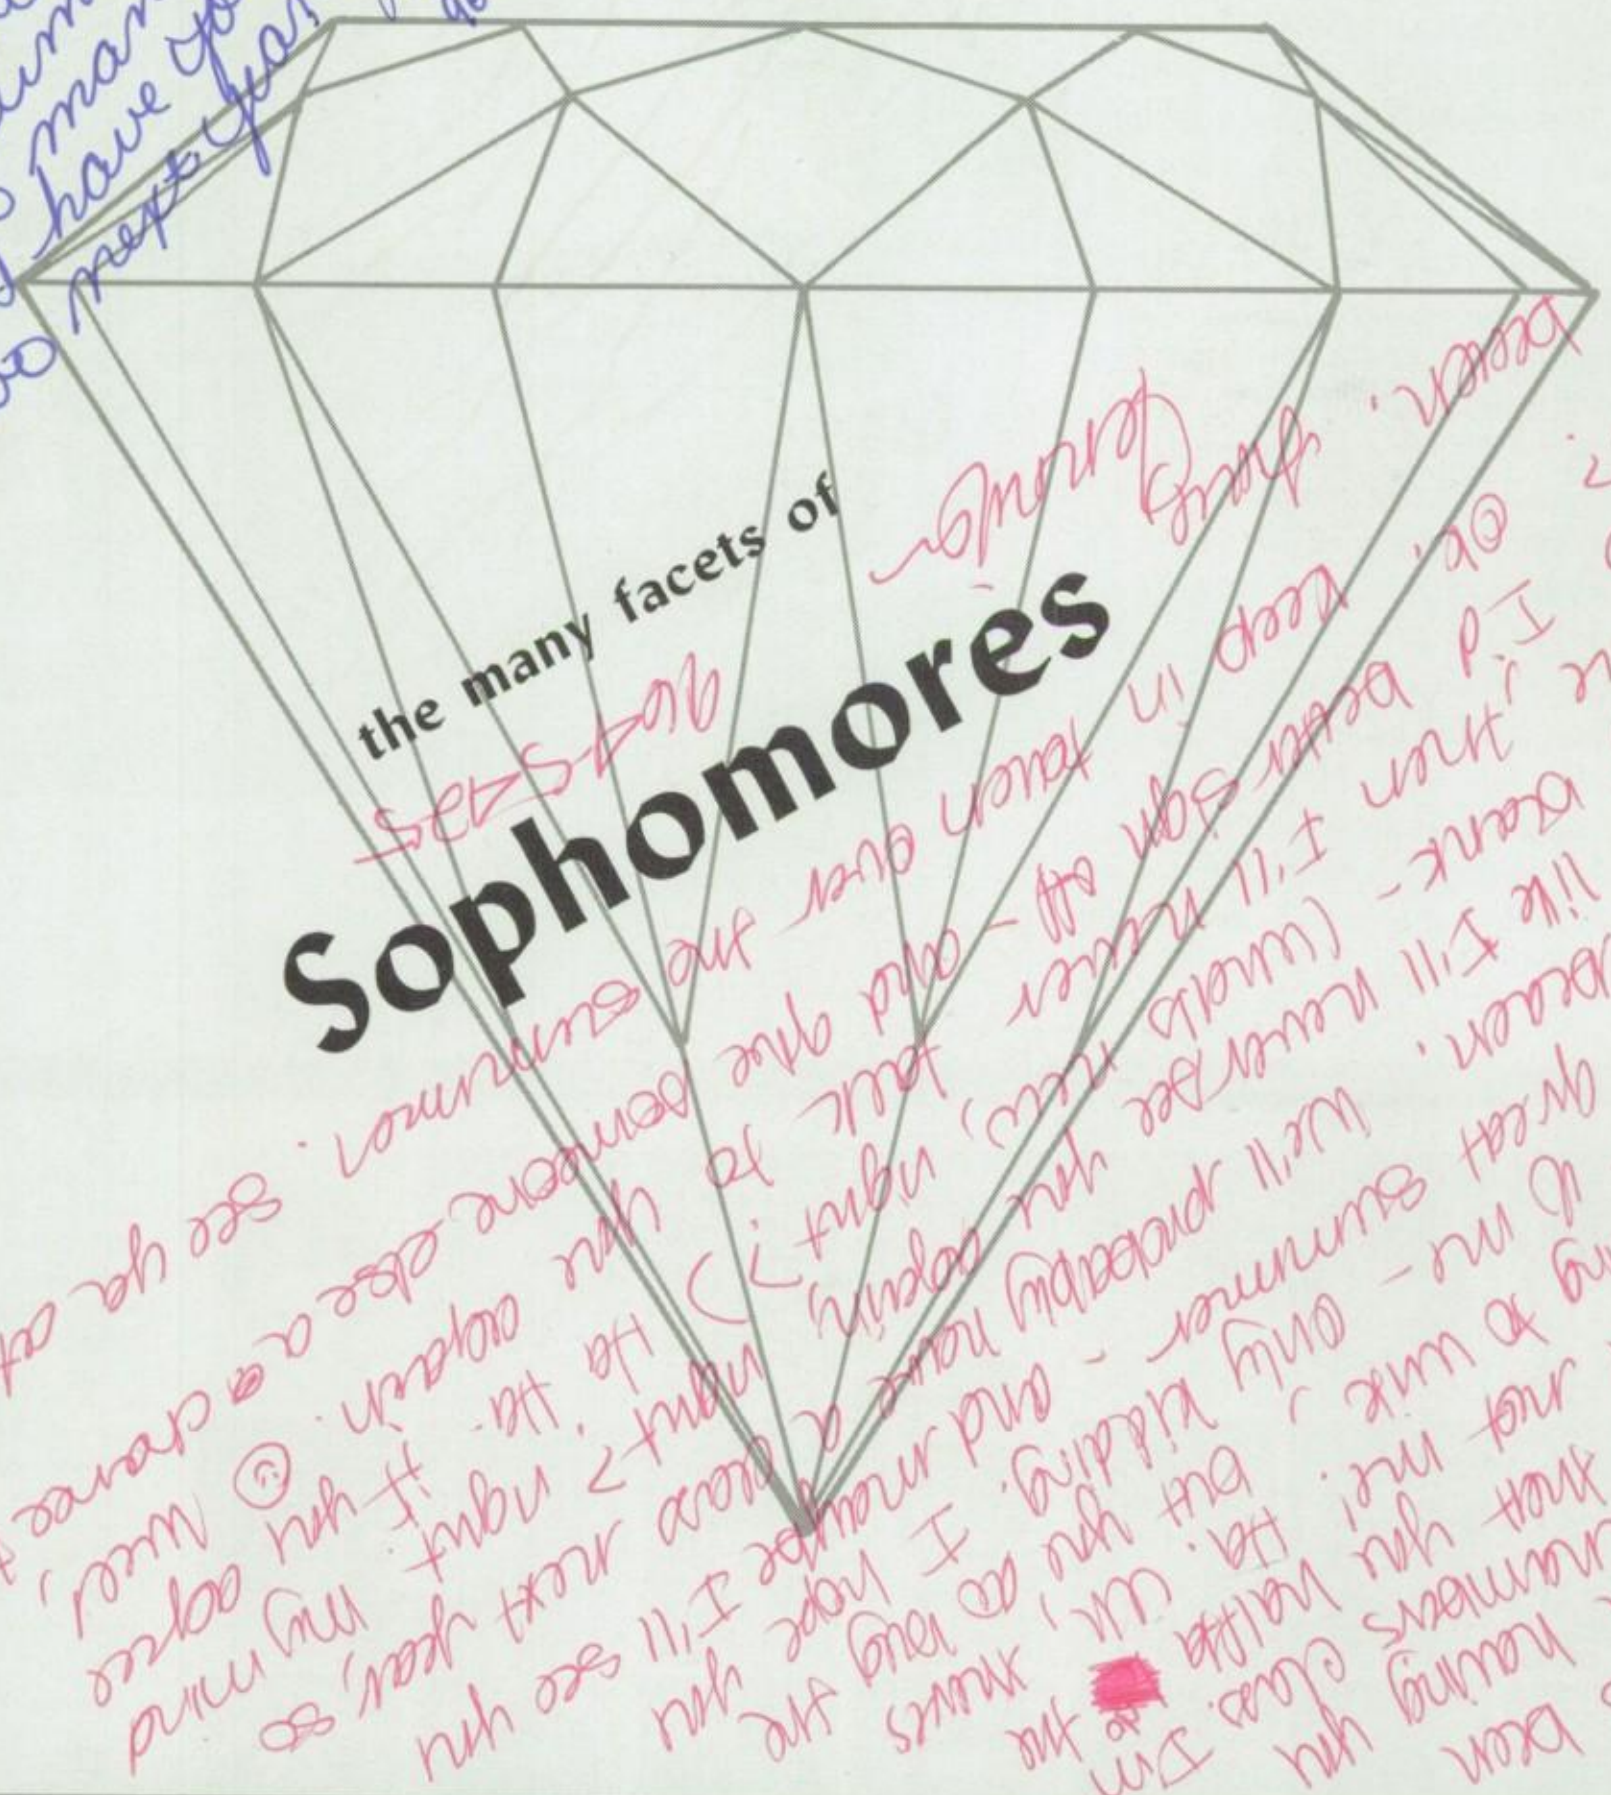
Sophomores are well adjusted to the new atmosphere Huntington offers. The stable environment has relaxed them and as throughout the years, they are now true members of the student body. The Sophomores at Huntington are an incredible group of students whose enthusiasm and maturing soph-instication show the respect they have earned by the other students at Huntington. Just think, only two more years.



the many facets of
Sophomores

Crash Course

Traffic and safety is one course every sophomore looks forward to, but every driving instructor dreads. Sophomores look forward to traffic and safety because it is the first step to getting an official license to drive. A driver's license, to most sophomores, is freedom from asking Mom and Dad to drive them everywhere, and that's why it is so special. Learning to drive, however, is a nerve-racking experience. The student must learn techniques and maneuvers to operate a vehicle. Some maneuvers are learned quickly, while others take some time and plenty of practice. For instance, the stopping maneuver is a difficult one to accomplish. Stopping too soon, too late, or to quickly are common mistakes made by beginners. These problems are annoying to the instructor too. However, our trained instructors here at H.B.H.S. help the students overcome their mistakes and send them on their road to successful driving.

A Real Hot Shot

Staci Hashimoto has been playing basketball for years. She loves the game and shows her love by coaching a band of nine girls, ages seven and eight, called the "Hot Shots of Anaheim California". Staci started coaching as a volunteer and in three years she became head coach. Staci teaches the team techniques and maneuvers she's learned in her experiences of school basketball. The team practices three hours every Saturday to prepare themselves to play against church leagues in their community. Staci also was the sophomore class secretary and a member of many clubs on campus. These clubs include league, M.U.N., J.S.A., and C.S.F. Staci will never stop reaching for the top.

Climbing High

Cynthia Vaughnn is a very active girl. Besides participating in our girls badmitton team, J.S.A., and also the drug rehabilatation program, and our sophomore class treasurer, Cynthia Vaughnn has something very special and unique about herself. Cynthia is a mountain climber. She and her father manage to go climbing about once a month. They have climbed Mt. Whitney, Mt. Cornell, and Mt. San Jacieto without any equipment. Cynthia started climbing seven years ago and really enjoys it. She recalls her worst fall, "I fell ten feet on Taquitis Peak. I wanted to stop but my father told me to go on." Cynthia also water skis and snow skis. Cynthia plans to keep climbing high and living her dreams.

Little Duranie

Here at H.B.H.S. we have a very special person who's nickname is "Little Duranie." Her name is **Natalie Oslin** *and she is very fond of the new wave group Duran Duran. "I like Duran Duran because they stand for the union of young people and for having a good time. They are inspirational because they started with nothing and are now at the top, just as Simon Le Bon wanted them to be," said Natalie. For three years, since their second single came out on the market, Natalie has like Duran Duran. In 1980 "Girls on Film" started her preoccupation of collecting Duran Duran memorabilia. She has 50 posters covering her walls, ceiling, and even extending into the hall. Natalies purse is covered with 110 Duran Duran buttons. Natalie also has five albums, fifteen singles, and thirty books on the group. Her favorite band member is Simon Le Bon, the lead vocalist. Natalie is a devoted Duran Duran fan and as she would say, "Long live Duran Duran."*

Natalie Oslin demonstrates part of her collection of buttons.

It's All An Act

It all started when Gina Christopher was a little seven year old child. Her parents had inspired her to become what she is today. She now sings and acts at theatres, dances occasionally on a stage floor. She hopes that someday she will make it big on the silver screen. Gina likes to go on stage to show people that she can do it and that she's got what it takes. Gina does not only enjoy singing and dancing, she also enjoys snow skiing. Gina's time, however, is mostly spent at singing and commercial acting lessons. Gina has done two commercials and six voice over commercials. Gina's dream is to be a big star someday and by her talent, we all know her dream will come true.

Gina Christopher is an actress, singer, and dancer, as well as a special oiler.

Twirling With Talent

An interesting Oiler on our campus is Dyanna Strickland. Dyanna has been interested in twirling batons since she was four years old. Dyanna has performed in state competitions and has won over 1,000 trophies for her ability to twirl. Dyanna was inspired to try her talent at baton twirling after seeing the Golden Girl from Nebraska State University. Dyanna has also been interested in modeling. When Dyanna was five years old, she won third place in a national modeling competition. Dyanna also has a musical ability. She plays many instruments such as: the violin, the piano, and the flute. Dyanna is looking forward to the possibility of being the future majorette and showing her school spirit.

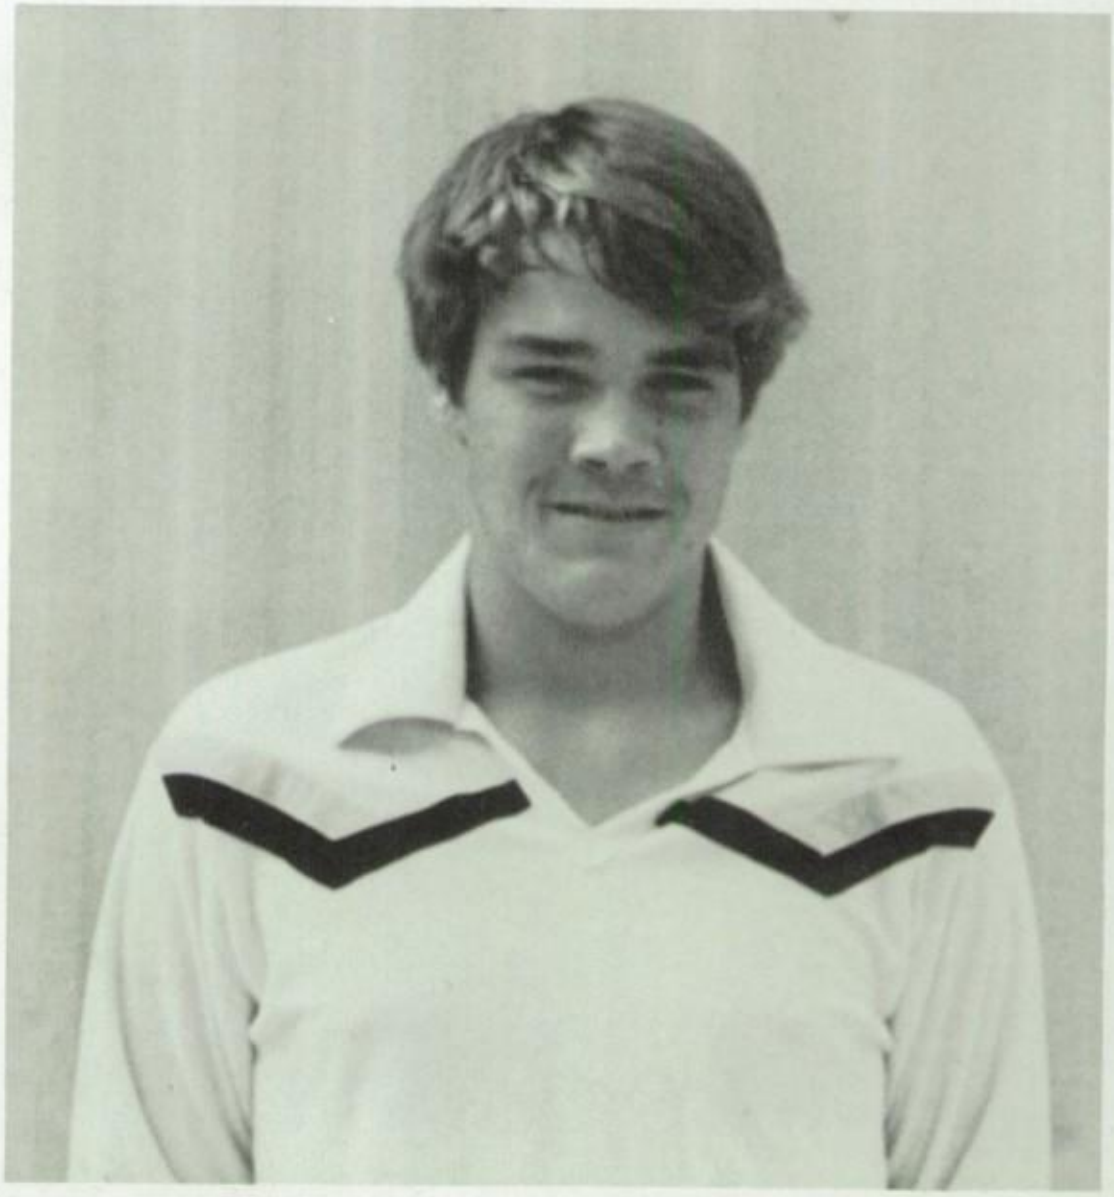
Special Olympics: Special Sophomore

Eric Noblitt, a sophomore at H.B.H.S., began his athletic career by placing in the state finals of the Special Olympics. Eric began running track at the Jack Clap School. His talent was noticed and he was accepted to be in the Special Olympics. Eric won second place in the fifty yard dash. Eric went on to win a total of 10 trophies. Within the last few years, Eric changed his preference for running to throwing the shotput. He earned his school letter for throwing the shotput in his freshman year. In his spare time, Eric lifts weights and exercises to prepare himself to become an even better athlete.



Eric Noblitt stands proud as a special olympic track star.

Sophomores

This year's sophomore executive board included: ***Kent Wiese;*** *president,* ***Greg Wisener;*** *vice president,* ***Stacie Hashimoto;*** *secretary,* ***Cynthia Vaughnn;*** *treasurer, and* ***Caroline Sanderson;*** *representative. The members met once a week to discuss ways to improve the sophomore class. This year they sold shirts and pom poms to raise money for dances and other activities. The members worked hard to put the sophomore class into a better perspective here at H.B.H.S.*

The freshmen, or freddies whichever you prefer, were the new faces and ideas brought to Huntington's campus this past year. Their behaviors had varied but their rank labled them the babies of Huntington. They weren't the babies but inspiring individuals. New to high school life they seemed a bit confused until second semester had rolled around. These people brought their interesting perspectives and it will be a real "experience" watching them rise through the ranks. We wish them luck and a wonderful three more years here at Huntington.

vis is proud of being the only girl trumpet player in band.

The Only One

Travis Roth is in the Huntington Beach Marching Band. She is the only girl in the trumpet section. Travis say's band is fun and she get's to meet a lot of people. It can also get very serious. It takes alot of work to pull together to make a good performance.

Travis likes to collect dolls, thimbles, and business cards. She was also involved in theater soccer, basketball and softball. She is a really nice person with a bright future in front of her.

This flaxen haired, hazel eyed young man is Jim Bolsteo.

Big Man Bolsteo

Jim Bolsteo is a freshman at H.B.H.S. this year. He likes to play soccer and baseball. He has a job and loves outdoor life.

Jim plays inside line backer on defense and wingbacker on offense for the Freshman Football team. Jim said, "I got interested in football, mainly because my dad played it and it seemed like a lot of fun." Besides football, he also enjoys soccer and baseball. He plays AYSO soccer and had been playing for the last four years. He has played baseball in the Huntington Valley League for the last 6 years. He plans to be on both these teams for H.B.H.S.

He enjoys long distance bike rides. He rides 20 miles to Featherly Park, and camps there overnight. Hiking and camping is an interest that is done mostly with his family.

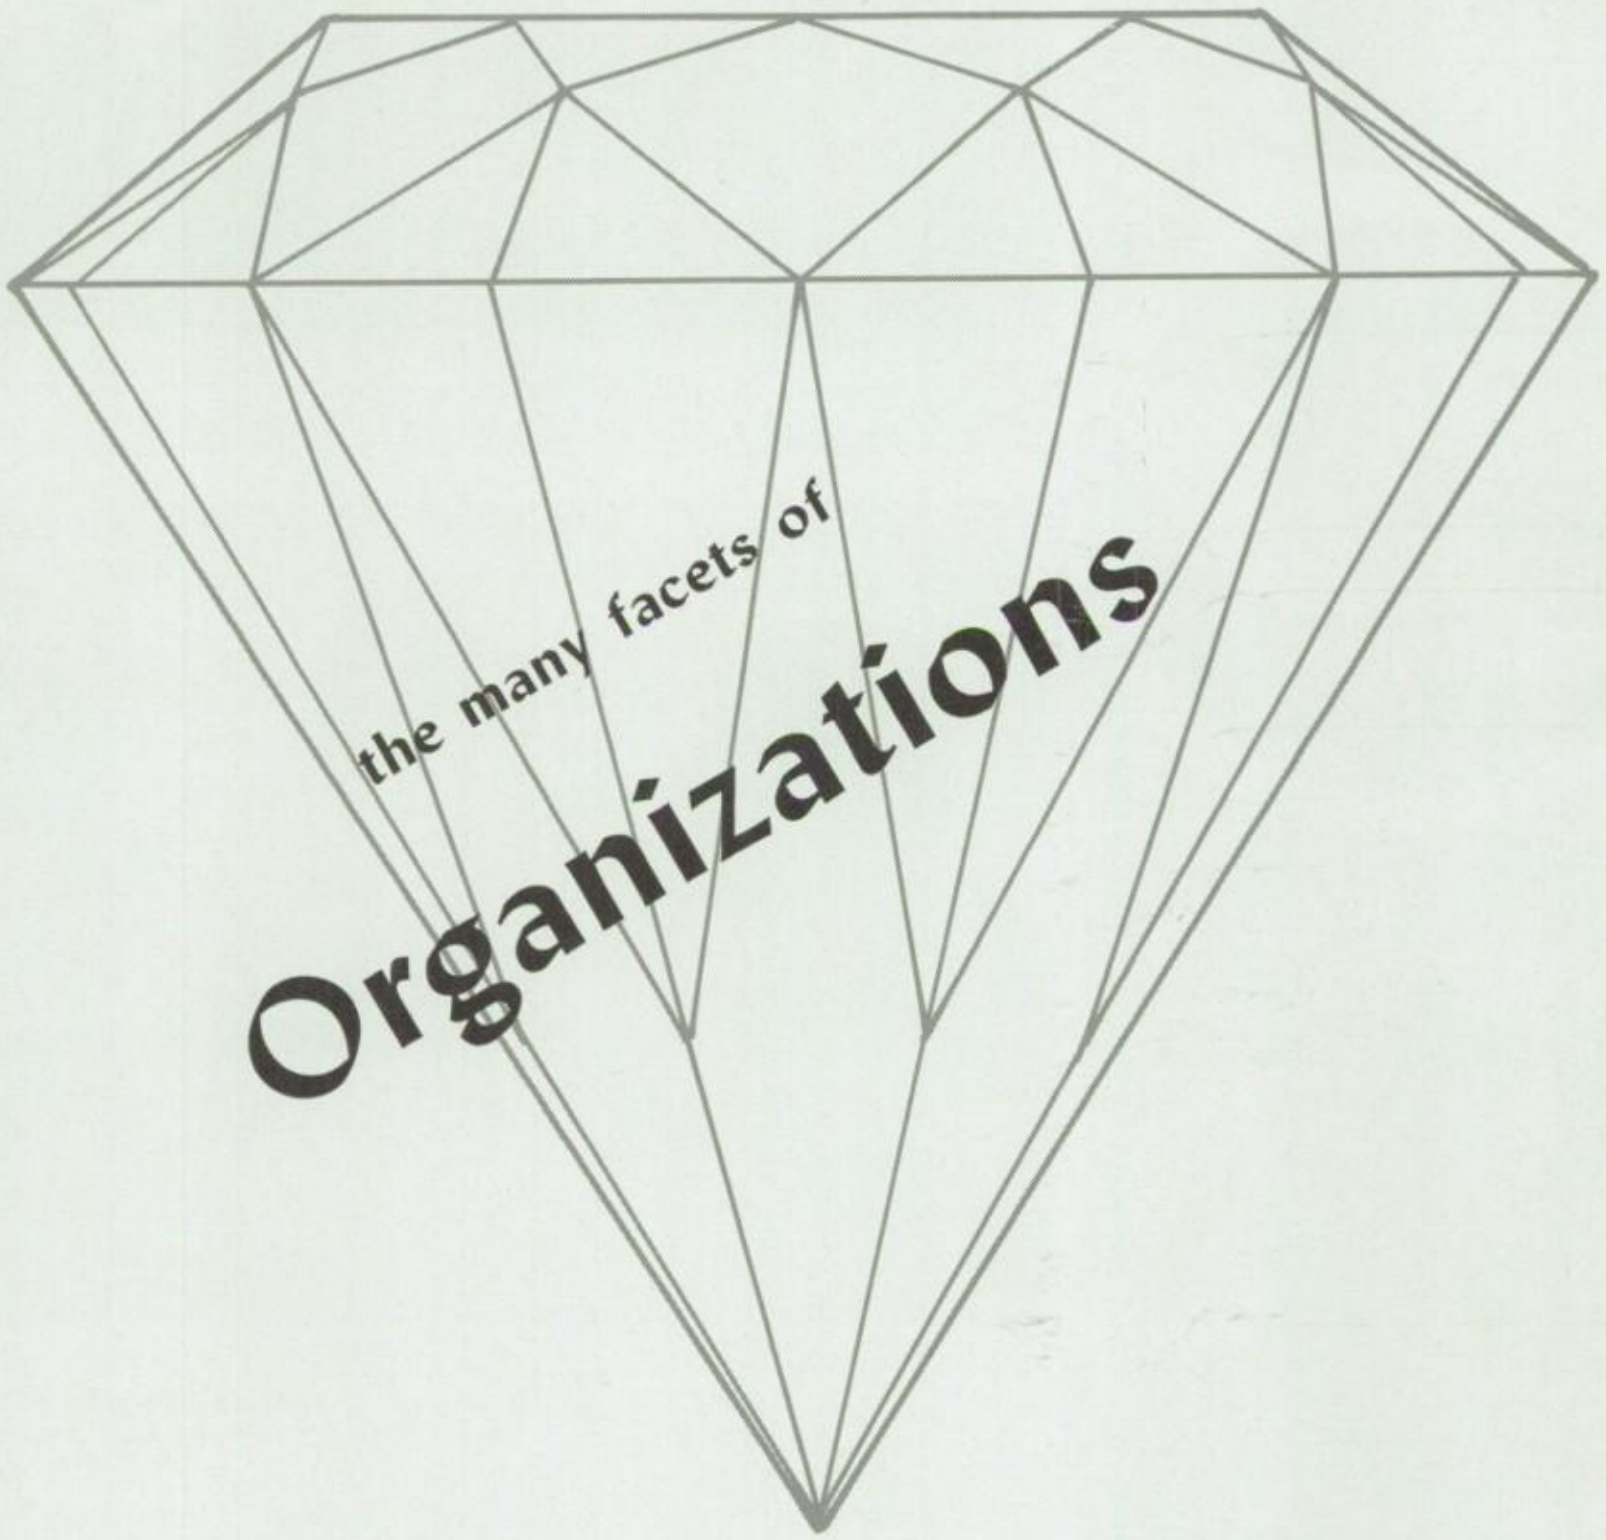
The clubs and organizations of 1910 consisted of a Drama club, the H.B.H.S. debate team and an oratory (speech) team. Then only boys could run for Student government, while today any individual can run. Concert Choir, band, the Thespians, Mask and Hammer, and Chorus nurture student talents today. The M.U.N. and Mock Trial prove to be today's modern debate teams. The year 1910 also showed the start of a good idea. The schools yearbook, the Cauldron, was first created with only thirty pages and fifteen pictures. The successful clubs and organizations at Huntington prove to be a positive way to use ones energys while helping contribute to the school and community.



the many facets of
Organizations

In The Limelight

Wind Ensemble is a group of 52 dedicated musicians with previous band experience. The flutes, trumpets, and other wind instruments were part of a joyful Christmas Concert. Highlighting their year were the Music Festival and Spring Musical. With a reputation of being the best band in our school, some members hope to appear one day on the cover of Instrumentalist Magazine.

Campus Update brought all the news, fr bomb threats to movie reviews, to H.B.H Creating a news show each week, the stud crew learned every aspect of TV producti For the first time in it's seven year history, a with new editing equipment, Campus Ud aired on local cable TV. They also enjoy seeing NBC studios, the filming of a ga show, and the hot lights of stardom.

Singing Toward A Bright Future

The year of 1984-85 has been a very good year for the Huntington Beach High School Choirs. They performed four concerts, one every quarter, and they also had a fantastic Christmas assembly for students and teachers on campus. Harmonaires went to shopping centers, Seacliff and Five Points to Christmas carol. They also both Concert Choir and Harmonaires, went to convalescent homes for Christmas caroling. Womens' Ensemble is a beginning group, but they have a terrific future ahead of them. Womens' Ensemble was a group of nine girl's with beautiful voices, and did fantastic job at all of the concerts. All choirs went to festivals and placed very well, thanks to their choral director Greg Ellis, who has been with H.B.H.S. for three years now. During Spring Break Harmonaires went on a cruise to Ensenada, and at the end of the year all choirs went to Magic Mountain as a reward for all their hard work and dedication. We hope the choirs keep going strong and keep representing our school so proudly.

(far left, center) Greg Ellis, instructor of all chorus levels. (left) student teacher, Debbie Stonebrook, with a few of the girls from Womens' Ensemble.

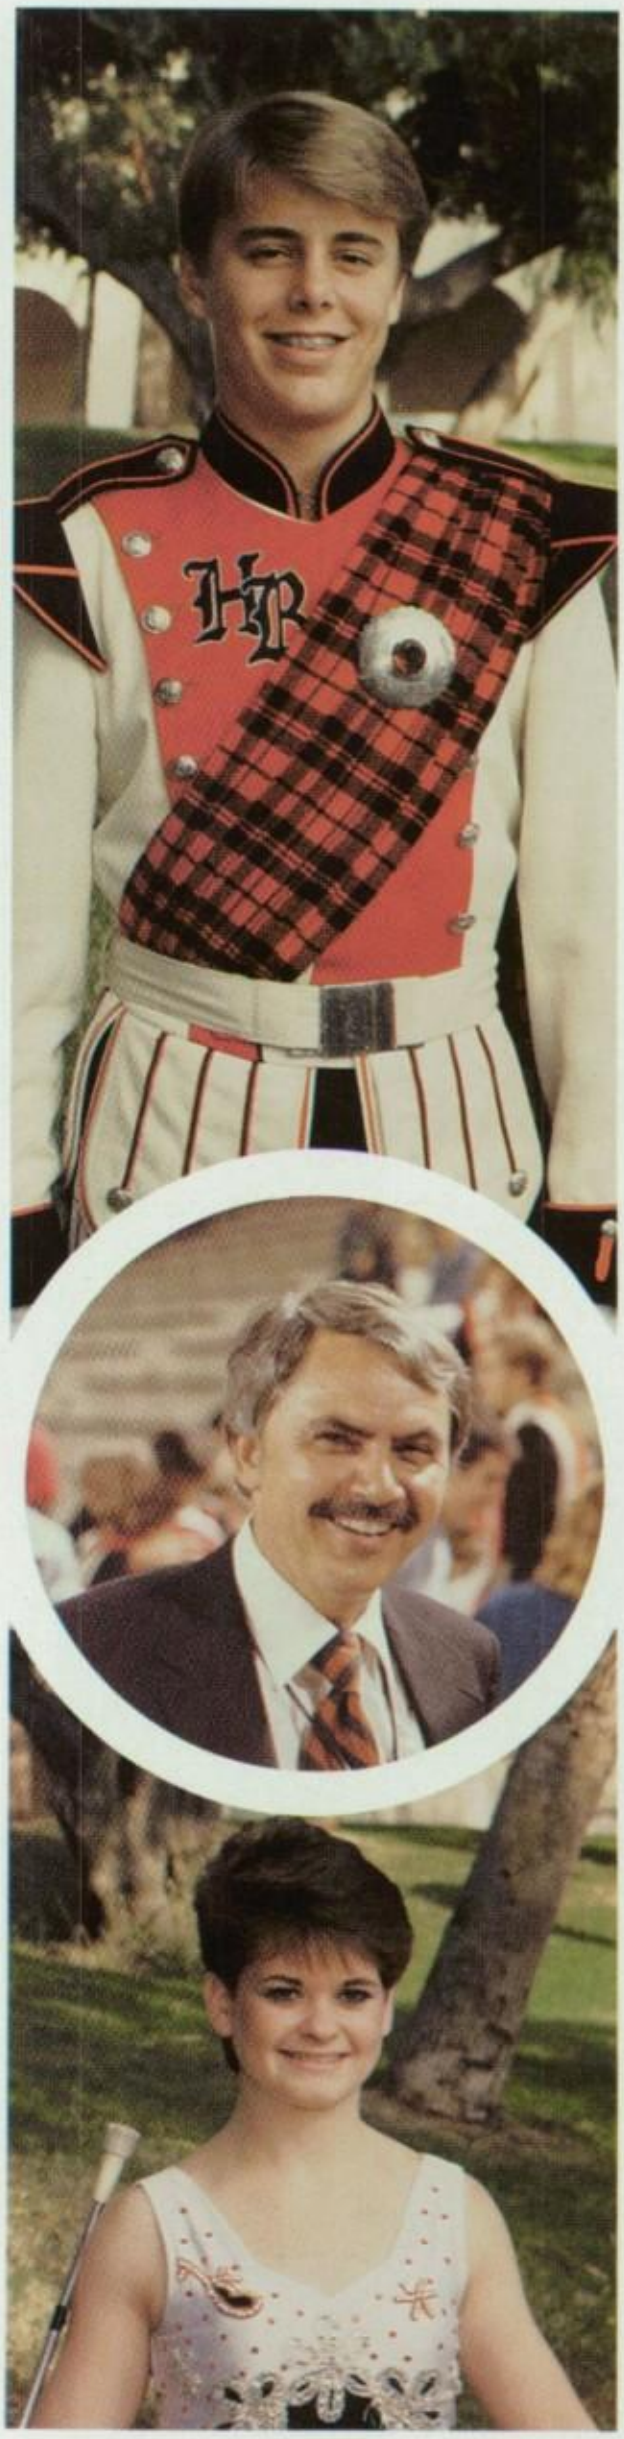
"A challenging experience for young musicians to learn about musicianship and sportsmanship."

—Kristi Thomas



Marching On

Time and effort is what it takes to make a marching band, and this year Huntington Beach's Marching Band has got it all together. Earlier in October, the 85 member band's hard work finally paid off when they were awarded the sweepstakes trophy in the Santa Ana Golden Days Parade. Under the helpful guidance of band director Galen Vogel, our marching band have several great performances during the halftime at all our home football games.

This year our Oiler Marching Band worked hard at fundraisers, such as the skate-a-thon and the 10k run, in order to raise money for their bi-annual trip. This year they spent a fun-filled week visiting Disney World and the Epcot Center in Orlando, Florida.

Altogether, the performances and parades the band performed in proved to be a fantastic experience for all that participated. Our band provides great opportunity to all for life-long learning experiences, and the chance to make friends.

League officers left to right: Sec.-Jean McGovern; publicity-Cheryl Dieda; officers not pictured: Treasurer-Kelly Satterthwaite; publicity-Nicki Cornell.

Counter clockwise starting with upper left hand corner; League members; Amy Thornton performs her solo; Jazz band members; CROP hires a clown for publicity; Symphonic band members; CROP students work in the cafeteria; The CROP clown with English teacher Mr. Munsell; Kristy Thomas performs her solo in "My Romance"; Band director Galen Vogel (center picture).

Working Together

Working together explains the effort of the students into the activities in which they are involved. First off is League. This is the oldest club on campus, which is a nationwide service club. League keeps themselves busy throughout the year with several activities. Among these were the two canned food drives for the less fortunate during Christmas and Thanksgiving. They also sponsored the annual Valentines dance. For this they choose a king and queen by whom raises the most money for the March of Dimes. This year they raised fourteen hundred dollars. The president of the club this year is Tricia Masangkay. League is a great provider for all, a club that H.B.H.S. is proud to have on campus. Another organization is CROP. This is a program that offers students the opportunity to gain knowledge about particular fields in which they may wish to enter. Our CROP director on campus is Mrs. Osborn. Such classes offered this year were retail cashiering, cosmetology, and cabinetmaking. Two bands on our campus under the direction of Mr. Vogel are Symphonic band and Jazz band. Symphonic band consists mostly of the younger members and occurs second semester after marching season. This band performs concert music for school concerts and festivals. Jazz band on the other hand has seventeen devoted members that cooked up some hot tunes this year such as Lover and Bebopper's Blues. They perform several times throughout the year at concerts and jazz festivals. This years jazz band was among the best and most productive.

Back row; Matt Burnette, Garret Priest, Jeff Cohen, Bart Grant, Jason Weaver, Bill Taylor, Chris Pierce, Chrissy Gifford, Mary Allen, Scott Goodmanson, Heather Ehrenberg. 2nd row: Kurt Johnson, Travis Roth, Nancy Neumeister, Maryn Block, Eric Jones, Todd Spencer, Miwa Arai, Gary Lee, Denise Dockard, Danny Greene. 3rd row: Sean Mann, Christy Seizecowkaki, Matt Setian, Shawn Chamberlain, Jiles Gavin, Chemene Wallace, Cherie Webb, Adrianne Nusolf, Jon Kellis, Paul Reiley.

Working Hard, Taking Charge

Functioning as H.B.H.S.'s student government, E-Board worked to maintain positive relations with the students, staff, and administration by speaking out and acting on students concerns. Listening and caring were two positive aspects of this years Board. These students each held an individual office and each had certain responsibilities for the entire student body. E-Board put on the lunchtime activities, dances, and award assemblies while also taking a stand on issues facing our high school. E-Board was constantly making improvements on our campus's reputation. Providing a positive outlook on school through spirit and dedication was perhaps E-Boards strongest goal. Led by ASB president Michelle Almos, the Executive Board reached many of it's goals and continued to strive for success.

"Everything we do is for You!"

-Michelle Almos
ASB President

(Bottom middle) The Highlights staff!! (Far right top) Cathy reading her final copy. Circle: Working hard for the deadline. (Far left bottom:) That face!

Highlights

This years Highlights staff was better than ever! This year their main goal was to accomplish an informative newspaper, for the students and faculty. Being on the Highlights staff was a good experience for all, and was somewhat of an option for kids who were not involved in sports or other activities. Highlights gave a person real experience in dealing with writing, editing, and designing layouts for a real newspaper. The staff basically functioned by itself, assisted by Mr. Button, who helped the staff with some ideas to plan and print the paper. All in all the Highlights staffs main objective was to express their own personal views on particular subjects and to produce the best school newspaper possible!!

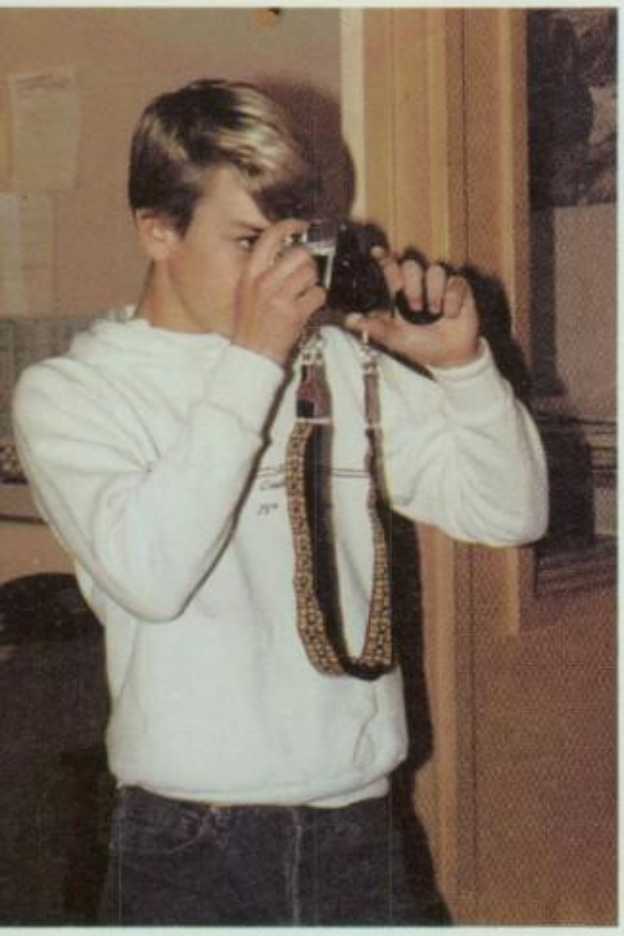
Missing in Action: Monique Quinn, Kelly Hohnson, Frank ang, Kieth Bugoda, Stan Anderson.

Cauldron Staff

At the end of every school year, Huntington students receive their long-awaited yearbooks. Excited chatter surrounds groups of friends as annuals are exchanged and long messages are scrawled in the margins as reminders of the year. These time capsules of the school year seem to carry a special attitude with them into the student body— the year is ending, so let's be sure to take some of it with us! Everybody has such fun scanning the pages but it is easily forgotten that many have slaved all year to put it together.

The 1985 Cauldron Staff, a group of hard-working, creative individuals, held the ambition to make this the best yearbook ever. Many late nights and Saturdays were spent designing layouts and composing copy while hundreds of soft drinks and pizzas were consumed. Being on the staff required organization, the capacity to work hard, and the ability to relate to fellow staff members; even so, they enjoyed each other's company and made many new friends.

The time and effort that was put forth was an experience that the staff will remember throughout their future years.



(Opposite page, upper right) Kristi Lynch studies one of the staff's yearbooks from their extensive library of many years and schools. (In circle) Editor-In-Chief Karen Vann composes one of the many important notices on the "bulletin window" for questioning staff members. Speaking Out

This past year the homeroom representatives had the opportunity to express the opinion of their classes to E-Board, the Staff and Administration. Throughout the year Student Congress discussed important topics such as the tardy policy. This policy had students making every attempt to get on class on time. Expressing their feelings toward tardies, staff members posted "no tardies" signs on their doors. Other topics that arose this year was the closed campus.

This had students obtaining written permission from their parent to receive an off campus pass. As these and other topics were discussed, Odette Perreault would then report the information to E-Board. If there was a worthwhile suggestion by a student, E-Board would then vote on it and it would be presented to the Staff and Administration. Student Congress proved to be a very good place for students to be heard in 84-85.

Keeping communication lines open between each club on campus was Inter Club Council. One representative from each club gathered together to make sure that there were no problems going on in any clubs. If there was, ICC would solve the problem if the club could not do it on its own. ICC was also there to make sure that no more than one club scheduled a sale for a certain week. ICC proved to be a really good way to solve many problems and uniting the clubs on campus together.

MUN's Legacy

"May the Legacy Never Die"—Paul D'Allesandro

The Model United Nations (MUN) program directed by Lynn Aase at HBHS enjoyed another successful year in 1984-1985. Its reputation as one of the best programs in the nation has been upheld by the past and present classes of the finest high school students in international studies. The successive victories at national conferences in Berkeley and Harvard have created a legacy that former MUN students hope will never die.

This year the senior students went for the tenth consecutive win at UC Berkeley. Best delegation awards at Harvard and Sanger H.S. were nothing new for the students. Other conferences attended by our students included Edison, UC San Diego, Mission Viejo, Georgetown University, University of Arizona, UC Riverside, and Ocean View. Our school also hosted the modest third annual MUN conference for freshmen. Although this year's schedule kept students busy, the record of best delegations set by our school is surpassed by no other.

MUN is one of the many, but brilliant, facets here at HB. The program is growing, and successive classes of students receiving the legacy hope for bigger and better triumphs than their predecessors. All that can be said about this is, "May the Legacy never die!"

(Above) Mike, Vidya, Dawn, and Jeff applaud a fellow delegate at the San Diego conference. (Right) The Security Council room in the UN serves as a forum for discussing international issues related to peace and security. (Top right) Chance gladly accepts his award at the Harvard conference. (Center right) The UN flag symbolizes peace among all nations. (Far right) Delegates raise their placards during a voting session.

Learning And Debating

Two of H.B.H.S. most prominent clubs are Junior Statesmen of America (JSA) and The California Scholarship Federation (CSF). Both CSF and JSSA are local chapters of larger organizations.

JSA is a national organization that gives high school students the chance debate and express their feelings on international, national, and local topics. This, only the clubs second year at H.B.H.S., proved to be an excellent one. The membership nearly doubled as it became one of the most popular clubs on campus. The Fall and Spring overnight conferences, held in November and May, were the clubs more famous activities of the year. Also the one-day conferences proved to be very popular. The conferences help students improve their public speaking and debating skills while broadening their Knowledge of issues facing the world today and tomorrow. This years club was led by president Jim Michalski, vice-president Kelly Waldhouser, treasurer Sam Wyman, publicity director Joanie Loh, and representitives Chris Barsh, Paul Pixley, and Eric Matza.

This year CSF continued to be one of H.B.H.S.'s most important clubs. The club was led by president Dawn Umemoto and Chi Ho, as it helped academic achievers obtain their goals. The purpose of the club is to prepare students for college and future carrers. CSF is based on point system, where members must maintain a certain number of points based on their grade point average to remain in the club. Continuing this year, the club handed out scholarships to certain members and raised money for UNICEF.

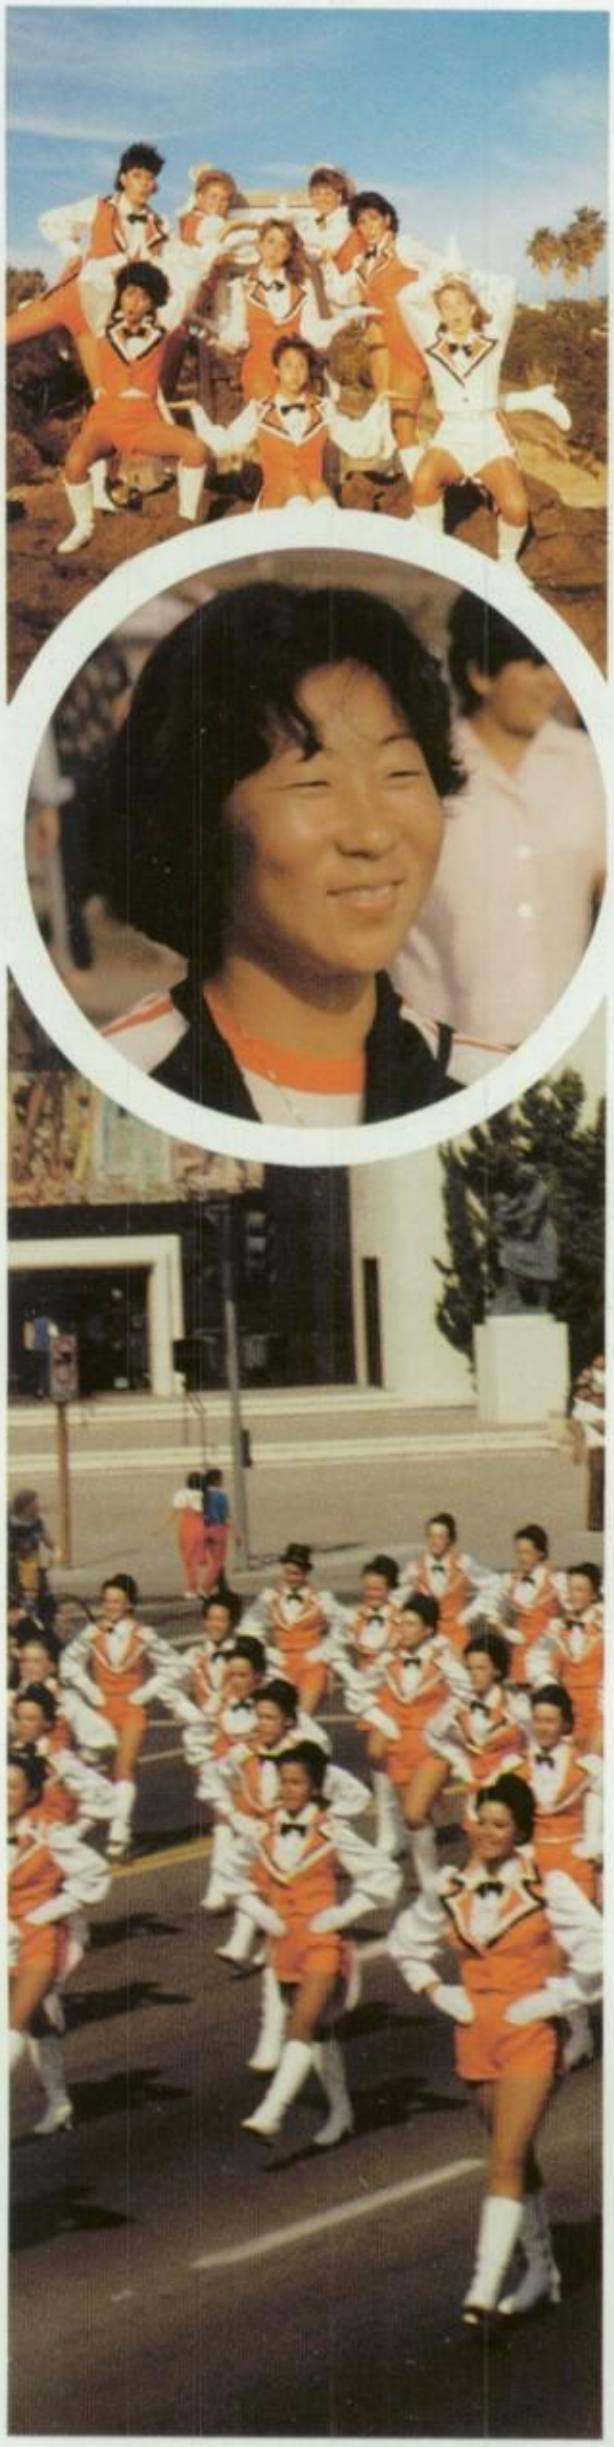
Committed To Win

Drill Team is an experience that is hard to describe but it can best be compared to a family of friends. This year our drill team has participated in many exciting activities from a Christmas Parade at Disneyland to a thrilling tour of Hawaii. This enthusiastic group of girls can always be seen on campus promoting HB Spirit and furthering those fine Oiler traditions- pride, involvement and friendship. Earning their way with various fundraising activities and involving their parents in their active Booster Club, the drill team has kept their Number One reputation alive and well in 1984-1985.

"Memories of Drill Team are special and will not be forgotten."

Wendy Utu '85



(Below) Johanna Phelps and Alissa Smith show us their drill team commitment to Halloween.

The Thespian Society: *(Back Row) Ed Eberhardt, Tom Jones, Kurt Luttecke, Rich Crafton, Randy Worden, Dan Lunceford, Terri Downey, Whit Carbonar, Ken Donovan, and Ron Albertson. (Front) Colin Davis, Jenny Clark, Kyle Merck, Brett Dalton, Wendy Eiland, Kim Russell, Jenny Sammartano, Andrea McDougall, Monique Quinn. (Not Shown) Stacie Hadley and Shawna Bryant.*

The Thespians are a group of very talented actors and actresses whose knowledge ranges from stage experience to behind the curtain. The Thespians are an international association called the International Thespian Society. The major productions, candy sales, and the prestigeous Black an White Ball in June are some of the many activities coordinated by the Thespians. Their achievement in the theater arts and the membership in the honor society prove the tremendous ability these students have attained.

Albertson

(Opposite Page Center) Rich and Bobby in a Ham-on-Rye Production. (Left) The Thespians clown around. (Below) Colin, Shawna, and Brett. (Right) Backstage with the Thespians.

Mask And Hammer

Mask and Hammer has been very active throughout the school year. The "Ham-on-Rye" performances one every week during lunch give perience to its talented members. The members, though, have have completed the requirements of Theatre I and II and have a desire to memorize an abundance of lines. Their dedication to their roles is shown through to their talented performances. Look for some of these people in the Hollywood headlines in years to come.

Oiler Spirit

The 1984-85 pepster teams led the entire school into the exciting Oiler Spirit. Their routines at games and assemblies really grabbed the student body's attention. They danced and cheered through all the games, and really pepped up the fans in the stands. No matter what happens, the enthusiastic pepsters made Huntington ready for the next time. The girls all seem to have a way of making us smile and yell along with them; even those who were in terrible moods could loosen up with these delightful girls around. They have done a great job this year of keeping the Oiler Spirit alive.

(Varsity Yell- Back row) Jennifer Yates, Chris Fuller, Chris Vold, Cindy Palmer, Marcey Fox. (Front) Angie Jones, (Pep Rep), Lori Evans, Steena Faught, Melinda Hernandez, (Head).

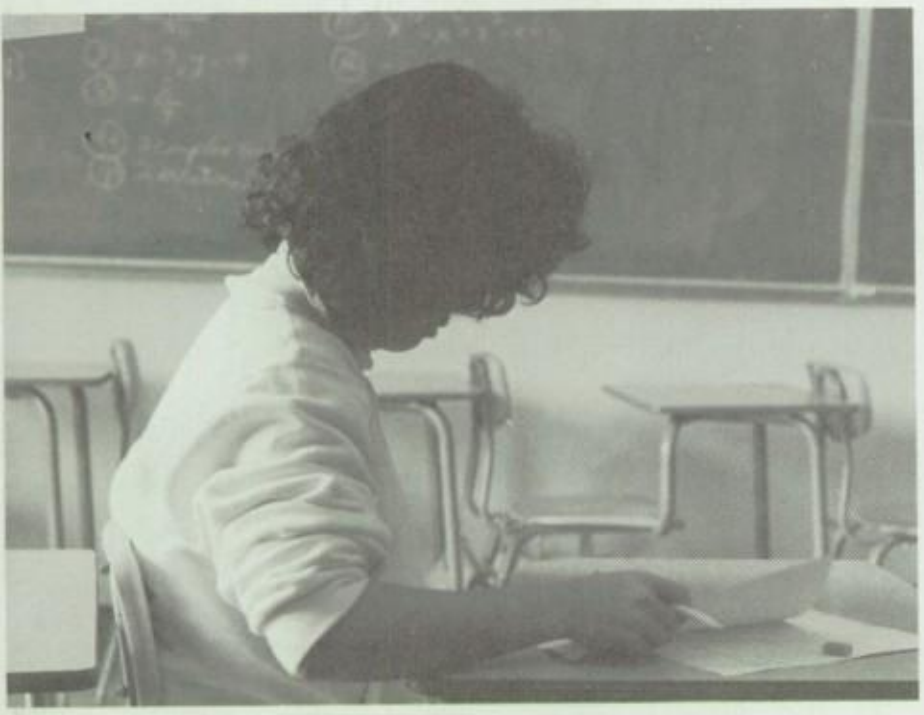
(Bottom right) Mike gives an oration about the social and economic ramificantions of the legalization of cocaine. (Top, opposite page) An Euler pores over a test that is so difficult that it nearly turns her brain into a pretzel.

Dedicated Oilers



One word would Certainly identify the students of all four of these clubs, and that word is dedicaistic motivation, these students dedicate much time and energy to expanding their knowledge and serving the needs of others.

The Eulers have had thier roots on our campus for 21 years, and its math scholars appreciate the challenge of solving math problems in a competitive atmosphere. Coached by Mrs. Shirey, who succeeded Mr. Geier this year, the Eulers participated in the California Math League, AHSME, and OCC competitions. The Mock trial team, sponsored by the California Rights foundation, competed with other county schools while simulating a court case. The Key club, famed for its selfless service to the school and community, enjoyed another successful year. The speech club, led by Mr. Munsell, is a relatively new club on campus that lets its members experience the joys of communcating through the spoken word. Members competed at various meets for satisfying honors.

Mock Trial Team (top row)-Mr. Scott, Darryl Hanger, Eddie Juline, Jeff Flory, Caroline Sanderson, Ross Ricks (2nd row)-Wendy Geister, Miwa Arai, Mike Post, David Sundahl, (3rd row)-Allie Pang, Patti Leggett, TD Nguyen, John Whitney, Tommy Lee, Steve Cotter, Sunil Sharma (bottom row)-Susan Wey, Tawnie Hutchinson, Pam Calderon, Brandy Brady, Doug Ritenour

Standing Tall

Enthusiastic! That is what Tall Flags is to Huntington Beach High School. Cherise Smith, in her first year as an advisor for the squad, has done a great job at it. This was the first year that Huntington had a squad mostly of underclassmen. Led by the Captain, Cindy Dieda, and the first and second Lieutenants, Tamara Volpi and Linda Patterson, the squad practiced up to two or more hours a day. As for the parades, they took first place in the ones they entered. They took 3rd place when they went to camp last summer and they also took the Unity Award, an award of togetherness. Together, during good and bad, they all worked together to be a strong squad.

". . . friends together working to show spirit and pride."
-Linda Paterson

They're so successful now they can't be a joke"

Len Ewers
Doors Advisor

Open A Door For A Friend

Friends was a newly formed club this year. It was established by Mechelle Almos and Bobby Silber. Friends was created with hope to decrease chemical abuse on our campus. It's motto "Hugs not drugs" was the talk of the campus and was well respected by students. Friend's goal was to raise $8000 so David Toma could come to the Oiler campus for two separate, one for students one for parents, two-day sessions. Friends met once a week to discuss ways of raising money and speaking their cause. Friends was a positive and helpful way of getting involved with the school.

Another new club this year was Doors to a New Generation. Doors was established by Anne Reinhart as a club that enjoyed the music of the sixties. However, as Doors studied the sixties, they found they supported the ideas of peace and civil rights. This year Doors raised $700 for the Ethiopian famine, circulated petitions to declare our campus a Nuclear Free Zone, organized a peace march, and many other human awareness activities. The clubs advisor, Len Ewers, was proud of the group's expansion. Doors was not afraid to work for what they believe in.

(Far right) Waiting for a friend to join them on the chair lift, Renee Bassarear and Lisa Gonzales are ready to take yet another pass down the slopes. (In circle) Pausing from her run, Jenifer Mundy smiles in appreciation of the crisply picturesque winter landscape. (Opposite page, Top) The smiling German Club members; back: Heidi Borchers, Scott Goodmanson, SooJin Chung, Rachel Miles, Dana Katter, Joe Didio, Traci Wolbers, Nick Winkler, Melinda Poetes, Phil Ray, Maredith Ehrenberg, William Taylor, Jeff Sanchez, Dan Catt, Jim Bolster, and advisor Frau Fonseca. Front: Randa Pitts, Dina Lolli, Chris Bobbitt, Josh Carlson, Stephanie Williams (co-advisor), and Chris Pierce. (Bottom) A cheery "Hola" from the Spanish Club; left to right: advisor Dennis Houghton, Angela Chen, Lisa Williams, Michelle Diep, Andrea Dwyer, Kim Soto, Patricia Cortez, Emily Lam, Salvador Alvrez, John McMilliam. (This page, top) Some of the many students enjoying the Utah-opian paradise for skiers at Salt Lake. (Above) Tom Vera and Dave Grace relax after a long hard day on the slopes.

Ich Liebe Esquir

The Spanish Club this year was a calm, subtle club in the hustle and bustle of the H.B.H.S. campus. In the 1984-1985 school year the Spanish Club sold calendars to a good many Huntington students. They also had an enjoyable Christmas party. At the gathering, they experienced the tastes of their co-members' cooking abilities in Spanish food. They also broke the traditional pinata, as is doen at all celebrations in Spanish speaking countries. This eevent was one all the club members will remember. They, the members who have had a funfilled year, say, "Hasta luego!"

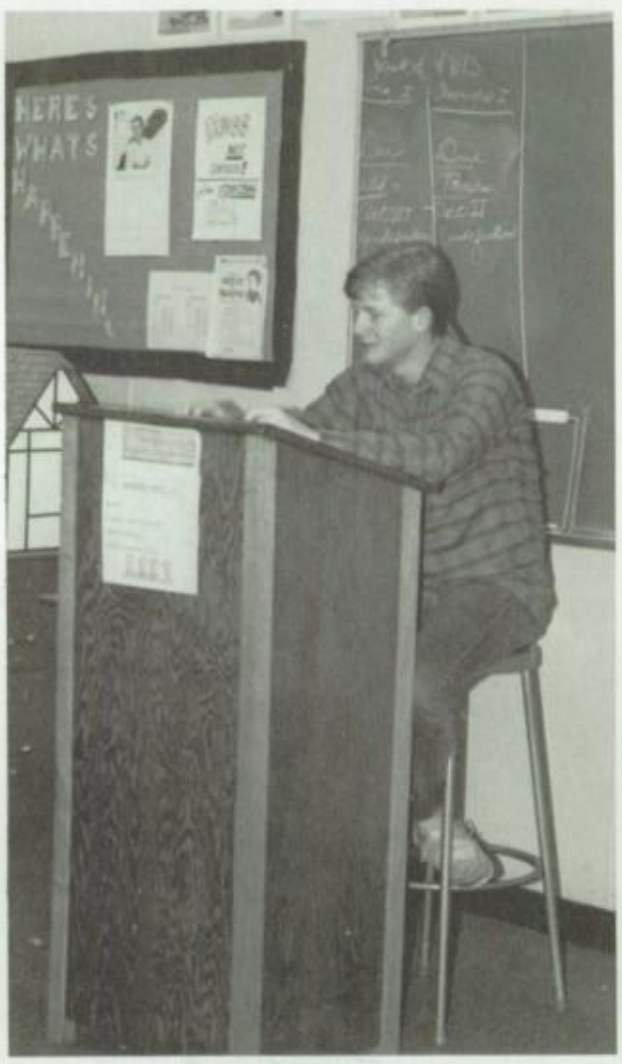
Guten Tag! The German Club enjoyed another successful year with a large membership and numerous activities throughout '84-'85. Among the many occasions celebrated by the members of the club were Faschingsfest and Oktoberfest. The latter, which occurs annually, was observed at the Old World shopping center; Faschingsfest, similar to the Mardi Gras, inspired members to don costumes for a day. Advisor Frau Fonseca was not displeased with the knowledgable leadership of the students. In these ways, the German Club celebrated their Germany ways and heritage.

The 1984-85 Snow Ski Club had great success this year. About 100 students joined this year and about 200 other students participated in the club's major event, their Utah trip over Christmas vacation. This trip gave students time to get acquainted with other students and have four excellent days of skiing. This last winter was an optimum for taking the slopes and this was thoroughly taken advantage of by the H.B. skiers. Mrs. Adams, the advisor, did a great deal to contribute to the trips that were planned this year and it was greatly appreciated. The Snow Ski Club had fulfilled it's goals of skiing, fun, and companionship.

Red Cross

Red Cross-(Back Row)-Maureen Boulware, Chris Drury, Chris Gorman, Gary Wong, Hung Nguyen. (Middle Row) Mrs. Skarin, Sara Hummel, John Whitney, Tawni Hutchinson, Steve Yee, Robin Alexander (Front Row) Td Huynh, Mike Chin, Bobby Silber, Kathy Heckman, and Frank Jiang. Not Shown are Eric Matza and Ahn Luong.

In 1981, some considerate, community helping students formed a club called the Red Cross Club. This years members kept the Red Cross Club's caring reputation. Led by president Frank Jiang, and vice-president, Bobby Silber, the Red Cross Club strived to serve the Orange County Red Cross Center. The club met once a week with advisors, Mrs. Skarin and Mrs. Hagedorn. Individually each club member attended a C.P.R. class held on campus, and volunteered at the Red Cross Center. This years goal was to provide the annual blood mobile and to keep, or beat, their record of third place in the world. Outside of the medical aspect, the club got together for a Christmas caroling party, trips to museums, and outdoor picnics. This Club is very proud of their accomplishments.



School Site Council

Associated Student Advisory Cabinet

The A.S.A.C. is a administrative, faculty, and student based organization that reviews school policies and the interpretation of student rights. It monitors the student-administrative relationship. Student discontent can be brought to the attention of the Board of Trustees or school officials by the A.S.A.C. The complaint is recorded by the students and its validness is checked and presented to the administration at decisive times. A solution within the school rules, local laws, as well as state laws. Recently, the Student Bill of Rights was created for the benefit of student rights according to the state laws and Supreme Court mandates. The current strive for clear and complete interpretation of student's rights has led to a more fair and democratic relationship between the students and the adults of Huntington. There is no set membership, so a student can just show up at the meetings every Tuesday and address the cabinet.

The School Site Council is a council of teachers, staff, parents, and students who review the implentation of the school improvement ogram and to assess the effectiveness of They then suggest to the Board of ustees, one success was the request of computers. They discuss the curricula, tructional strategies, budget, and materls responsive to individual educational eds and learning styles of each pupil. ey meet once a month in the faculty ning room. All regular and special meetgs are open to the public at all times.

(Opposite page, far left) The signups for Red Cross. (Lower Far Left) John Whitney speaks to the rest of the members. Dr. Ann Chlebricki addresses the School Site Council. (This page, upper left)- A crowd shot of students, symbolic since every student is a member of the A.S.A.C. (Left)-Eric Matza (Sec.), George Held (Chairman), and Len Rosow (Vice-Chairman).

The School Site Council.

Precious Gems Of The

This year a Senior Girl of the year was Susie Galleher. Susie devoted much time to our campus. She was a member of CSF for four years, League for three years, Journalism for two years, and added Executive Board to her list of activities this year. On the sports scene, Susie was on the Junior Varsity Swim Team her sophomore year. Susie also held many offices over the four years at, HBHS. She was the secretary for Girl's League and Assistant Opinion Editor for **Highlights** *in her junior year. I her senior year, Susie was the Vice President for Girls League, News and Editor-in-Chief for* **Highlights,** *and the ASB secretary. Susie also won outstanding writer of the year in Journalism, outstanding achievement award, and was a DAR good citizen and district finalist. With all her other activities, Susie still found time to keep a grade point average of 4.35. As a senior, Susie planned to attend Cal State Fullerton and major in marketing. She planned to pursue a career in fashion retailing. We congratulate and thank Susie for her involvement with our campus.*

Senior boy of the year, Jim Michalski, was a very devoted Oiler on our campus this year. He was elected Senior of the Month for November and was well deserving of it. He was very active in clubs and student leadership. On the statewide level, Jim was the state vice president and a teacher for the Model United Nations program. On our campus, Jim was the president of the Junior Statesmen of America and an active member of MUN. At MUN conferences, Jim recieved high honors over the years. Along with his devotions to organizations, Jim found time to study and keep his grade point average above 4.0. Congratulations to the Senior of the Year, Jim Michalski, for an honor you definately earned.

Academically Inspired Class Of '85

The Orange County Academic Decathalon is a program which Orange County high school students compete as individuals and as team members in a series of tests, verbal nad written. Huntington's 1984 junior-senior OCAD team with Mrs. Krausnick (coach) and Sara Hammel (team manager), proved to be tough competitiors this year. Preparations for this include lectures, notes, and outside materials provided by Mrs. Krausnick, and studying time. The Frosh/Soph Academic Decathalon was held February 23 at Fullerton High School. These teams took a health test, literature reading, Mid Summer Night Dream and five poems by Robert Frost.

(Front row) Susan Wey, Chris Buzz, Andy Eun, Meredith Ehrenberg, Eric Holsey, Paul Pixley, Leif Meizinger, Susan Kim. (Back row) M. Krausnick (advisor), Mike Carrier, Renee Tilley, Kim Owen, Jim Michalski, Phung Pham, Anna Lee. Not shown Patti Leggett, Staci Hashimot Mike Moshemok, Bob Wimbish, Michael Le Dosma, Eric Matza, Janis Wanta.

California Scholarship Federation (CSF) is an academic club which promotes scholastic acheivement at Huntington Beach High School. One attractive feature of CSF is its sealbearer program. A sealbearer is a person who has been a member of CSF for at least four semesters, including one semester during their senior year. Sealbearers are awarded for their great contribution to academic excellence by receiving a golden tassle for graduation ceremonies. However, these students deserve much more recognition for their outstanding services to our school. Sealbearers have traditionally been the top 5% of our students body, that include students who have domonstrated knowledge, community service, and leadership skills. Our highest commendation goes towards these remarkable achievers.

(Not in order as shown on picture) Kristine Albert, Jyothi Atluri, Ingrid Campagne, Irene Chen, Teresa Cortez, Michelle DeWitt, Bryan Fiebert, Suzie Galleher, Bobby Garcia, Jeff Harman, Chi Ho, Yvonne Holaday, Greg Konovalov, Khanh Le, Joanie Loh, Samantha Mehta, Jim Michalski, Michele Miller, Cindy Mills, Elvira Muskita, Tammy Nakamura, Annalisa Nash, Lisa Palmer, Joshua Pine, Cassandra Sampieri, Susan Schulten, Dawn Umenoto, Tuan Vo, Carla Wilson, George Woodley.

Bank of America's Achievement Awards Program was established to recognize and honor outstanding seniors. There scholastic attainment, sense of responsibility, and evidence of leadership give most promise of future sucess and service to society. The selection process began when faculty committees selected their outstanding students for twelve specific academic fields. Each student then received a certificate of achievement. The committee then chose top students in each three general study fields. Plaque Winners, Applied and Fine Arts, Tammy Nakamura; Liberal Arts, Jim Michalski; Science and Math, Irene Chin. As a result of being on the OCAD team students were given the opportunity of entering an essay contest to earn a partial scholarship to Freedom Foundations at Valley Forge, PA. In the Kiwanis Bowl students prepared with practice sessions during lunch time and were ready to take part in an academic contest similar to the old T.V. College Bowl. H.B. students defeated La Quinta High School to go on to the quarter finals where they lost by only five points to Loara High School.

Cut Above The Rest

September

Bobby Garcia: *GPA 4.17 Cross Country, Basketball, Track, Wrestling, CSF, MUN, Church Youth Group*

The faculty has changed tremendously since 1910. There were, in fact, only seven teacher (including the principal, etc. . .). Today there are 162 adults on H.B.'s campus daily. Their responsibilities still have not changed since their beginning in 1902. The faculty has taught and molded the students to the best of their ability. They have cared, advised, supervised, and disciplined us. They still have remained bewildered by the students and sometimes even confused and surprised. The faculty has remained throughout the changes, able to continue to guide the many students that have passed through their classrooms to successful adult lives.

Mr. Baker, a very well known teacher on campus, feels exceptionally well about this being his last year at Huntington Beach High School. Now that he is retiring, he plans to do things such as painting and photography that he hasn't had much time for while working. He would also like to travel throughout the continents. Though he will be enjoying time with his wife, their new home, and dog Rex, he still says that he will always miss the students he has treasured so much at Huntington Beach High School. He was an excellent teacher whom we will all miss.

"Music is such a basic part of humanity. Without any kind of exposure many students live in a cultural void." explained Mr. Ellis who spends his free time teaching the Dwyer Choir. Under his direction, the junior high students participated in a combined H.B.H.S. and Dwyer Christmas concert, as well as performing at the eighth grade graduation ceremonies. He feels, because of the lack of training and exposure at the elementary and junior high levels, H.B.H.S. students are at a disadvantage in comparison with other California schools. Mr. Ellis, who also plays the organ in his church, commented, "Music puts students in touch with their feelings and gives them an outlet for their emotions."

You all recognize his face. It's Mr. Moorehouse; perhaps the most enthusiastic teacher on the campus. He has ten years of teaching under his belt, and finds students a fascinating group of people. Cars, cars, cars, he loves his cars and has six of them. You also should know he loves owls. "Hooter" as he is sometimes called, has over 3000 different owl memorabilia. He takes students to Europe and adults on tour in Hawaii and the Carribean. He also is a part owner in a construction company and a photographer for a detective agency. Mr. Moorehouse is the man inside the costume of Captain Cleanup who encourages students to keep a clean campus. Mr. Moorehouse has also participated in numerous class competitions. He is truly an extraordinary person!

For the past 17 years, Mrs. Reidlinger has been teaching here at Huntington Beach High School. Her credits include study at Michigan College of Mining and Technology and Central Michigan University where she earned her B.S. and M.A. degrees. Besides teaching, she enjoys traveling and photography. Mrs. Reidlinger is also an announcer and photographer for Girls' C.I.F. Sports. On her time off she enjoys the unusual hobby of rock hunting.

Mr. Seckington is a very dynamic person. He has contributed a lot to our campus. Over the years, Mr. Seckington has been the Assistant Football Coach for freshmen and the Head Coach of the sophomore football team. This year, Mr. Seckington was teaching and coaching the Varsity Golf Team. Mr. Seckington is a very athletic person. He enjoys running, biking, swimming, golfing, skiing, and volleyball. He competed in sports all through his school years and still enjoys competing.

This year, Mr. Seckington and many other staff members competed in a 24 hour Volleyball marathon to raise money for the Chemical Abuse Program. Mr. Seckington was a coordinator of the Program. He and Mr. Tizzard gave 3-day seminars in health, english, and reading classes to discuss how the disease can hurt not only the individual with the problem, but the entire family. Mr. Seckington is a considerate, devoted Oiler. Hopefully, he and others will continue to help our campus.

If you have ever had Mrs. Paulson for an English teacher, you know it's not an ordinary class situation. First of all, does anyone else celebrate National Chocolate Day? Well Mrs. Paulson does! When it's time to celebrate she goes all out. Wearing a pirate paper hat, she blows kazoos and sounds noice makers.

She has a special way of rolling the noise off her lips when pronouncing "B"s. Nobody can make the sound quite like she can.

Best of all, Mrs. Paulson has a special way of letting the students know when she is collecting notebooks, by pretending she has a rare disease. She introduces the disease by having, and drawing the chills.

"Having field trips dealing with subject matter is one of the most important things a school could do for the students," explained Mr. Nichols, science teacher. He started his Catalina trip about four years ago. He takes the oceanography students to Catalina in May to learn more about the land and sea. There are thirty to fourty students, along with several teachers, on the trip.

Mr. Nichols says, "Collecting the money, setting up the sleeping arrangements, reserving space where they stay at the Catalina Island Marine Institute are very time consuming."

The object of the trip is to spend three to four days being exposed to the land and ocean different from Orange County. Some of the activities include labs, hikes, skin diving, playing volleyball, and chasing the buffalo, deer and wild bore. Everyone has fun and learns a lot.

"Seeing the expressions on their faces when a new experience is tried," is one of the things Mr. Nichols enjoys about the trip. He also likes getting to know the students. Mr. Nichols is definitely a treasure to the students here at H.B.H.S.

Mr. Jack Olson, resource teacher, has a very interesting past. He's been in a movie, traveled the world, almost played on a professional football team and lots more. He's very active in sports. After college he went to football camp to train as half-back for the Buffalo Bills. He toured New Zealand, Scotland, Holland, the Fiji Islands, Belgium, and Australia while playing rugby. Other sports he likes are: basketball, racquetball, skiing, softball, volleyball, body surfing and almost anything else. When his students say he's a monster, they aren't joking. He played the monster in the movie "Time Walker", a science-fiction thriller. He has a very active life and works hard to keep in shape.

Mr. Lynn Hoyt Aase, advisor to our school's Model United Nations program, was one of four teachers honored as 1985 Orange County Public School Teacher of the Year. Ceremonies to distinguish him and the three other teachers took place at a University Club Banquet on October 27, 1984, at the University of California at Irvine. The four teachers were eligible to become state finalists who would compete against other public school teachers from across the country for the coveted national Teacher of the Year award.

Because of Mr. Aase's outstanding service record to the school, and his dedication to his students, a Department of Education panel selected him for this achievement award after he was nominated by the principal and recommended by the school district board. The nomination was made after numerous letters by parents and previous students had suggested the nomination.

Mr. Aase has led his students to victories at national MUN conferences like Berkeley and Harvard since founding the program at our school in 1972. MUN originally started out as an international relations class. Since then the program has grown significantly. A booster club, which parents are actively involved with, helps finance trips to conferences. Drawing from twenty years experience in teaching and sports coaching, Mr. Aase has certainly earned his attainment of Teacher of the Year.

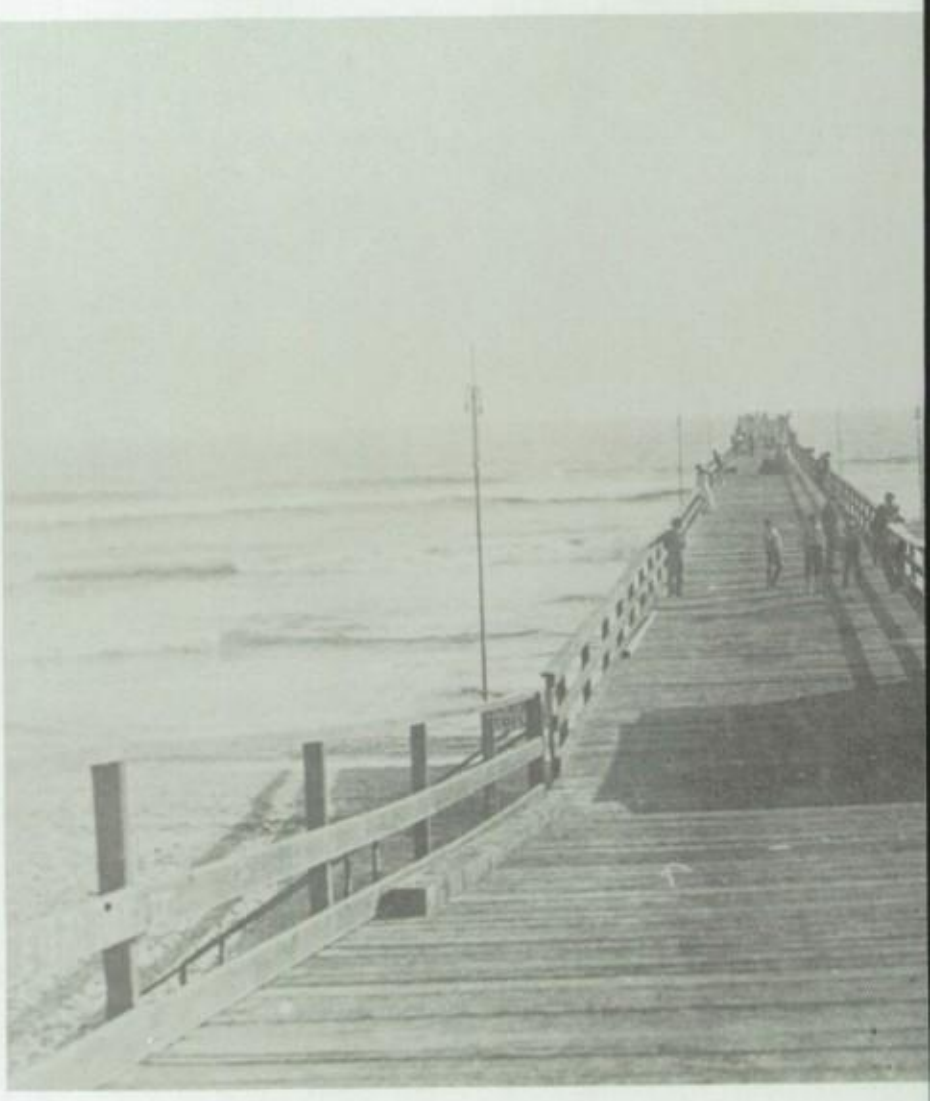
Dear Mike,

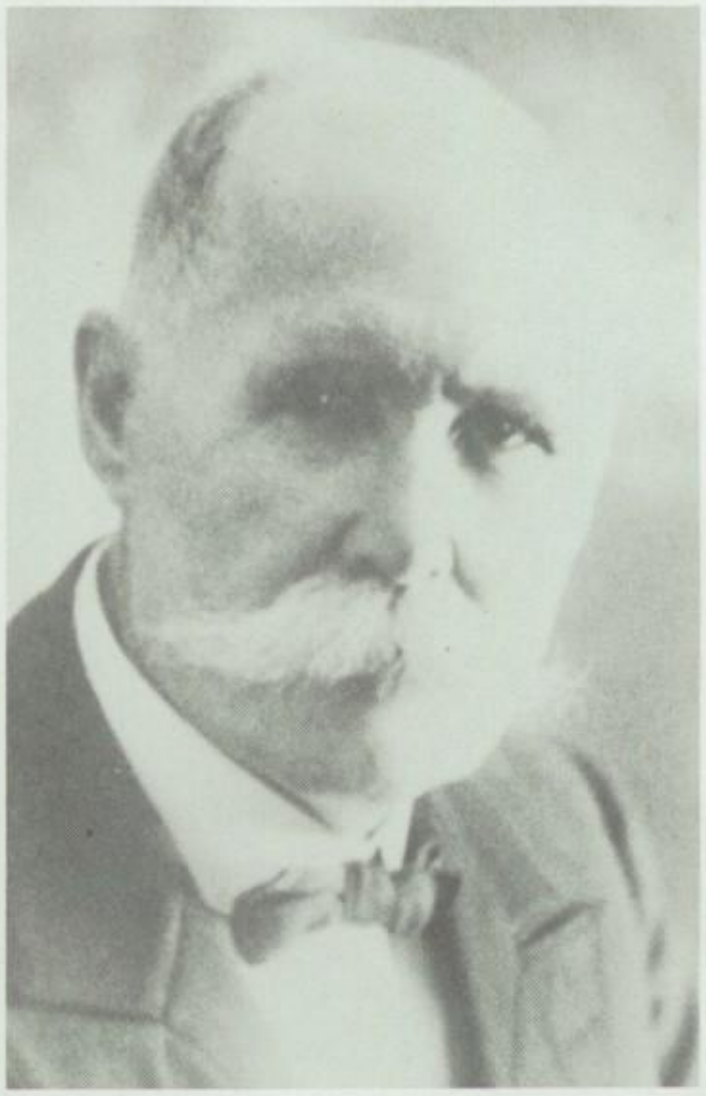
Hi! You are such a real swiller! I hope you have a really great summer. I hope to see you in the summer time! Maybe you will call me & we can do something. I hope to see you next year!

Love Joann Gentle

P.S.
536-9704



LOOKING BACK . . .



Top left: Huntington Beach's first pier attracted numerous sightseers. Left: A poultry ranch is tended by a farmer. Top center: The city was named in honor of this man, Henry Huntington. Bottom center: Horse and buggies lined Main Street. Above: The city's bank served many investors.

Traveling along Pacific Coast Highway in Huntington Beach, one would notice the two most marked landscape features — the beautiful stretch of beach on one side and the bobbing oil wells on the other. These have been the main attractions of the geographical location that developed into the city of Huntington Beach.

The sunny coastal city now called Huntington Beach was first inhabited by Indians who lived on this land of lakes, peat springs, and artesian wells covered by thickets of willows, tules, wild blackberry, and other vines. Wild ducks, geese, and other game birds gathered on the swamps, and billions of tiny bean clams strewed the beach, giving it the name Shell Beach.

Shell Beach later became part of the Mexican land grant of Las Bolsas Rancho. Then Colonel Bob Northam

bought the land and raised and sold barley to surrounding ranchers. In 1901 a syndicate called West Coast Land and Water Co. organized and bought 1500 acres of land to sell lots and create a west coast resort called Pacific City to rival New Jersey's Atlantic City. The plans failed, however, after the company sold its interest to another company which was later to become the Huntington Beach Company. Water and other utility systems were installed, and streets planted with trees were paved. (Today the street names are still the names of the trees which were planted then.)

Because of the difficulty in reaching the city through the surrounding marshlands, Pacific Electric Railway extended its tracks to Pacific City. In 1904 Pacific City was changed to Huntington Beach in honor of Henry Huntington who owned the railroad running from Los Angeles.

In 1909 Huntington Beach was incorporated as the sixth city in Orange County. The 1910 census showed Huntington Beach to contain a pop-

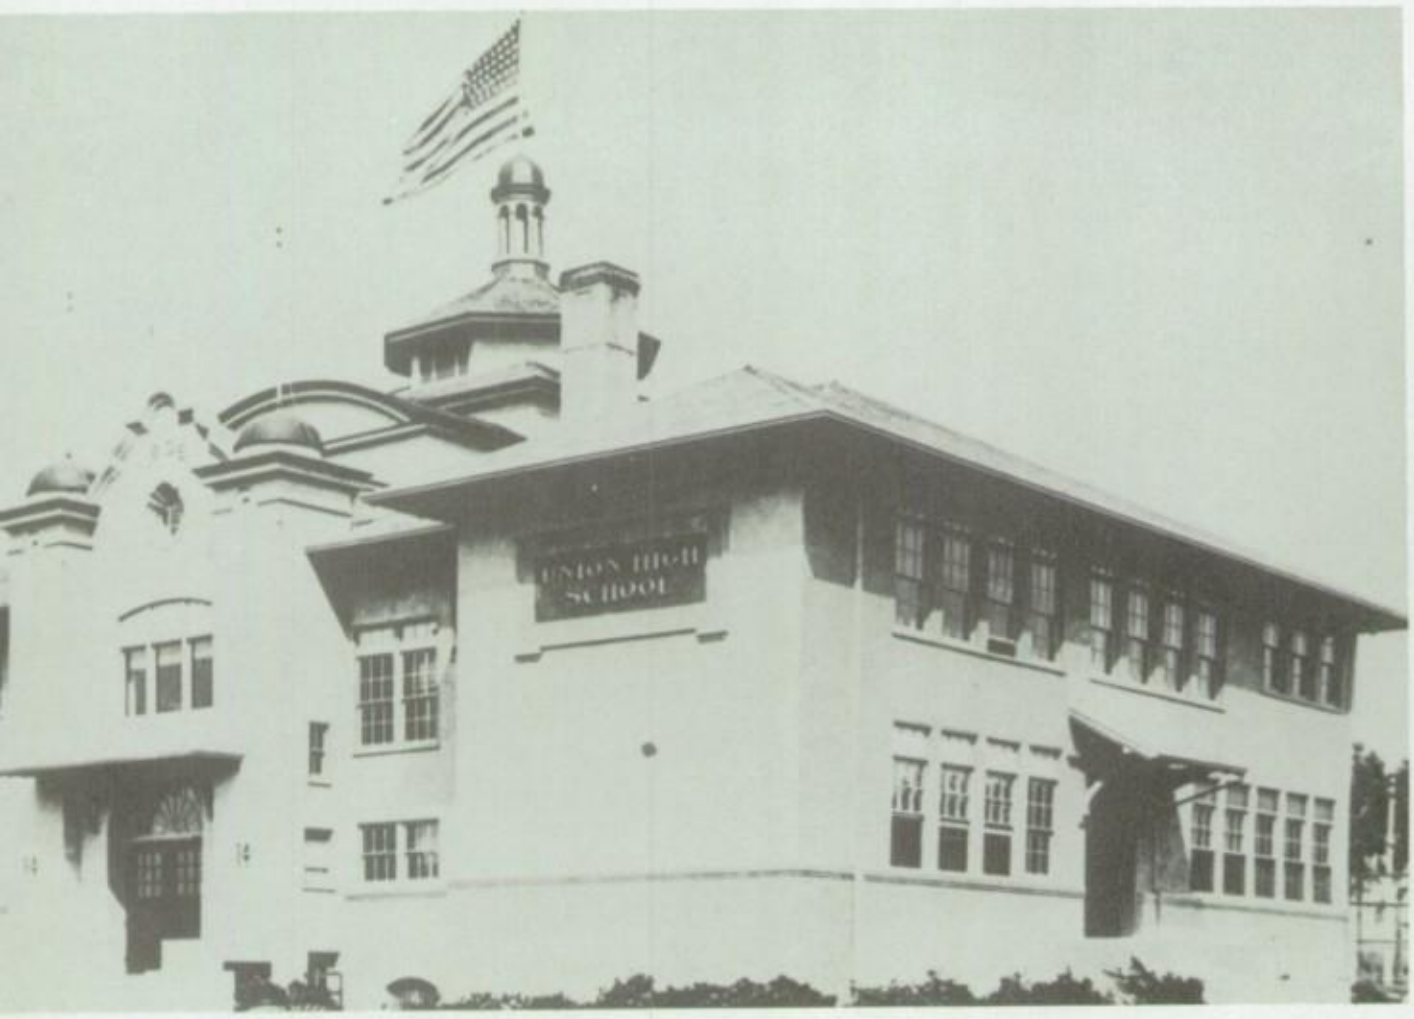
. . . upon the city . . .

ulation of 815. By 1920 the resort town had increased its population to 1687, but the real growth was yet to come as Huntington Beach entered the oil industry.

Standard Oil's Well "A-1" was pumping a hundred barrels a day in 1920. After Bolsa Chica Well #1 blew in, the oil boom set in as #1 pumped 2000 barrels daily, gusher after gusher.

Since then oil became an integral part of Huntington Beach. A sudden demand for workers in the late twenties caused the population to jump from 2000 to 5000 in a few months. The population continued to increase because of oil. During the war years oil played a vital role for the nation. In the late fifties a clean-up program was begun to clear the oil fields of its derricks so that residential tracts could be established without disrupt-

(Other page) Top left: School children posed patiently for the picture. Right: This factory refined sugar for the city. Bottom: The wide street allowed carriages easy access through the city. (This page) Top left: Catalina Island was plainly visible from this view of a new pier. Top right: These girls enjoyed a day on the beach in their 30's bathing suits. Center right: This semi-pro baseball team played against others across Southern California. Bottom: During the 20's these oil fields were common along the beach.



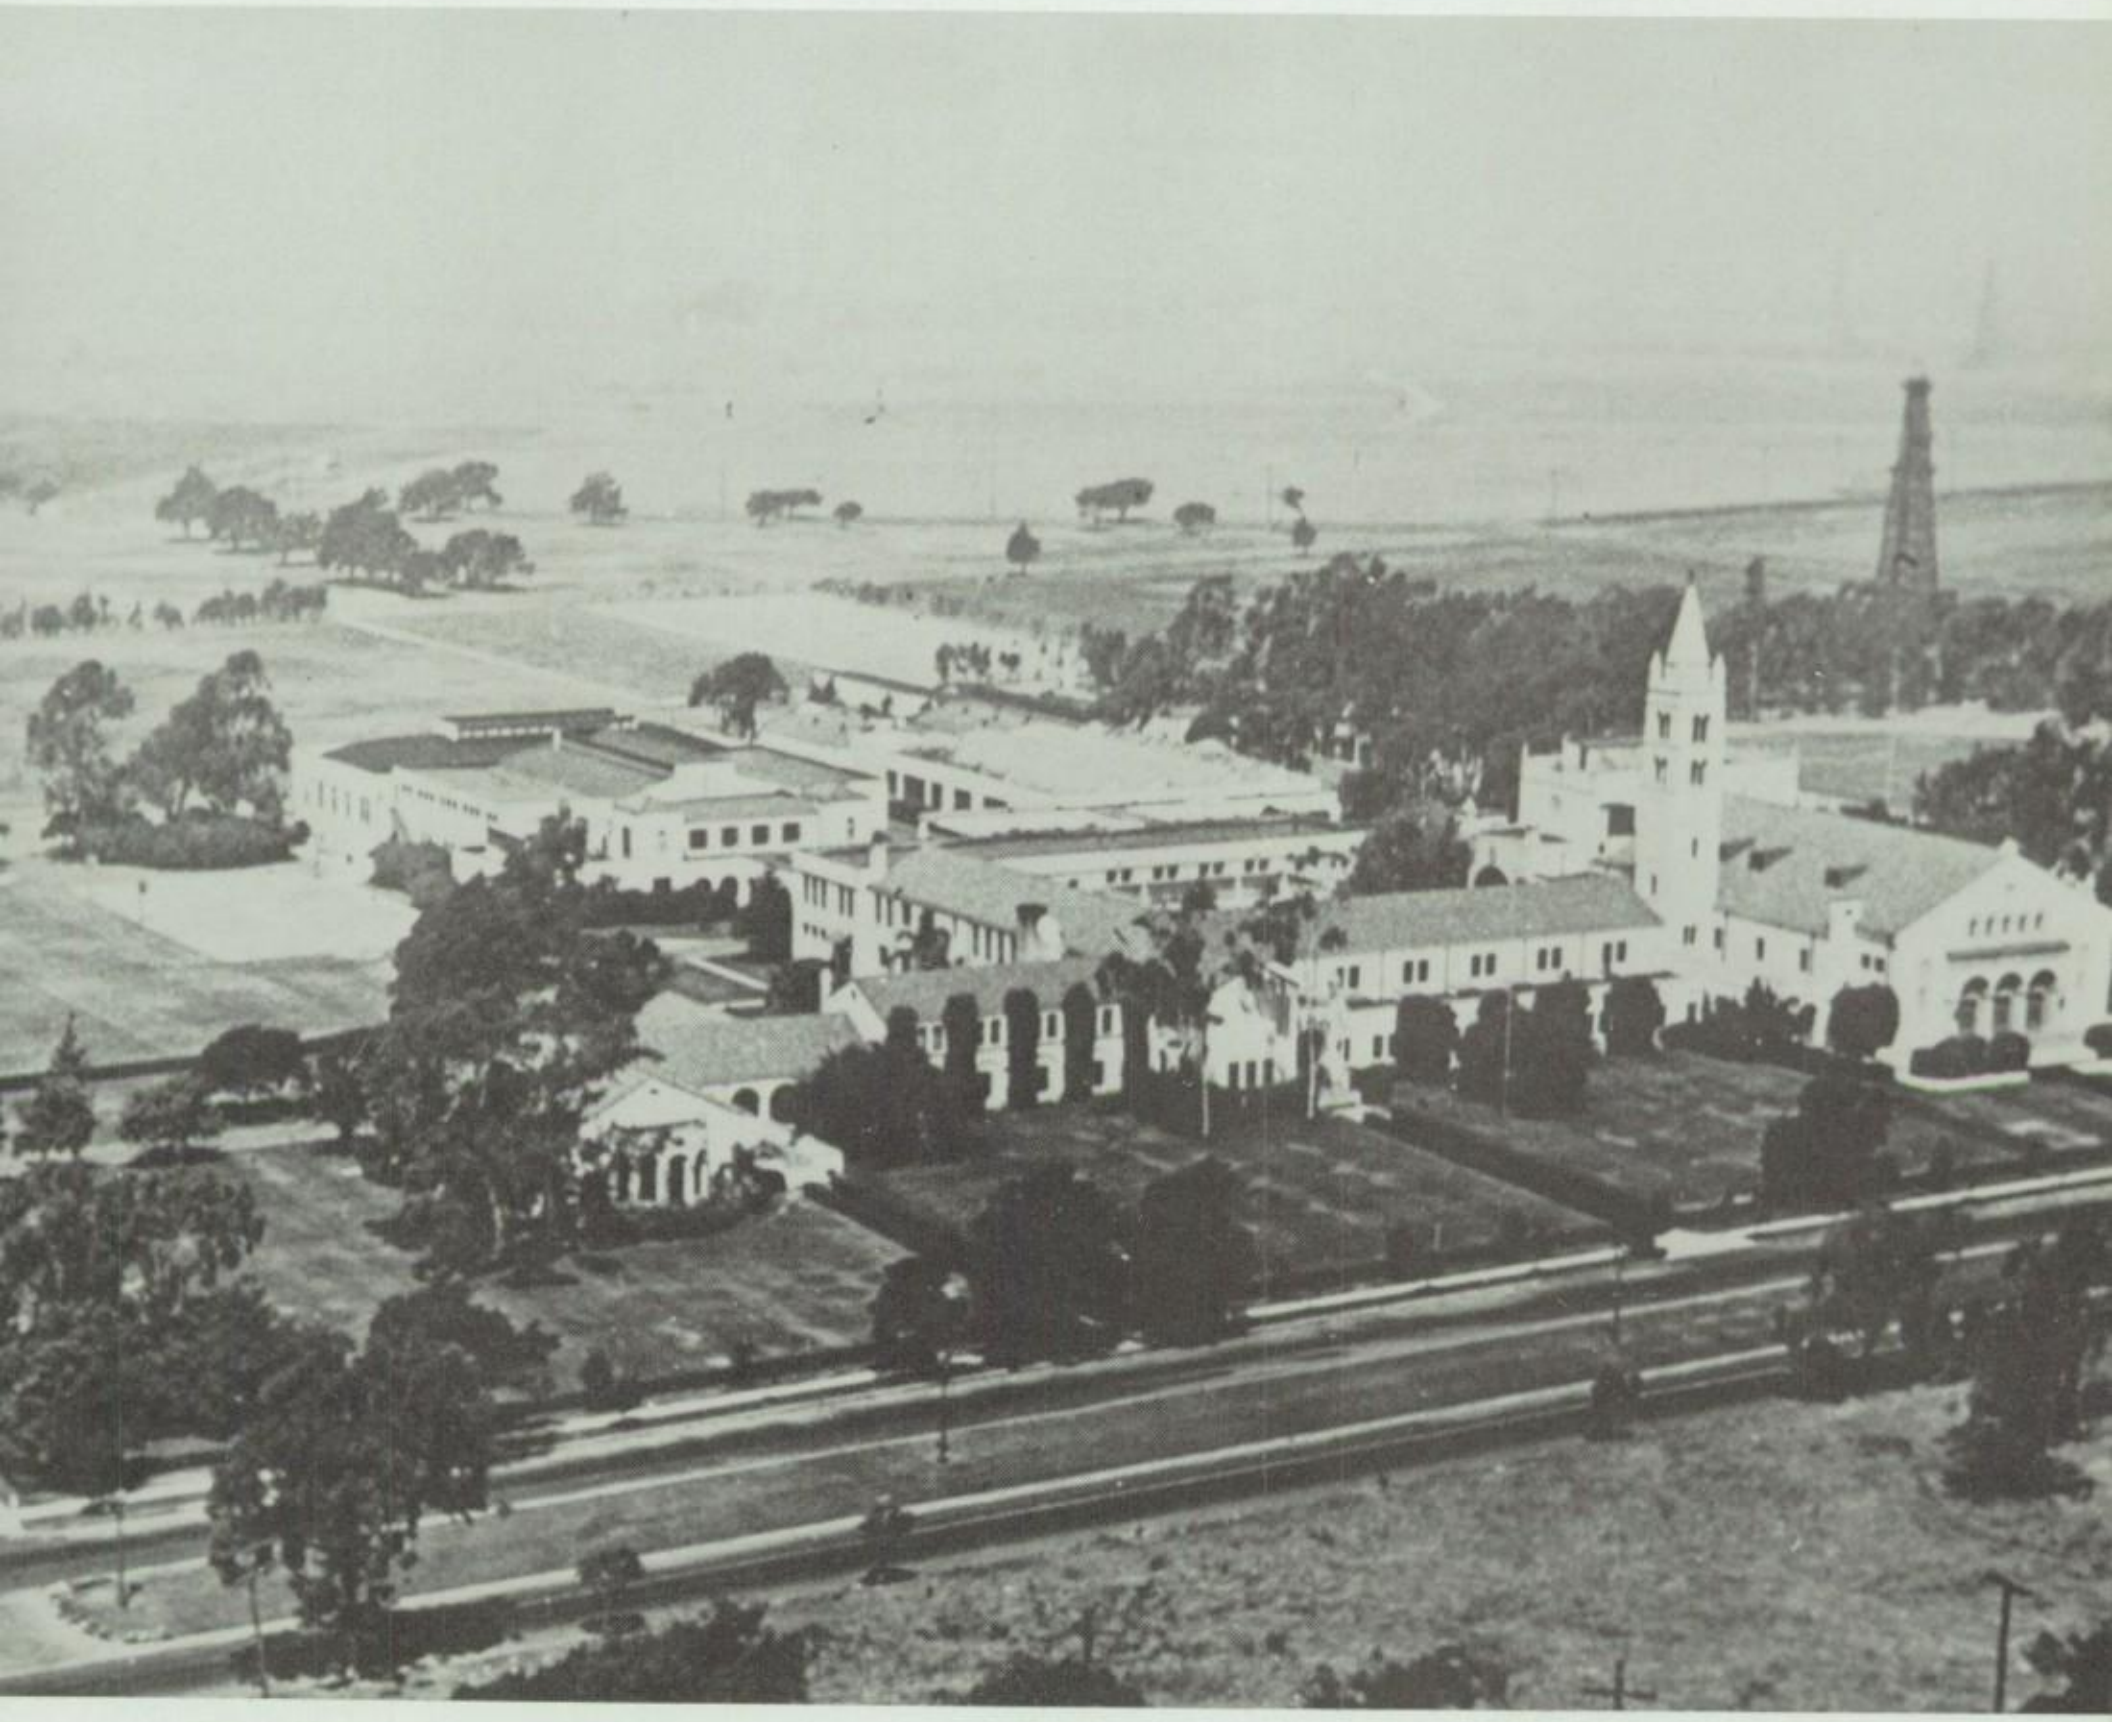
ing production. Oil pumping facilities were confined and grouped into "islands" as the residential community grew during the early sixties. As increasing numbers of families settled in Huntington Beach, the population leaped from 12,000 to 160,000 in the sixties and seventies. The city was identified as one of the fastest growing in the nation.

The history of Huntington Beach High School begins in 1903 when the school comprised eight elementary school districts. It was called the "school on wheels" because it moved so frequently but was officially known as Huntington Beach Union High School. In 1906 the school settled in the Methodist Camp Ground Auditorium but was to move to its permanent location in 1908.

The first graduation class of 1906 comprised only four students — Estell Preston, Morris Cain, Willis Warner, and William Johnston. Twelve other students comprised the underclassmen with Mr. Edward Solomon as their principal.

The athletic record of the school is

. . . and the school . . .



quite impressive when considering the size. Seven boys won the Orange County basketball championship against larger schools. State Championships were obtained in 1910, '11 and '12, and the school's track team took second place at a national meet in 1922. The school hosted the popular Southern Counties Basketball and Track Competitions. The school's football and baseball teams also enjoyed success.

In 1913 school officials announced, "It is the desire of the school authorities to make the school fit the needs of the pupils who will come." They kept their word as the school developed an outstanding industrial arts program and offered a driver education program which was to become a model for other high schools. The aeronautics, home economics, and music buildings were considered the best in the state of

Top left: This picture of Huntington Beach Union High School was taken in 1908. Bottom left: The Methodist Camp Ground Auditorium's basement served as a classroom before school buildings were constructed. Top center: Huntington Beach H.S. can be seen amidst the oil wells. California.

When the prominent tower at Huntington Beach High School was built, it served as guide for sailors coming into Long Beach harbor. Today it adds beauty and character to our campus, while telling time through electronic "chimes" and a clock. Having servived an eathquake,the tower continues to stand proudly on our school. Huntington Beach High School boasts a most attractive campus with the aid of the tower.

The school also rivals others in its educational departments. It sponsors numerous extracurricular activities. The athletic teams are true to their school motto and "fight with pride."

Huntington Beach, like HBHS, has grown significantly since the year the city was incorporated. The past, however, is still retained. The Warner Avenue Baptist Church is one of the oldest in Orange County. The Newland House is a museum which was once a home. The Fourth of July

Looking forward to. . .

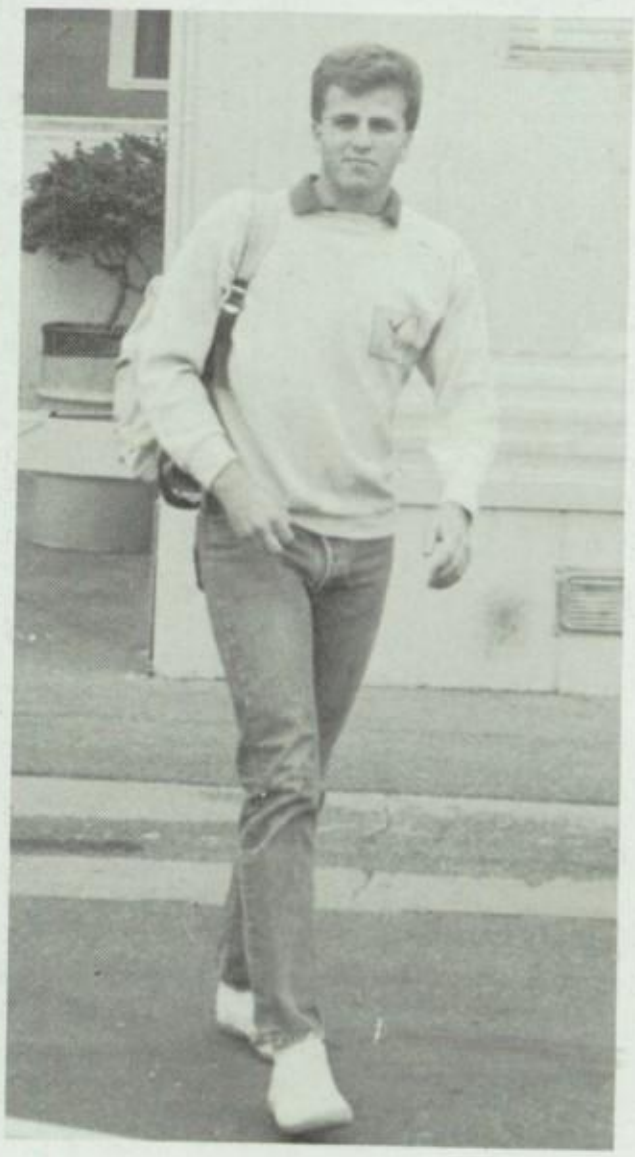
arade on Main Street and the Pa-
de of Lights in Huntington Harbor
e traditional events that attract
ousands of spectators.

Huntington Beach is undoubtedly
attractive city in which to live. It
as originally founded for the pur-
ose of developing a resort town, but
e residential community is now
ome to 173,000 people. Huntington
each has much to look forward to
a city that is still growing.

Bottom left: The oceanfront was a busy place during most hours. Top right: The Newland House, located on Beach and Adams was a home for the Newlands during their pioneering days. (This page) Top: This shot shows the expansion of the city since its earliest days. Bottom left: Oil wells crowded PCH even in the 50's. Above: City Hall was later to move from this spot to its present location.

The diamond, like our memory, has many facets that reflect and refract our thoughts. As the school year comes to a close, the many memories are like these many facets. The thoughts and images that run through our minds have been cut and changed so they can shine their brightest. This natural occurance shapes our thoughts and memories so the good ones remain. However, some flaws still remain and the sharpness of harsh thoughts hurts deeply. Together they form the hardest stone-like character, flaunted by a bright and polished personality.

have taken form through pressure



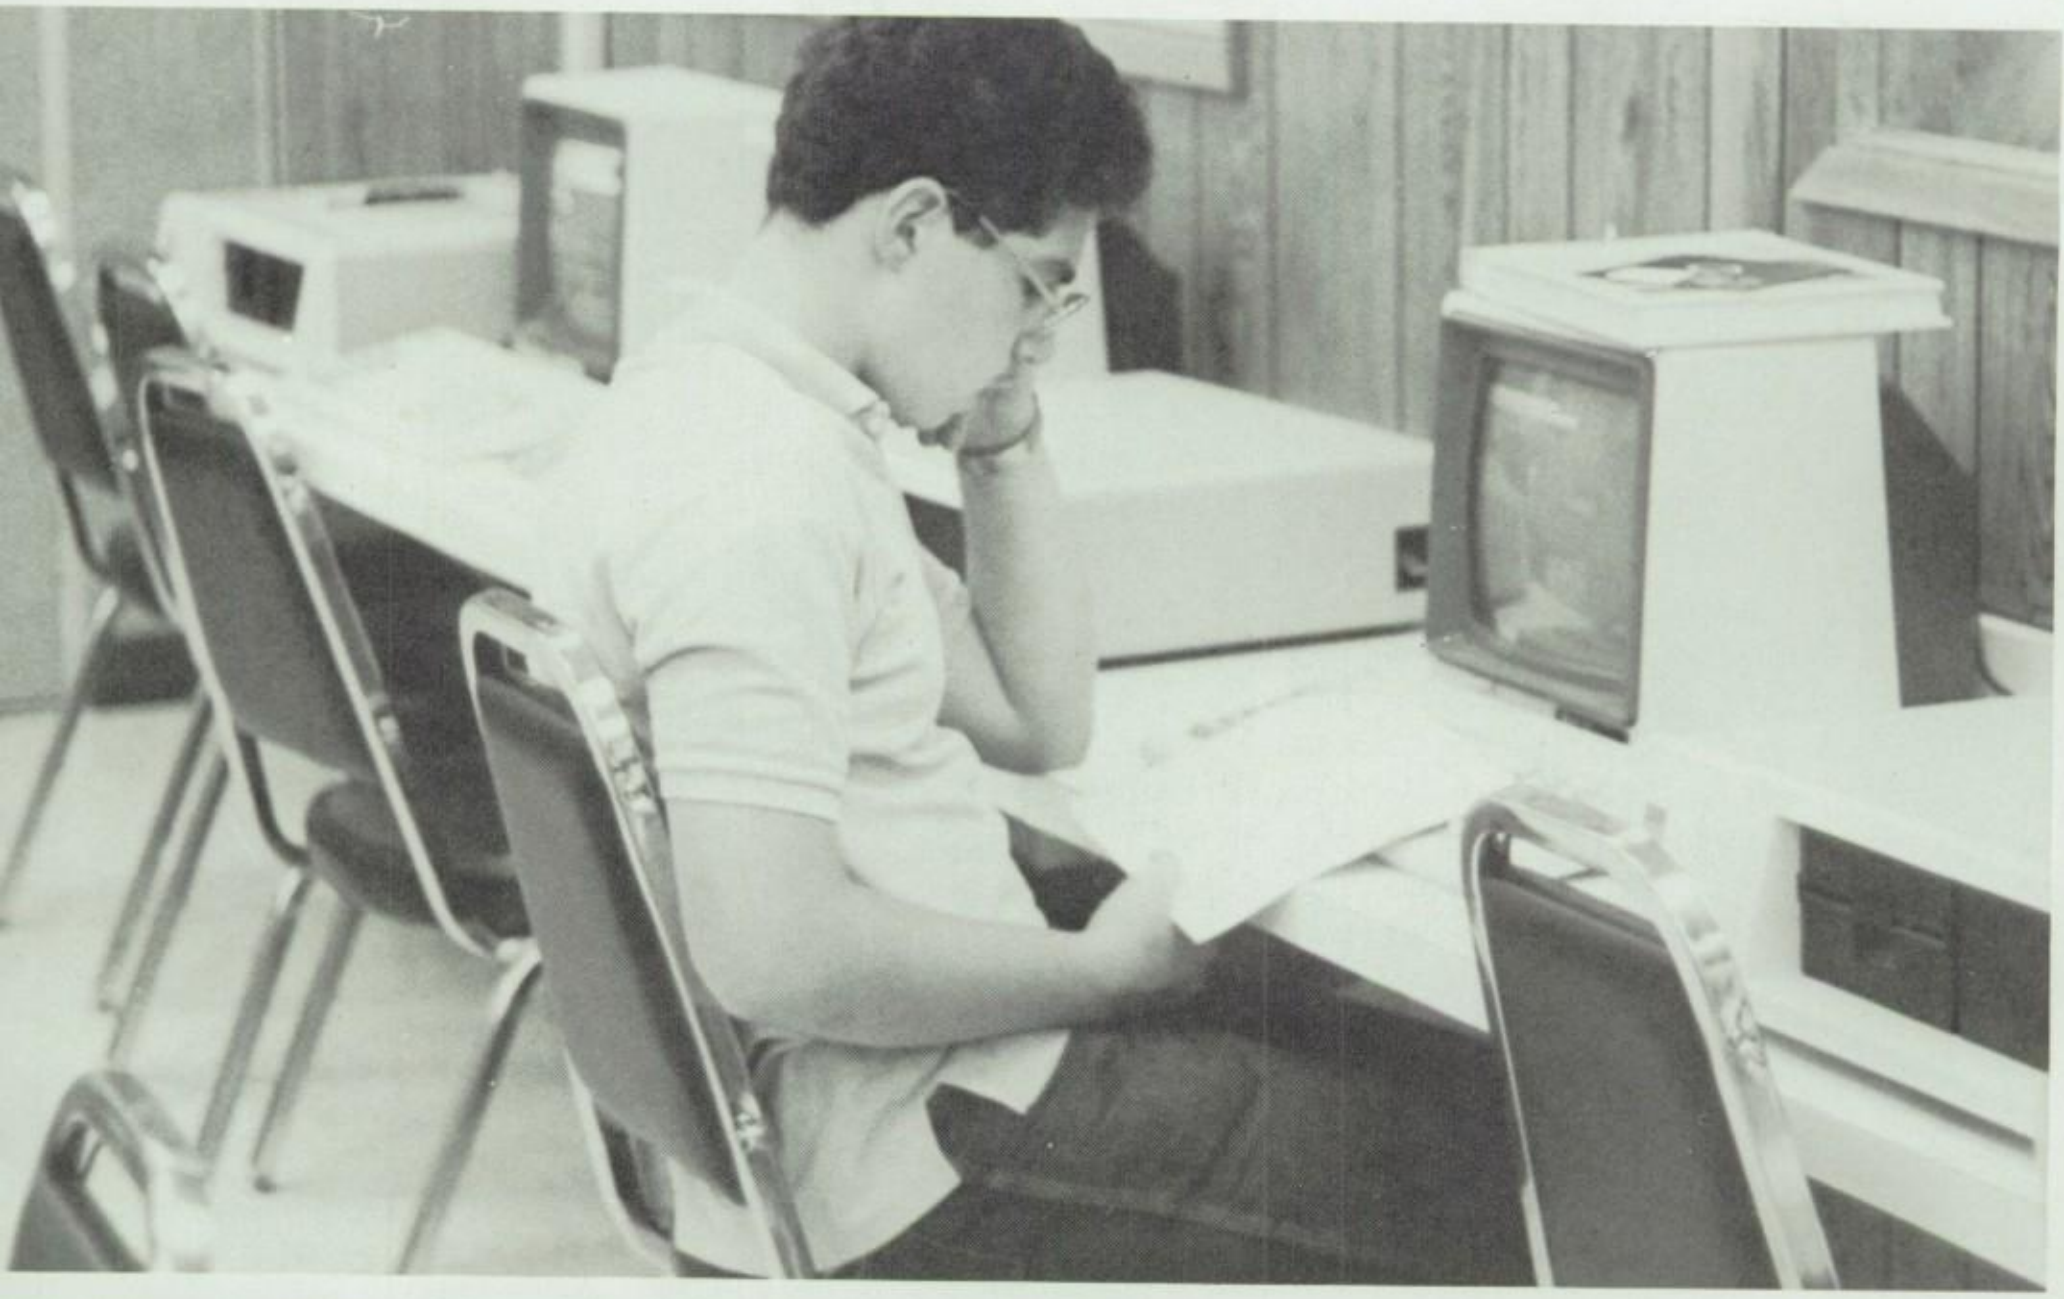
posite page: *(left) Christy Vold daydreams a home football game. (middle) Randy ch and Franco Pagnanelli envy their team-es as they wait impatianetly for their football ries to heal.* **This Page:** *(Top) Kyle Davis Lis Subia suggest romantic emotions used by the idealization of life and that ch appeals to their imaginations. (Top ht) Band members intently watch a lunch-e assembly while waiting to play the Alma er. (Right) After school, Jeff Phillips Races to his yellow Volkswagon square-back ing to escape the crowds of the parking lot. ove) During lunch, the breakdancers have a audience*

Then

carved like a diamond by skilled craftsmen

After four long years, the students have been pressed on farther than perhaps at any other time during their life. The students, like the diamond, have been shaped and hardened by pressure. The pressure by other students, teachers, and parents helped shape the students' personalities. Sometimes, cracked by the pressure, students become flawed. Numerous confrontations and probelms occur. From the highlights to the burnt-out nights, they successfully surpass these problems and overcome differences. At last, a student's character, formed in time, has been cut and cracked, and the reflection of high school memories is refracted with changes and choices turning the gleam to a brighter finish.

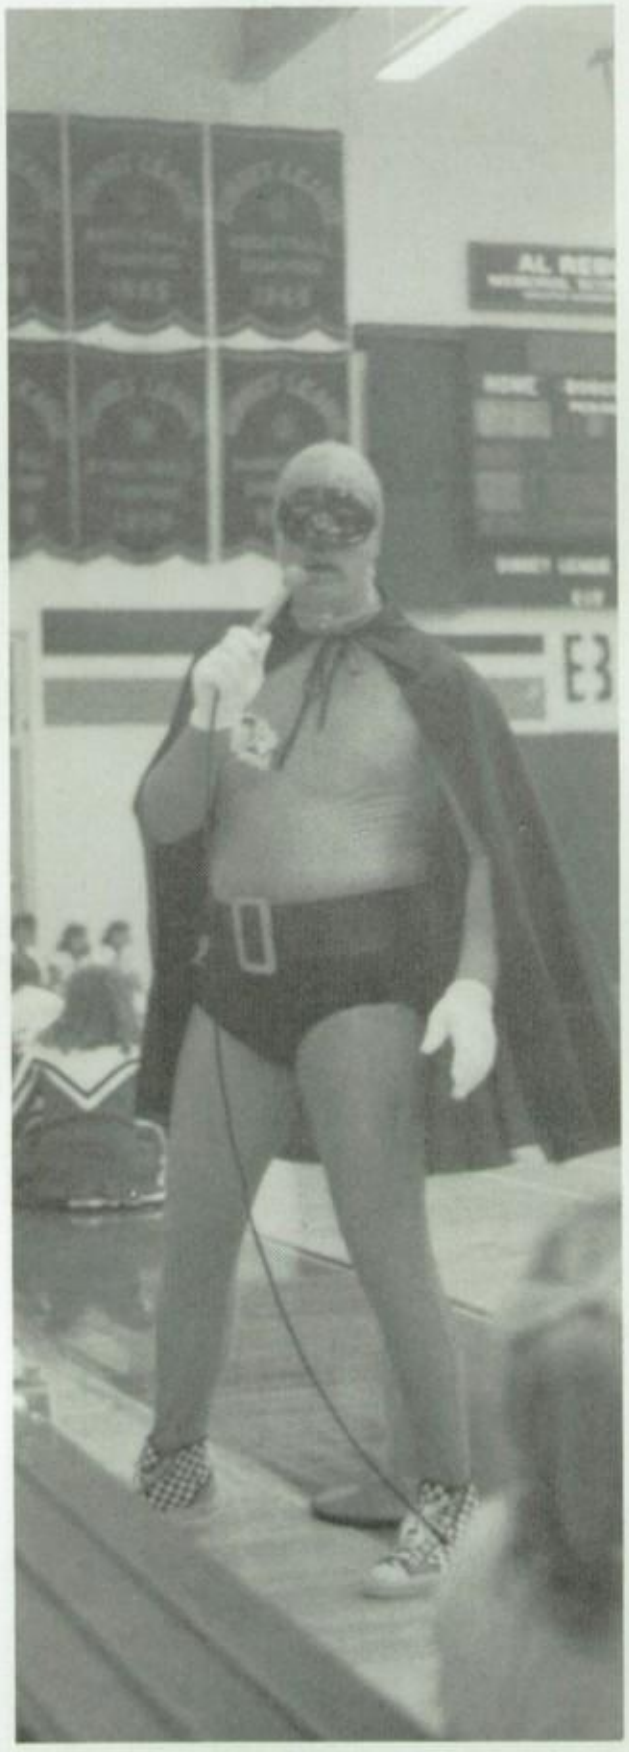
This page: *(center) With his XATNEP camera, Eddie Ness completes his Photo 1 assignment in a rearview mirror. (right) After a long day of teaching biology, Mrs. Kittrel skips over a speedbump on her way to the staff parking lot. (bottom) Collin Davis looks out while backing, nearly missing 2 girls on a scooter who are driveng the wrong way.* **Opposite page:** *(top) Yair Zadik sits puzzled over how to do COBOL on an IBM PC. (center) Ed Eberhardt, Stacia Hadley, Kurt Luttecke, Jenny Clark and Kyle Merck study the script for Hound of the Baskervilles while Dan Nordeen takes time out to sneeze. (lower left) Warren Toy packs up the cans collected in trade for detentions in the food drive. (right corner) David Tettreault, Damon Kunkle and Chris Wakula are caught on the other side of the camera as they return from taping footage for Campus Update. (lower center) Huntington Street's surfer statue skinny-dips the night-time waves.*



A face, like a diamond, can be sparkling, brilliant, or colorful. A face can be pointed, flat or hard. Sometimes it can reflect your own thoùrhgts or smile. Often it may be just a surface, but it can be a window to something more. As the school year ends, each person's face at HBHS expresses a different thought about the closing of the school year.

The seniors have nervous twitches and butterflies as they ponder next year. A new school? A full-time job? Living on their own? Graduation is such a big step! So many opportunities await.

Some faces belong to the swollen heads of great accomplishments. Whether you won a Tower Award, were recognized as an outstanding athlete, received a scholarship, or just earned passing grades, everyone has a lot to be proud of.



Ideas, personalities, and friends . . .

(Clockwise from above) Angel and Wendy stand underneath the arches. They're standing close together, but their thoughts are worlds apart. An unidentifiable student waits patiently at the attendance office. Dressed in Oiler colored cape and tights, Captain Cleanup emcees a pep assembly. Melissa Le Boeuf blows the ultimate bubble.

All cut and polished to brilliant gems.

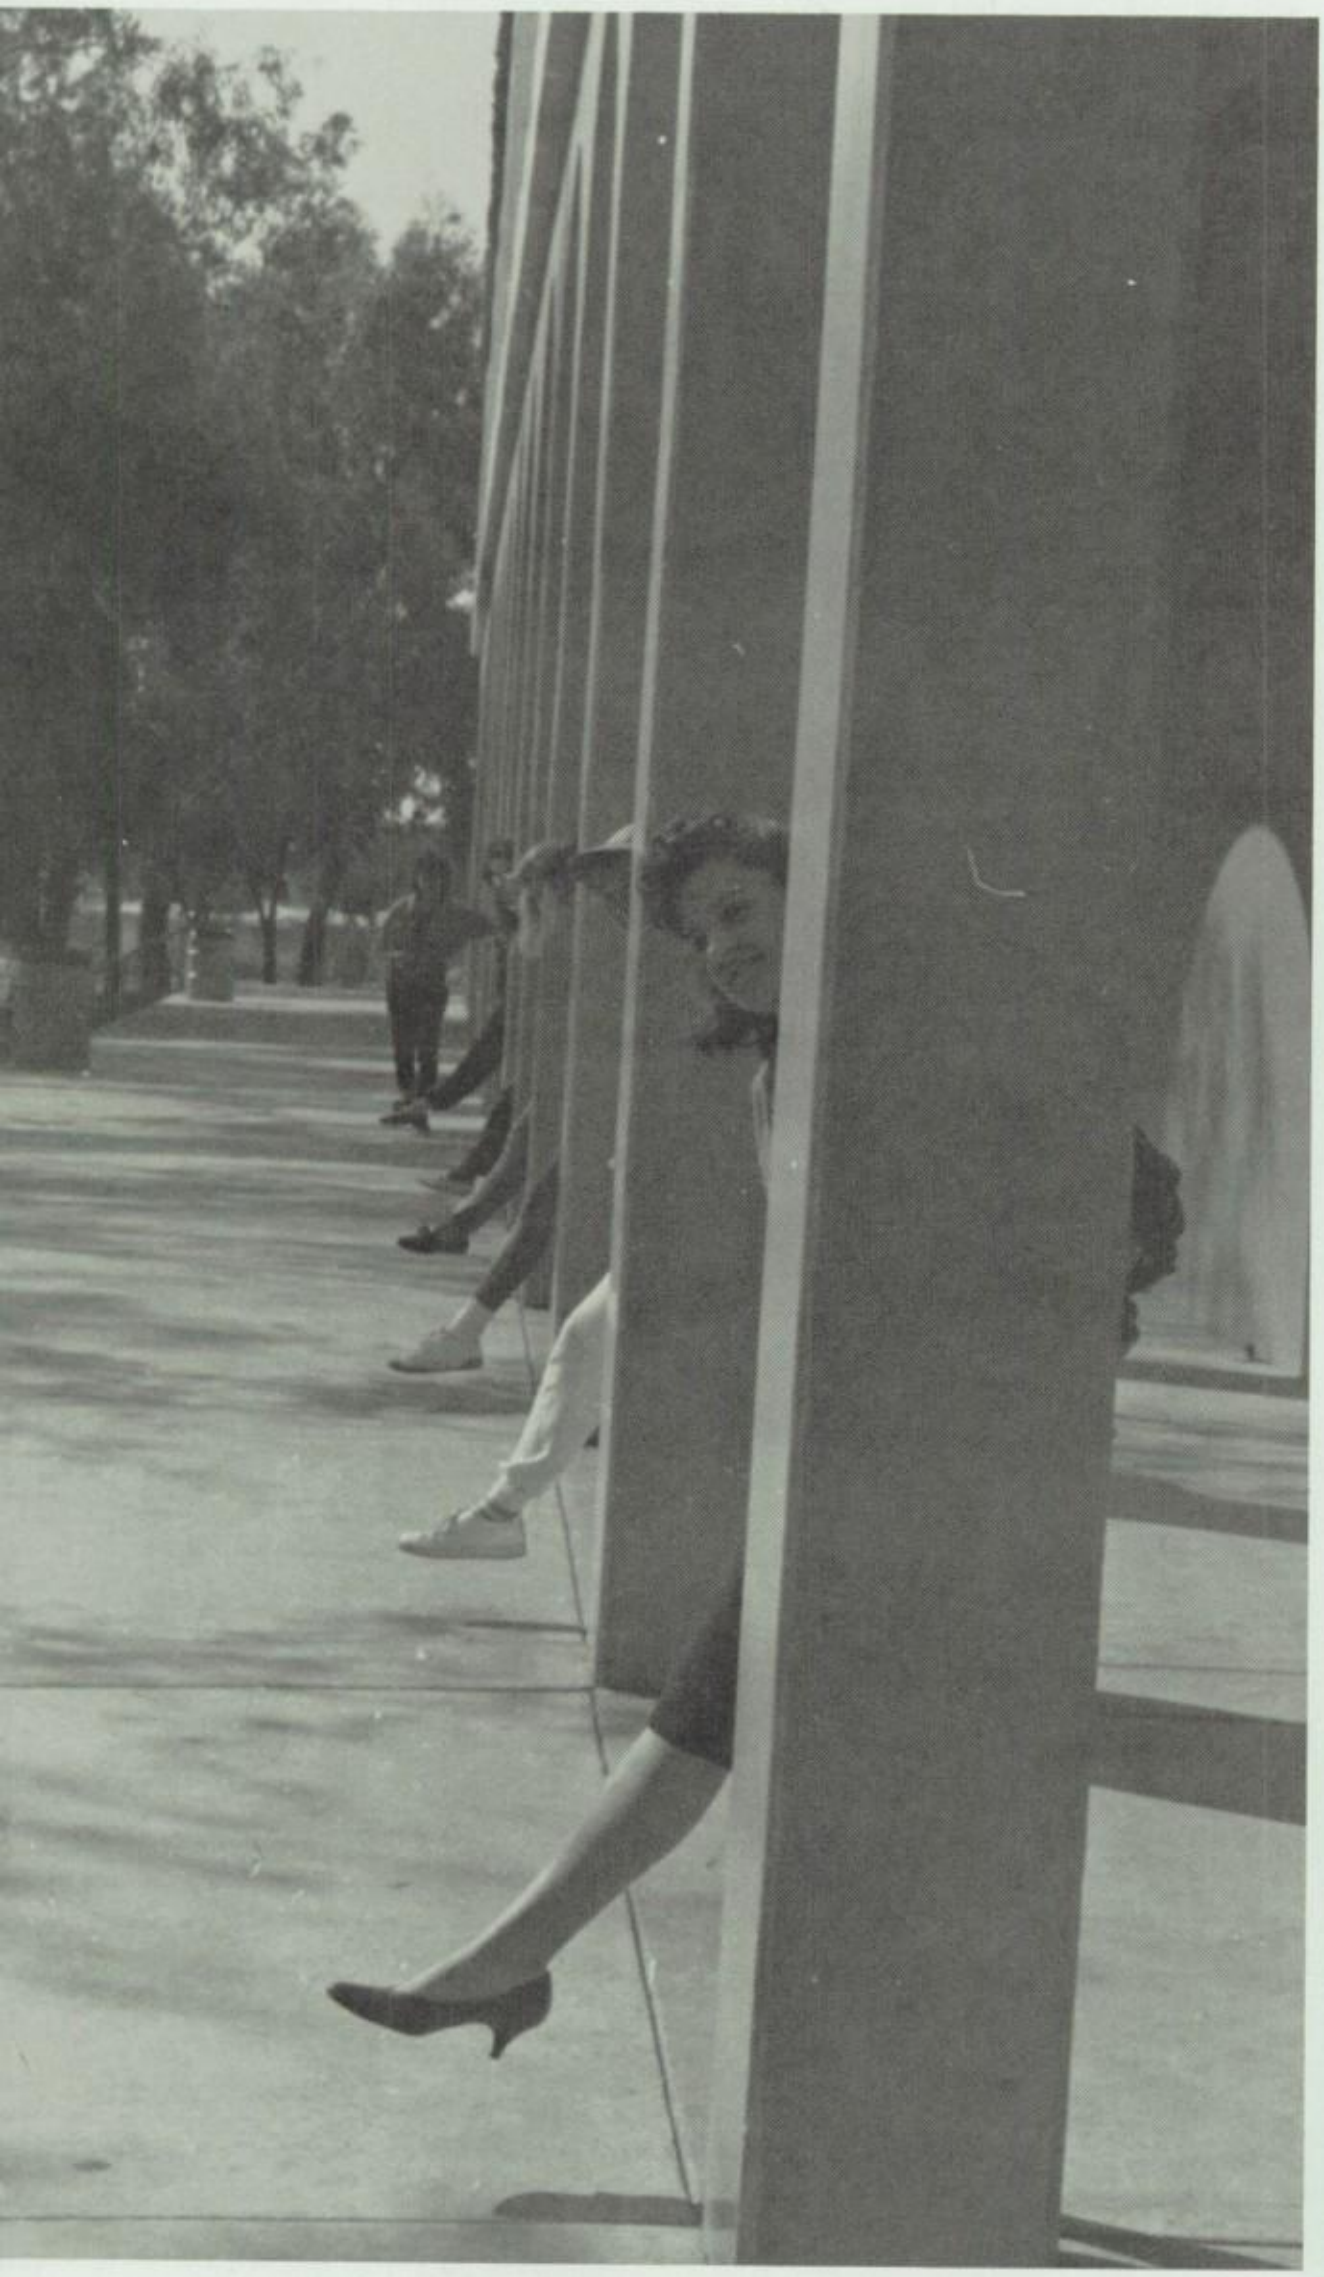
By the night the diamond casts . . .

Other faces have teary eyes as friends think about missing each other. Everyone will go their separate ways. You may never meet again, but you will remember all the good times you shared together.

Many faces show a confused expression of different feelings mixed together. Thoughts keep changing and you don't know what to feel. One day you wonder, "How did I get to be this old?" The next day you feel like a little baby, not knowing what to do.

Even with all these different expressions, everyone has one thing in common; an ear to ear grin from thinking about the freedom of summertime. Just imagining the sunshine and crashing waves, no homework, vacations . . . How can anyone keep from smiling?

We are guided into a future-past



Opposite Page: *(Far Top) These students swap friendly words until the next time they meet. (Far Center) Stacia Hadley and Jenny Grant express a bond of friendship. (Far Bottom) Brian Crandall and Tracy Jugo may be the cutest couple on campus. (Below) Shane Frazier, Sharon Moorehead, and Trac Voo do their homework in the school library. (Far Lower Left) Matt Wilfert is subdued by Daiper Dan for his not conforming to the dress code. (Center Left) Schedule changes are fun, considering you get to wait in long lines!! (Circle) HBHS Tower on March 17th 1985.*

I would like to thank the Huntington Beach Drill Team for their encouragement and faithfulness towards me. My enjoyable experiences at Miss Drill Team U.S.A. Hawaii, and Disneyland will always remain with me. The bus and airplane rides with the signing and yelling are also very memorable . . . especially to my ears! All of the Seniors were very friendly and I hope that their futures will be prosperous. Thank you to Wendy Utu for befriending me. Jayne Banaag for her faithful words of "Take my picture". Rebecca McCully and Tracy Jago for somehow appearing in almost every picture I took. Melissa and Crystal for the lunchtime entertainment and last of all Ms. Patty Morita who gave me my chance to be Drill Team photographer. Eddie and Alex must be forgotten because we used up at least 300 rolls of film together. And the other people on Drill Team that I haven't mentioned, please don't worry, I still remember you. Your 1984-85 D.T. staff photographer

Faithfully yours,
Andrew M. Cho

To Shans Brenda and Paulette Thanks for the lunchtime laughs KIT Pam M. Laurie, always remember the Donut Men, you're a true friend, Pam M. To everyone I've known at H.B.H.S., thanks for the memories, KIT, Pam M. Flirt, you will always be my best. Keep our friendship strong, Scammer.

Beautiful one and Care Bear! We made it guys! you're such terrific friends, I love you both! We had great times together, do you remember the Kool-aid and talking to God in the bathroom? Life would have been boring without you! Spaz-Our friendship is something that will never end. Through good and bad it has always been you and me, and it will stay that way! Love you forever, the Ugly One!!

Cheryl, this is the best way I could think of to let you know you're the best thing that ever happened to me!! Don't forget me because I know I'll never forget you. Love, John

To Whomever:
Its been a real estatic experience in my Junior year. To all of my close friends, "Thanxs", for being so cool about everything. Dudes lets go party after I get off work. We'll have a blast this summer in '85, so stay cool and we'll cause trouble. To all of my Senior buds, Theartre bums, and romantic encounters-have a blast and the best of lives. Stay the way you are and don't change for anyone!
I will ***miss*** *ya!!!*
To us Juniors, we have only one more year. That means only one rad summer left. I ain't gonna waste it so those who got my phone number, give me a ring and we'll go dancin'.

Kyle Davis Class of '86

To Lis,
You're the greatest. You're the most bizarre and demented individual I met this year. I am glad for that. Lets stay together for a long time, as friends or even better, b-friend and g-friend. Well kid, I am crazy about ya. I love ya dreadfully.

Lotsa, Lotsa, Lotsa Love-
Kyle

To all my cool party buds! You all mean alot to me & I wouldn't change a thing about any of U! Everyone of U have a special unique quality about yourself. To LISA R. the one that corrupted us all!I will never forget those Friday nites & what all we did last summer, let's do it all over again this summer & then some!To JANOG. thanks for your help on my downhill situation!No matter how much we've argued U R one of my closest best friends.Ouen G. Y-R a rad party bud!I'll never forget all the gumpy times we've had @ your house!& your trippy light show we all jelled on!INGE G sure hope all your dreams come true! Thanx 4 all your help in my confussing state of mind!U R a grade A friend! TO BRIAN L. The Table Knob! Good luck @ HBHS!U R real sweet! TO STEVE H. It was real RAD having U in grip & learning about U!U are a real 1 of a kind! To KATHY A. Congratulations!I'll never forget U,good luck in the life ahead! TO BEC C.I LUV U like a sister & always will till the eve shadows! TO ALL- the best of luck!!LOVE SHELI Y.

Special thanx 2 all the special people who made my soph yr@ HBHS enjoyable& memorable:2 the gang N friends:I'm proud 2 B a part of such a dedicated group!People R going 2 listen 2 us whether they want or not!2Michelle I Luv U KIT,Pal.2 Traseyn the world!Suzi,what can I say, vp,U supported my zany ideas & came up with some on your own! 2SK,TD,&HD4 putting up with my temper when I flew off the handle, which was often.Kelly,I8m so proud of your determination &effort,things will click.Anne R,my legs R still sore but I had fun!Steve Y, what a pal! I promise 2 B good & keepmy hands off. Melinda,I hope the summer will purify your brain,remember 2 watch guys with open flies!Staci or should I say SPACI?U R crazy,thats y I LUV U Mike P,sorry the speech T,got a bit out of hand,HaHa I wish all of U LUCK People like U need LUCK!This yr has been so fun!and 2 that crazed Ita

lian,Mrs.R,watch out 4 effervescu!The people @ HBHS R GREAT I LUV U ALL!!! TAWNIE HUTCHINSON 962-1851.

Sgt. Daniel S. Erber-U R a terrific guy-I'm glad we had a chance 2 B-come so

close-I hope we alwaze stay this way(at least)!I8ll miss U when U R N the marines-I'll B thinking of U though-alot!Please don't 4-get about me Dan wont 4-get U! Thanks all those un4getable evenins-Rem. op mrkt.grdn.I luv U Kath! Aim-there's so much 2say!U have been the BEST friend N the world

HAIL, HUNTINGTON

Hail, hail to Hunt-tington, Thy pil-lars no - ble and strong, Like
spires that rise to vault - ed skies, We raise our lo - yal song.
Ne'er can thy spi-rit die, Nor ev-er can thy walls de-cay So give a
hail, hail to Hunt-ing - ton, Thy glo-ry shall not fade a - way.

CONSTITUTION OF THE ASSOCIATED STUDENT BODY
GOVERNMENT OF HUNTINGTON BEACH HIGH SCHOOL

PREAMBLE

We, the members of the associated student body of Huntington Beach High School, in order to foster a spirit of cooperation among students and teachers, maintain high standards of personal conduct, promote and encourage activities for the best interests of the school and develop good citizens through experience in government, do hereby establish this constitution of the Associated Student Body Government of Huntington Beach High School.

ARTICLE I

NAME, MEMBERSHIP, ORGANIZATIONS, IDENTITIES

SECTION I — NAME

The official name of this organization shall be the Associated Student Body Government of Huntington Beach High School.

SECTION II — MEMBERSHIP

A. All duly registered students of Huntington Beach High School shall hold membership in this organization.

SECTION III — SLOGANS AND MOTTOS

A. The official school motto is "Stand like a firm tower that never shakes its top for the blowing of the wind."
B. The official athletic slogan is "Fight with Pride."

SECTION IV — NICKNAME, COLORS, AND MASCOT

A. The official nickname of Huntington Beach High School shall be the "Oilers."
B. The official colors of Huntington Beach High School shall be orange and black.
C. The official mascot of Huntington Beach High School shall be Bardahl.

EKIM

Im glad I know you
We had a Boring Rad time
in Rieds Algebra Class!!
Hope You Had a GREAT YEAR.
Have fun next Year! Have
fun in the Sun. K.i.t.

Friends

Chrissy

Mikey~
Can you believe it, one more year behind us and still dozens in front of us! You are such a cutie!
Take care of yourself!

840-6712

P.S. When are we going up to the Butcher Shop?! Ha Ha ;)

♡ Leslie Babbitt

840-6712

*

Oh, Mikey, I don't know what's up with Ulrich, but you should've seen the look on his face when you walked in. I would've given anything to have been a fly on the wall.

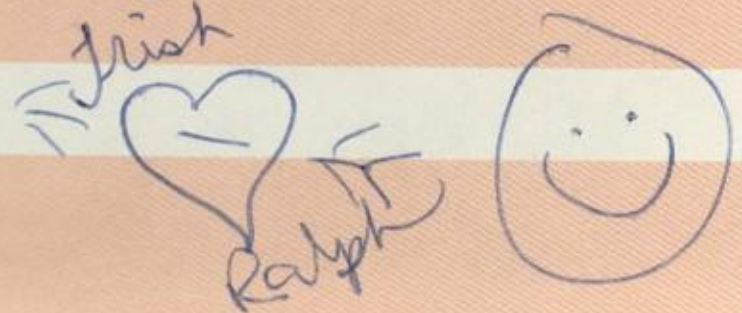
Mike,

Hey there how've you been? I'm glad to know you. Thank you for not totally nagging at me about owing you money. I'll give it back next year sometime. Hey, have more Lake St. Parties! You're a real good friend and a sweetheart. Take it easy.

Love ya,

Trisha Runnalls

P.S. Good Luck next year and for many years to come.



6211 #4th St.

P.S.S Here For You since You'll be Pissed A.D.

JOSTENS
